Outlook for Wheat is Very Poor

PORTLAND, Ore., May 9.—There was a better feeling in the Chicago wheat trade during the early session for wheat and prices were higher, due to the expectations of a government report showing a serious decrease in American crop prospects. There was also a firmer trend in the wheat trade abroad. Broomhall called that Liverpool wheat opened firm with the cargo market about 6d dearer with firmness of Manitoba offers. Weekly shipments from North America—Wheat 10,040,000 bushels; corn 775,000 bushels; oats 2,416,000 bushels to the United Kingdom. Russian weather is milder at the port of Archangel and the river is free of ice and navigation is open. Argentine weather is fine for planting and the movement of grain. Locally the situation remains extremely quiet in the wheat trade, with little buying reported in the country, although both oats and barley continue firm in the country. Flour—Selling price: Patent, \$5.20; Willamette valley, \$4.90; local straight, \$4.60; bakers' local, \$4.50; Montana spring wheat, \$6.10; exports, \$4.60; whole wheat, \$6.65; Graham, \$5.40; rye flour, \$5.95 per barrel. Hay—Buying price: Willamette valley timothy fancy, \$20; eastern Oregon-Idaho fancy timothy, \$21; alfalfa, \$21; vetch and oats, \$18; clover, \$16. Grain sacks—1916 nominal No. 1

Prices in Chicago Market Take Rise

Calcutta, \$13 1-2@13 5-8c in carlots; less amounts are higher. Millstuffs—Selling price, carload lots, bran \$23; shorts, \$25.50. Rolled oats—\$6.50@6.75 per barrel. Rolled barley—\$21.50@22.50 per ton. Government Report Surprise. The report of the government issued during the day, was somewhat of a surprise, indicating a condition of \$2.4 per cent for winter wheat with an abandoned acreage of 4,235,000 acres. The winter wheat crop is estimated at 499,000,000 bushels, which would give a total wheat crop of approximately 900,000,000, or a greater amount than expected recently. Last year the winter wheat crop was placed around 658,866,000 bushels and the total crop at 1,052,029,000 bushels. CATTLE RECORD IS BROKEN AT \$9.15. PORTLAND, Ore., May 9.—Cattle market records were smashed at North Portland when the week's trade opened. A sale of a carload of yearling steers was made at \$9.15. The cattle were purchased by M. J. Gill of this city and consisted of 32 head of pulp-fed yearling steers from Burley, Idaho. The shipment was made by the Portland Feeder company, of which Frank Burke is the directing head. The company also brought in a number of other loads of pulp-fed stuff from Idaho. One load was sold at \$9 and two others went at \$8.90 to the Union Meat company. The carload of yearlings that brought 15c above any previous open market transaction in Portland averaged around 901 pounds, while the average price paid for the steers was \$82.35 each. "The transaction shows," says M. Burke, "that there is a really good market here all the time for quality stuff, and baby stuff especially is finding favor with the trade and pays best to the country feeder if properly taken care of." The general cattle market was considered steady to firm during the day. General cattle market range: Choice pulp fed steers... \$9.90@9.15 Choice grain fed steers... 8.75 Ordinary grain fed steers... 8.25 Choice hay fed steers... 8.50 Good steers... 7.50 Ordinary to common steers... 6.00 Choice cows... 7.50 Ordinary to common cows... 7.25 Choice heifers... 7.50 Ordinary heifers... 7.00 Choice bulls... 5.50 Good to fair bulls... 4.00 Ordinary to common bulls... 2.00 Best light calves... 8.00 Good calves... 7.00 Run of Sheep Disappointing. Contrary to expectations of the trade there was a very small run of sheep and lambs reported in the North Portland yards over Sunday. Total arrivals during the period were but 454 head, but this was a slight increase over the same period a week ago, when the showing was 300 head. General ideas of the trade, however, are that the run will show some increase during the present week. In the meantime the market stands in a very firm position, with not enough stuff coming to fill even immediate requirements of the trade. General shorn mutton and lamb range: Select spring lambs... \$10.00@10.25

Get the Habit of Drinking Hot Water Before Breakfast. Says we can't look or feel right with the system full of poisons. Millions of folks bathe internally now instead of loading their system with drugs. 'What's an inside bath?' you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts. There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisonous and toxins which are then absorbed into the blood, causing head ache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.
