

Serves them right

There are a good many women who have found that high priced coffee can also be economical.

They have divided the cost of a pound by the number of cups it will make—this has proved its economy. Such coffee as Schilling's Best not only tastes better, but goes further. The price is not low, but a pound flavors more cups.

Part of the quality-economy of Schilling's Best is due to the vacuum-sealed tins in which you buy it. These tins permit us to grind the coffee evenly, and protect all its fresh-roasted flavor. They have made fine coffee economical. Schilling's Best is sold only through grocers. It is always packed ground.

Recent examination of the coal deposits of Spitzbergen indicates that they contain more than 1,000,000,000 tons of fuel of remarkable purity.

A Hint to Mother's of Growing Children

A MILD LAXATIVE AT REGULAR INTERVALS WILL PREVENT CONSTIPATION.

A vital point upon which all schools of medicine seem to agree is that normal regularity of the bowels is an essential to good health. The importance of this is impressed particularly on mothers of growing children.

A very valuable remedy that should be kept in every home for use as occasion arises is Dr. Caldwell's Syrup Pepsin, a compound of simple laxative herbs that has been prescribed by Dr. W. B. Caldwell, of Monticello, Ill., for more than twenty-five years and which can now be obtained in any well stocked drug store for fifty cents a bottle.

In a recent letter to Dr. Caldwell, Mrs. H. C. Turner, 844 Main St., Buffalo, N. Y., says, "I bought a bottle of Dr. Caldwell's Syrup Pepsin for my baby, Roland Lee Turner, and find it works just like you said it would. It is fine for the stomach and bowels." A bottle of Dr. Caldwell's Syrup Pepsin should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

ROLAND LEE TURNER

ROAD TO HEALTH IS THROUGH THE KIDNEYS

Backaches, Lumbago, Rheumatic Twinges and Other Painful Symptoms the Result of Clogged or Improperly Working Kidneys.

No person alive is stronger than his kidneys. The minute the kidneys become disarranged or clogged with waste the warning is flashed throughout the entire system.

Hundreds of sufferers from pains in the back and sides, bladder and urinary disorders, lumbago, rheumatism, dizziness, puffy swellings under the eyes or in the feet and ankles, nervousness, tired or worn-out or head-achy feeling, don't seem to realize that the greater part of all sickness today can be avoided by keeping the kidneys working properly. If you suffer from any of the many agonies that accompany weak, clogged-up or diseased kidneys you should not neglect yourself another day and run the risk of serious complications. Secure a package of Solvax, the wonderful new kidney remedy which is very inexpensive yet acts quickly and surely on the seat of the trouble. You'll be sur-

prised how entirely different you'll feel in a short time. It doesn't matter how long you have suffered, how old you are, or what you have used. The very principle of Solvax is such that it is practically impossible to take it into the human system without some beneficial results. Solvax is pleasant to take, gives quick relief and has been so uniformly successful that Tallman & Co. and other leading dealers in this vicinity will in future sell it under a positive guarantee of relief or refund the money. No other kidney remedy we believe ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of Solvax.

There is no time like the present to do a thing that ought to be done. If anyone has kidney trouble today is the best time to begin curing it.

NOTED CALIFORNIAN IS COMING TO HELP PROHIBITION PARTY

STATE CONVENTION IS SCHEDULED FOR PORTLAND DURING NEXT WEEK.

PORTLAND, Ore., May 11.—In connection with the state convention of the prohibition party, which will be held in the Y. M. C. A. auditorium Friday, May 19, morning, afternoon and evening, the state committee have arranged for the services of Frank Willard Emerson of California, to assist in holding county conventions, and hold public meetings throughout the state.

Americans Again Warned to Leave Mexican Country

NEARLY 3000 BELIEVED STILL IN SECTIONS THREATENED BY BANDITS.

WASHINGTON, May 12.—The state department, through its consuls, again warned Americans to quit Mexico. Reports recently said there were fewer than 3000 Americans in Mexico, the number probably has been reduced since developments caused the massing of new troops on the border.

