

# The Dean Tatom Company

Our cash system of selling groceries is a sort of saving institution that Pendleton people seem to appreciate. It puts us in a position to quote low prices that a credit merchant can't touch.

No one who will stop to think a moment can question the contention that, everything else being equal, the merchant who sells for cash can be content with smaller profits than one who does a credit business. If not, why, may we ask, is so much emphasis laid upon the "Spot Cash" feature of various purchases?

Every time you buy a cent's worth on credit **some one loses money.** Why? Because you know good and well any one can buy anything cheaper for cash than on time.

You may be trading by the month and paying your bills promptly, but we know well that there are some who do not pay, and you are the one that helps pay these losses.

## CALIFORNIA MEN TO BE CHARGED WITH VIOLATING DRY LAW

ROSEBURG, Ore., June 5.—Following a lengthy conference with Sheriff George Quine, Thomas Sweek and C. B. Montague, federal officers, left for Portland this afternoon with 456 quart bottles of whiskey which was confiscated Sunday from the warehouse of the Gardiner Mill Company, at Gardiner.

Sheriff Quine said last night the liquor taken to Portland would be used as evidence against Zimmerman & Co., of San Francisco, who will be arrested on a charge of violating a federal statute in connection with shipping whiskey into Oregon labeled as beer. The confiscation consisted of 13 separate shipments at 34 quarts each of whiskey labeled as beer.

Sheriff Quine and Deputy Sheriff Charles Holland returned from Gardiner this morning with Jack Imhoff whom the officers accuse of being the leader of the gang implicated in the attempt to defeat the prohibition law. Imhoff is in the county jail pending a hearing before the grand jury. Harry Bowman, a resident of Gardiner was also brought here and is being held as a witness against Imhoff.

Rowman informed the officers that Imhoff gave him a shipping bill for 24 quarts of the whiskey and requested him to go to the warehouse, procure the liquor and sign the necessary affidavit. He was in the act of asking for the liquor when he was arrested by Deputy Sheriff Holland. He later confessed to his part in the alleged plot and confiscation of the entire consignment of liquor followed.

The officers believe that a number of persons other than Imhoff are implicated in the affair and several indictments are expected to be returned by the grand jury.

Another illicit shipment of liquor which the officers seized at Gardiner was lost through the carelessness of a deputy sheriff employed to guard it. Sheriff Quine says inferior whiskey has been sold at Gardiner recently for as much as \$3 a quart.

In addition to having been supplemented for whiskey by the San Francisco wholesalers, Sheriff Quine says it was the plan of those implicated in the affair to use "dummies" in receiving the liquor upon its arrival at Gardiner.

## Rewards Given Japanese.

TOKIO, June 5.—About 1,240,000 yen, or \$529,000, has been granted to the officers and men who took part in the Tsing Tau campaign against Germans, while the pensions due to

the holders of the order of the Golden Kite, given in connection with the campaign, represents an annual disbursement of 900,000 yen, or about \$400,000.

According to official investigation there are 74,117 persons in Japan who are entitled to pensions by virtue of their holding orders of the Golden Kite or orders of the Rising Sun, the annual expenditure under this head running to over \$5,000,000. In addition, no less than \$9,000,000 is paid to retired officers of the civil and military services, the recipients numbering 142,765. More than 125,000 persons receive annual allowances from the government, due to the loss of husbands or fathers while in government service.

The grand expenditure total stands at \$7,035,200 yen, or about \$13,500,000, an increase of some 2,500,000 yen over that of the last fiscal year and of some 3,500,000 disbursed by the authorities the year before last.

## How to Heal Skin-Diseases

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ring worm, rashes and similar itching, burning skin troubles. At any reliable druggist's get a jar of resinol ointment and a cake of resinol soap. These are not at all expensive. With the resinol soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry very gently, spread on a thin layer of the resinol ointment, and cover with a light bandage—if necessary to protect the clothing. This should be done twice a day. Usually the itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

Almost any soap will clean the skin and hair. But those who want a soap which not only cleanses but actually helps the complexion and hair are wise to choose resinol.

Woman Sought As Clew. SAN FRANCISCO, June 5.—The police were still in the dark as to the identity of the Russian anarchist who was killed here last week in a sensational duel with the police after he had shot and killed Police Sergeant J. Moriarty. It was believed that some light might be thrown on the man's past by a woman who telephoned to a local undertaker requesting that he take charge of the body. The woman gave her name as "Miss Fitzgerald," but gave no address.

Members of the Union of Russian Workers, to whom the dead man was known as Phillip Ward, started a subscription to pay his funeral expenses.

# Grape-Nuts

This delicious food contains all the nutriment and energizing properties of whole wheat and barley from which it is made, and is especially rich in the mineral phosphates furnished by these grains. These mineral elements are lacking in many foods, but absolutely necessary for proper growth and maintenance of body, brain and nerves.

Grape-Nuts food has delightful flavour, is easily digested, and comes ready to eat—crisp, sweet and wonderfully nourishing.
