## World Wheat Crop is Backward

### Wire Worms in This State Do Much Harm

PORTLAND, Ore., May 22.—That wire worms have done considerable damage to the wheat crop in the Condon section, is the advice that comes from Edward A. Beale, local weather official, who is traveling through the northwest on a tour of inspection of the weather offices.

According to Mr. Beale, the damage is attributed entirely to the wire worm and the crop prospects are less favorable than had been previously reported. From Heppner Junction to Heppner the crop is reported in favorable condition.

Special advices received by the Journal indicate general complaints among wheat growers regarding the unseasonable cold weather. For that reason fears re-expressed for the crops.

Similar advices are coming from almost every leading grain producing section in the world. Despite this damage news there was a very weak tone in the Chicago market at the start of the day's trading.

Broomhall cabled from Liverpool that the wheat market was steady, but dull. Offers are lighter and arrivals smaller than expected. Spot unchanged, demand poor, cargo market quiet. Manitoba and winter wheat unchanged from Saturday. Weather is fine, with native offers larger. Flattens freely offered at a slight decline. Stocks increasing slowly as arrivals are disappointing. Oats prices well maintained. American shipments are all to the continent.

France—The government fixed the minimum price of oats at 21 francs per kilo to consumers. Foreign purchases have been large. America shipped 2,244,000 bushels last week and further purchases will continue. The daylight saving law becomes effective in the grain markets this morning.

Flour—Selling price Patent, \$5.25; Willamette valley, \$4.90; local straight \$4.60 @ 5.00; bakers' local, \$4.80 @ 5.20; Montana spring wheat, \$6.10; exports, \$4.50 @ 4.70; whole wheat \$6.65; graham, \$5.40; rye flour, \$5.95 per barrel.

Hay—Buying price Willamette valley timothy fancy, \$20; eastern Oregon-Idaho fancy timothy, \$21 @ 25; alfalfa, \$21 @ 22; vetch and oats, \$18; clover, \$16.

Grain sacks—1916 nominal No 1 Calcutta, 12 1-2 @ 13 1-2 in cartons; less amounts are higher. Rolled oats—\$6.50 @ 6.75 per barrel. Rolled barley—\$21.50 @ 22.50 per ton.

### Cows Sell Up to \$8 at N. Portland

PORTLAND, Ore., May 22.—Were it not for the shipments of cattle from California, which were expected, there would have been an unusually poor showing of livestock supplies at the opening of the week's trade.

As matters stand, even with the California supplies, there was a smaller run of cattle at North Portland than last Monday, and this was the chief aid to the market. A sale of a good lot of cows was made at \$8.

General cattle market range: Choice pulp-fed steers, \$8.90 @ 9.00; Choice grain-fed steers, 8.75; Ordinary grain-fed steers, 8.50 @ 8.75; Good steers, 7.50 @ 8.00.

### PIRATES' STAR PITCHER KEEPING UP GOOD WORK

ALBERT MARNAX

After having won 21 games out of 29 in which he pitched last year Albert Marnaux of the Pirates, who pushed Grover Alexander hard for first pitching honors in the National League, is keeping up his pace this season. Marnaux went to the hospital with a case of appendicitis last year, but the operation was not impaired his pitching ability in the least. He recently stopped the Braves' after Cooper and Harmon had been freely hit by the Bostonians.

### Hog Run Falls Off Again

The liberal run of hogs shown at North Portland last Monday was not duplicated during the day. Total arrivals in the swine division over Sunday were 2735 head, compared with 4925 last Monday, and 2030 a year ago.

General conditions in the trade were steady. One car sold early at \$9.95 @ 9.00.

Good light weights ..... 8.50 @ 8.75  
Medium weights ..... 8.50 @ 8.75

### Sheep Market Is Quiet

There was a serious decrease in offerings of mutton at North Portland for the week's initial trading, as compared with last Monday. Total receipts were but 535 head, while a week ago they were 2345 head.

Demand for mutton and lambs continues favorable, with prices generally maintained.

General shorn mutton and lamb range:

### Honor the Mailcarriers

C. W. Tinney, the mail carrier with John Robinson's Ten Big Shows, which will give afternoon and evening performances in Pendleton on June 14, is a very important personage, at least in the eyes of the army of show folk whose mail goes through his hands. Also, excepting the managers and ticket sellers, he is perhaps the busiest man with the show, for he looks after practically all the postal wants, (receiving letters, parcels, registered mail, post office money orders, etc.) for no fewer than five hundred men and women. Quite a family, isn't it? You probably would not care for such a position. But it doesn't bother the circus mail carrier. He attends to his work in conjunction with his other duties (he is also musical director and has charge of the several bands of the show), with as much ease as any healthy, able bodied person would experience in walking along a highway. He carries a spacious leather bag just like that of any regular U. S. mail carrier, but he wears no uniform. He has his credentials, and the uniform is not necessary.

In every town and city in which the circus exhibits, he visits the post-office thrice daily—in the morning, at midnight, and late in the afternoon. He calls for all mail in care of the circus and subsequently gives the postmaster a list of the executives, agents, performers, musicians, etc., of the show and asks for their mail. Then he sends letters, parcels, papers, gets money orders cashed, sends money orders, etc., etc. Moreover, he often-times has to send and receive telegrams and express packages for members of his big family. And he does it all very efficiently—if he doesn't he'll have to stop down and make room for someone else for in all branches of the circus business, efficiency is the first requisite.

The circus mail carrier is, of course, a thoroughly reliable individual and he has to be for he transacts hundreds of dollars' worth of business in the course of a week.

The circus mail carrier's compensation is liberal, but he earns every penny of it. However, he is not paid un-

### DO YOU FEEL HEADACHY? LOOK TO YOUR STOMACH

It is an unusual thing for a druggist to sell medicine under a guarantee to refund the money if it does not cure. Yet this is the way Tallman & Co. the popular druggists, are selling MI-O-NA, the standard dyspepsia remedy.

Never before have they had so large a number of customers tell them that a medicine has been successful as with MI-O-NA. People who a few months ago looked like walking skeletons have put on flesh and today are ruddy and vigorous with perfect digestion and good health.

There is no longer any need for anyone suffering or making their friends suffer on account of dyspepsia. MI-O-NA can always be relied upon. The percentage of cures is so great that there is little risk to Tallman & Co. in guaranteeing to return the money if the medicine does not relieve. And they stand ready to do so without any questions.

Headaches, all forms of indigestion, specks before the eyes, dizzy feelings, poor sleep, ringing in the ears and all forms of liver trouble are helped by MI-O-NA. A few days treatment should show considerable gain in health while a complete cure often follows rapidly.

These days are the best in the whole year for the enjoyment of good health and MI-O-NA will put you in such perfect condition that you can enjoy every minute of them.

### BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat scours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.