Not Thirty cents. Mrs. T.—How does my new spring hat look, Tom? Thomas.—Um! It looks to me like two weeks salary.

FROM THE PEOPLE

FRUIT ANSWERS QUESTIONS.

Pendleton, Ore., May 11. Editor East Oregonian: Mr. S. P. Hutchinson, among several others, seem perfectly willing to break into print and ask us questions, but neither he nor any of the rest, including Mr. Strain, himself, will answer the question which was asked Mr. Strain and which we again ask Mr. Strain.

Mr. Strain: Do you believe the statements you made at Pilot Rock or are you making them merely to catch the popular vote?

Now, we are perfectly willing to answer any questions which Mr. Hutchinson or anyone else asks us regarding the bond issue. In the first place, I haven't fourteen typewriters, but wish at times that I could get even four or five. Typewriters are a scarce article in Pendleton and any man who can secure fourteen for a couple of days now and then, would not have to eke out a miserable existence doing publicity work for the Good Roads Association.

We are paying as we go and receive our money by popular subscription. I, personally, receive a salary of \$50 a month and set it by hustling it up myself every payday. If the subscribers are short of funds, I go without my salary, and when I do get it, which doesn't happen very often, I have to give it to my stenographer, who I pay \$50 a month, so my services to the Good Roads Association are what you might call gratuitous. Mr. Judd is getting rich off the rent we are paying him for use of his store room, since we pay him nothing and have even borrowed the chairs from the Commercial Association and are using the old counters for tables.

If there is any citizen who thinks there is a lot of tainted money being smeared around in the management of this campaign for the bond issue I wish that he would come in and take my job, for I can't find any of it. As a matter of fact, we are needing money very badly now as the original subscription has been exhausted and if there is any citizen who feels that the bond issue is worth anything to him and will come forward with a slight donation, it will be greatly appreciated.

I believe this answers Mr. Hutchinson's questions. The subscription list is in my possession and will be shown Mr. Hutchinson or anyone else upon application. As to his wounds that will not heal, I know nothing about them and do not care to argue that question.

ACTIVE UMATILLA COUNTY GOOD ROADS ASSOCIATION. W. C. E. Pruitt, Secretary.

G. L. HORSMAN'S VIEW.

Weston, Ore., May 12, 1916. Editor East Oregonian:—If you will give me space in your paper I will give the voters and not only the voters but the taxpayers something to think about. The tax payer most of all, for there are so many people who vote but do not pay any tax, and there is where the poor tax payer gets the worst of it. Now in regard to those rich farmers, do you blame those men for fighting these bonds? How many of those men who are working to bond this county if they had some of those ranches would vote for the bonds? Not one, and haven't we always found it the case when it comes to vote bonds for any cause the ones who pay the least as a rule are the ones who make the most fuss for the bonds. Now I would like to ask some of or any one of those people where are they going to build those roads? In all of their talks not one of them has told the people just where those roads were going to be built. What have the people out in the south and southwest part of this county doing for roads and have been doing for roads

ever since it has been a county. You must remember there are other people living in the county besides the wheat raisers and the people in Pendleton and a few people in those little towns in the east and west ends of the county, but that is all you hear them speak of is the east end and the west end. How about the north and south end or north and south sides, or is just the east and west ends all there is to this county. Now I live 45 miles southwest of Pendleton for 25 or 30 years and I know what those people out in the south and southwest part of this county are up against. Look at the large land and stock ranchers out there who pay taxes, are they going to build the roads out in those places first? Oh, no, not on your life, that will be the last place they will build any roads, and when the road is built from the east end or from Pendleton to the east end and from Pendleton to the west end or till it connects with the Columbia highway our money will all be spent and the rest of the county will be just like it is now and those people out in the south and southwest part of the county will still be plodding to market in mud from one inch to two feet deep. Now I would like to have Mr. Pruitt or any of the good roads association to tell the tax payers how they know that \$980,000 will build our roads, and how many miles that amount of money will build when they do not know just what kind of a road they will build or have never told us what it will cost a mile to build it. I wonder if any of those men know how many miles of road there are in the county. Where people do actually need a hard surfaced road. Now, Mr. Tax Payer you had better think twice before you vote and be not deceived. And I would ask those especially who live back in the rural districts to watch and stop and think once more what have you ever got in the way of good roads and now remember and listen to all the arguments and it is just the east and west end, and I guess the good roads people have figured out or just guessed at it that this \$980,000 would build a hard surfaced road from the east end to the Columbia highway as that is all there is to this county, or there is no one living anywhere else in the county, or at least they do not speak of them. Remember the golden rule, do not try to vote a tax on your fellow man you would not like for him to vote on you. Respectfully. GEO. L. HORSMAN.

