

How do you buy coffee?

SOME women buy coffee by price, some by looks, some by taste.

Of course, *taste* is the only right way to judge coffee. Looks may mean little, even to an expert. Price is no true guide.

Taste—flavor in your cup—is supreme because that's why you drink coffee.

Most women know that good coffee tastes better than indifferent coffee. But too few women know that fine coffee is not only good—but also economical.

For instance, a pound of Schilling's Best goes further than a pound of any other coffee we know of. You can prove this for yourself. It is good coffee plus—plus extra care in selection, handling and packing. This extra care means extra cups of smooth, rich coffee. It is sold only through grocers. Before we pack it in vacuum-sealed tins, we grind it evenly and take-out the bitterish chaff.

Spooners May Spoon.
PITTSBURGH, June 1.—Here is Police Superintendent Matthews' pronouncement concerning spooners' lovers in Pittsburgh public parks: "Any policeman who is so lacking in brains as to disturb any exercise of that kind will be placed on the books. Such an officer would not be humane." "Yes, sir; you can say for me that spooning goes in the parks. It is in the spring of the year especially that young hearts turn to love and love leads to marriage and happy homes."

HAPPINESS is havin' jest a little less than we want, an' th' health t' hustle f'r that "little less".

RICH RANCHER'S SON IS HELD FOR MURDER

WALTER HOLT ARRESTED FOR KILLING AGED WENATCHEE WOMAN.

WENATCHEE, Wash., June 1.—The confessed murderer of Mrs. Mary J. Smith, who was found dead with her skull beaten in and shot on her homestead here last week, who was caught Monday near Bridgeport, proved to be Walter Holt, son of a well to do wheat rancher living one and one half miles from the scene of the murder, instead of Jack Stewart, the name first given.

Robbery was the cause of the murder, as Holt knew the woman had received \$25 in a registered letter, having been with her in Wenatchee the day previous to the crime. She stopped that night at Holt's home.

Holt entered the tent where the aged woman lived, hit her with the butt of a revolver and ten shot her. He expressed no remorse. When 8 years old Holt was shot between the eyes and the bullet was never extracted. He has been queer and untruly since.

SENATORS VOTE FOR CHAMBERLAIN PLAN AS TO LAND GRANT

EIGHT PER CENT PROVISION FOR STATE GIVES 40 PER CENT FOR SCHOOLS.

WASHINGTON, June 2.—By a vote of 26 to 21, the senate yesterday afternoon adopted the division of the Oregon and California land grant proceeds fixed by the sub-committee, of which Senator Chamberlain was chairman, and the bill was then passed without division.

An amendment by Senator Borah lowers the time of residence required on a claim from five to three years.

Senators Chamberlain and Lane, aided chiefly by Senator Borah of Idaho, today continued the battle in the senate over the Oregon and California land grant, leading the fight for the division of the proceeds fixed in the senate committee amendments under which the federal government would receive 10 per cent, an equal proportion would go to reclamation in Oregon and the remaining 80 per cent be divided between Oregon schools, roads and port districts.

On the other side, Norris of Nebraska led off with a carefully prepared attack, holding the house bill extremely liberal to Oregon. He was assisted by Sutherland of Utah, who termed the proposed division "astounding."

"Only one thing gives Oregon a right to claim any of these funds," Norris asserted, "that is by way of compensation for taxes lost."

"The only thing Oregon was ever derived of is the taxing right," said Sutherland.

Chamberlain and Lane conducted a running debate. Lane told Norris the state has been deprived of settlement, of increased land value, and resultant prosperity.

The wagons are so arranged that they would be of great service as defense works in the event of a Mexican attack. The formation is somewhat similar to that used by frontiersmen with their prairie schooners to prepare for Indian attacks.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—
Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.
