 CHICAGO, May 10.—Action on the part of Northwestern University authorities to initiate inspection of the health of students was demanded by the student body, following the death of George Russell Brooks, 19 years old, at the Evanston hospital.

Fellow students of the young man say that the cause of his death was not pneumonia, but starvation, and say that for five months he lived on

one meal a day in his effort to get an education.

Brooke was the son of Mr. and Mrs. America Brooks, of Lanark, Ill.

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.—Adv.

Must Be Destroyed Before Catarrh Itself Can Be Cured. Wonderful Results from Breathing Medicated Air.

Medicine that acts on the blood alone will never cure catarrh. And neither will the sprays, douches, lotions, creams and other temporary reliefs that so many catarrh victims make a habit of using. To cure catarrh so it won't come back you must first drive from your body the millions of germs that are flourishing in the inner recesses of your nose and throat and are causing the disease.

There is a preparation used to do this called Hyomel (pronounced High-o-me). Hyomel is a germ killing vaporized air formed from the purest oil of Eucalyptus combined with other healing and antiseptic ingredients. You breathe Hyomel through the mouth and nose by means of a little hard rubber inhaler which drugists furnish with it. This medicated germicidal air penetrates into every fold and crevice of the mucous membrane of your nose and throat, kills the catarrh germs that lodge there, soothes, reduces and heals the swollen inflamed membrane, stops the discharge and opens up the clogged nose and air passages in a truly wonderful way. It gives blessed relief in five minutes from catarrhal distress of every kind and if you make a practice of breathing Hyomel for a few minutes each day for just a few weeks not only will all the symptoms of catarrh vanish but the disease itself will be a thing of the past. No one need try or buy Hyomel on pure fair. Tallman & Co. and many other leading druggists in Pendleton and vicinity sell it with the positive guarantee that it must cure catarrh or that the money paid for it will be refunded. Hyomel is very inexpensive and with this protecting guarantee behind your purchase there is absolutely no reason why any sufferer from Catarrh should not give it a fair trial.
