Clear, Peachy Skin
Awaits Anyone Who
Drinks Hot Water
 Says an inside bath, before break-
 fast helps us look and feel
 clean, sweet, fresh.
 Sparkling and vivacious — merry,
 bright, alert—a good, clear skin and
 a natural, rosy, healthy complexion
 are assured only by pure blood. If
 only every man and woman could be
 induced to adopt the morning inside
 bath, what a gratifying change would
 take place. Instead of the thousands
 of sickly, anaemic-looking men, women
 and girls, with pasty or muddy
 complexions; instead of the multitudes
 of "nerve wrecks," "rundowns,"
 "brain fags" and pessimists we should
 see a virile, optimistic throng of rosy-
 checked people everywhere.
 An inside bath is had by drinking
 each morning, before breakfast, a
 glass of real hot water with a tea-
 spoonful of limestone phosphate in it
 to wash from the stomach, liver, kid-
 neys and ten yards of bowels the pre-
 vious day's indigestible waste, sour
 fermentations and poisons, thus
 cleansing, sweetening and freshening
 the entire alimentary canal before
 putting more food into the stomach.
 Those subject to sick headache, bil-
 iousness, nasty breath, rheumatism,
 colds, and particularly those who have
 a pallid, sallow complexion and who
 are constipated very often, are urged
 to obtain a quarter pound of lime-
 stone phosphate at the drug store
 which will cost but a trifle, but is suf-
 ficient to demonstrate the quick and
 remarkable change in both health and
 appearance, awaiting those who prac-
 tice internal sanitation. We must re-
 member that inside cleanliness is more
 important than outside, because the
 skin does not absorb impurities to
 contaminate the blood while the pores
 in the thirty feet of bowels do.

Lack of Vessels Hurts Shipping
Millers Unable to Bid More for Wheat
 PORTLAND, Ore., May 16.—Port-
 land's lack of ocean steamship facilities
 is working great injury to the port
 in the matter of grain business. While
 northern ports are doing a fair volume
 of oriental, South American and Euro-
 pean flour business, local millers are
 compelled to sit idle and simply do a
 home business.
 Naturally this is reflected in the
 price that the local trade is able to
 pay for wheat and other cereals but
 it is a condition beyond the aid of the
 trade itself.
 Small purchases of wheat continue
 in the interior by Pacific northwest
 millers with prices generally reported
 as steady. Locally the market has
 been inactive.
 Oats and barley markets continue
 firm with the former active in the
 country and the latter dull because of
 the lack of offerings.
 Chicago market was affected some-
 what by the rains in the middle west
 but the report of Hessian fly in Kan-
 sas has been a bullish factor.
 Broomhall cabled that Liverpool
 wheat was dull and steady, influenced
 by America, but foreign arrivals were
 liberal. Spot wheat unchanged with
 a better demand. Cargo market
 steady; Manitoba 3d clearer, winter
 unchanged; Platts and Australian
 steady held. Continental demand for
 wheat increasing, notwithstanding lib-
 eral export clearances and it is believ-

the market was dull at the start, the
 closing was steady on about the same
 quotations as ruled last week. Higher
 prices are quoted in some markets
 that had practically no supplies, there-
 fore they could name any price that
 suited their purpose.
 There was a very liberal run of live-
 stock in the North Portland yards over
 Sunday.
 As forecast in these reports, there
 was a big run of cattle from California
 a total of 23 loads being received from
 there for the week's opening trade.
 This stock consisted of grassers and
 was generally in fair condition.
 A number of loads of pulp stuff
 from Idaho put in appearance, several
 loads going at \$9 as the top while a
 number were sold at \$8.90.

 hogs in the North Portland yards over
 Sunday; totals being 4926 head com-
 pared with 3420 last Monday and 3261
 head this same day a year ago.
 Trading in the hog market started
 very slow during the morning with
 tops selling around \$9.05 although
 scarcely enough stuff was sold pre-
 viously to the noon hour to give a defi-
 nite quotation.
