MARRIED FOR LOVE AND NOT CLASS

ERNEST EDWARD PIGNONE MORRISTOWN, N. J., May 9.—"I married the man I wanted the most, that's all. It doesn't make much difference when a girl's in love, whether the man she marries is a hod-carrier or a college professor. If he's the right man, nothing else matters."

Mrs. Ernest Edward Pignone, frail and ethereal looking, smiled as she made this statement.

This was her explanation for secretly marrying Ernest Edward Pignone, a brick layer and "strong man" of Morristown's little Italy. Her father, the Rev. Dr. James H. Buckley, a world famous leader in the Methodist Episcopal church has given the cou-

MISS GRACE GILLIAM

Miss Grace Gilliam of Pilot Rock who is acknowledged to be the first on the list for the nomination for County Treasurer on the Republican ticket was called to Los Angeles last Saturday on account of the serious illness of her sister. It is not definitely known when Miss Gilliam will return, but she will try to get back before the primaries. In the meantime her friends and supporters are vigorously pushing her campaign for the nomination and there is every indication that she will be the choice of the majority of the Republican voters for this office.

Miss Gilliam makes a straight forward statement that she will conduct the office without a Deputy, thereby saving the County at least \$300 a year. She is also a very capable woman and eminently qualified to handle the affairs of this office, giving it her undivided personal attention. She is a life long resident of Umatilla County, a tax payer and has every interest of the County at heart. She can and will give far better consideration to the affairs of this important position than would or could any other person who is merely a temporary resident of the County and has no other interest in the office than the mere salary which it pays.

Nether of Miss Gilliam's opponents say they will conduct the office without a Deputy when it is well known fact that there is not sufficient work to require any assistance. Miss Gilliam is one of the good citizens of Umatilla County and is personally and financially interested in its development and progress. Her home is here and always has been and her people are the pioneers who so greatly assisted in the development of this County in the early days. As a native citizen she is entitled to secure the support of every patriotic, home-loving and consistent Republican of the County and her election will be an advance in home Government and the franchise of women. A vote for Miss Gilliam will be a step in the right direction.—Adv.

KRYPTOK GLASSES

Good taste demands Kryptok lenses.

They give all the convenience of Bifocals, yet add a touch of distinction because they cannot be detected from single vision lenses. Far and near visions are fused in one wonderfully clear crystal lens. They must be fitted right.