CONSIDERABLE SNOW FALLS AT MEACHAM DURING PAST WEEK

STORM FOLLOWED BY PLEASANT WEATHER WITHIN LAST FEW DAYS. (East Oregonian Special) MEACHAM, Ore., May 12.—Tuesday morning it snowed heavily to the depth of four inches and by evening it had cleared away but Wednesday morning snow was to be seen two inches of it. That afternoon it turned out pleasant weather. Many autos and moving wagons have traveled over the mountain lately. Eleven on Tuesday during the snow, two heavy trucks got over. The trucks belonged to the government surveying outfit bound for Hermiston. J. D. Casey went to La Grands Tuesday on business. London has 1500 churches. Dusty Maidens seek Mate. SAN FRANCISCO, May 12.—When the steamer Chehalis sailed into a cove at Hahaiti some time ago Tahitian maidens swam out and besought the sailors to desert their ship and live there. Most of the men of Tahiti have gone to the European war, and it has become an "Adamless Eden." Passengers arriving here on the steamer Moana brought the story.

THEN BREAthed HYOMEI FOR A FEW WEEKS AND CATARRH ALMOST GONE. Here is a letter that we sincerely ask everyone to read. If you suffer from catarrh of the head, nose or throat, read it over twice, then consider if you can afford to ignore a prescription with the healing virtue of Hyomei (pronounce it High-o-me). Mr. Thomas F. Wash, 2026 Murray Street, Philadelphia, Pa., writes. "I have been a sufferer from Catarrh for over twenty years. I doctored off and on for fifteen years, but still after all this doctoring and drugging I got no relief. "Finally my ailment became so severe that I was practically deaf in one ear and almost so in the other. "My wife saw your ad in the paper and paid one dollar for a Hyomei Outfit. I immediately began to use it according to directions, and the results were remarkable. I have used another bottle of Hyomei and I can truthfully say that it is the first relief I have experienced in twenty years. "This sounds like strong language. Nevertheless, it is the truth. "I feel there is nothing like Hyomei—a boon to the sufferer of a loathsome disease, Catarrh. I consider it a pleasure to recommend Hyomei to all who are sufferers from this disease." If you, dear reader, could spend an hour looking over a few of the many sincere letters of this character which the makers of Hyomei have on file, you would not go on suffering from catarrh, that disgusting disease that will surely sap your vitality and weaken your entire system if allowed to continue. You would have just as much faith in the wonderful virtue of Hyomei, as we have and not marvel that it is sold the country over under a positive guarantee to cure catarrh, colds, snuffles, croup, etc., or money back. No stomach dosing when you use Hyomei. Just pour a few drops into the inhaler, and breathe it in. It is mighty pleasant to use; it opens up those stuffed-up nostrils in two minutes, and makes your head feel as clear as a bell in a short time. Breathe Hyomei and kill the catarrh germs. It's the only way to get rid of this disagreeable and oftentimes disgusting disease. A complete Hyomei Outfit, which includes a bottle of Hyomei and the hard rubber pocket inhaler is inexpensive. Most any leading drugist or Tallman & Co. will supply you under a positive guarantee of successful results or money cheerfully refunded.
