

"Owl" means mellowness.

One quality stands out pre-eminently in a good, satisfying cigar. That quality is mellowness.

Mellowness means an agreeable smoke. It means a cigar which is not harsh—a cigar which is pleasant.

It means a good quality of tobacco in the first place, and properly cured tobacco in the second place.

It means you can smoke two or three mellow cigars and fully enjoy each one.

Since mellowness is such a vital factor in your enjoyment of a cigar—

—What do the makers of the OWL do to protect its mellowness?

Answer: The makers of the OWL maintain a million dollar reserve supply of mellowing tobacco at all times. Every leaf is thoroughly cured and mellowed before they use it. Thus they make sure that your OWL will surely be mellow when you buy it.

Painful Dentistry.
"He'd ought to practice on his own nerve a little," said Cecil Cole as he read a bill he had received from a dentist for the killing of a nerve.

Bob Has Seven Good Reasons.
Since H. H. Corey landed a fat job by exhibiting the pictures of his six little Corey Kids Bob Fletcher has decided to go in for photography and politics.

For the Full Story, See Sam Thompson
We have as yet received no satisfactory reason for Dr. Frank Royden diving into the pool at Bingham Springs with his shoes on. We wonder whether he intended them as a balance or whether he was afraid of getting his feet wet. We hesitate to guess that, in his absent-mindedness, he forgot to remove them.

It's Been a Long Long Time.
The eugenic scores had come at last. The long-waiting mother scanned the figures earnestly and noted the points wherein her boy had been deficient. Then she sighed, "O, that I had received these scores a few years earlier," she said, "so I could have corrected his failings. But since Johnny has begun to shave, he thinks he's his own boss and won't listen to my advice any more."

Considerate James.
Jim Johns Junior says, "I have hired a gardener. My wife really hasn't the time to cut the lawn as often as is required."

We Know the sensation.
Jim Bowler got up at 3:30 yesterday morning to go fishing. "I was wide awake when you got up this morning," said his slater after his return. "That's more than I was," said Jim.

A Son Worshipper.
We have known many a young man, child of wealth, position and luxury, whose chief claim to distinction lies in the fact that he is the son of his father. However, with Bill McKinney it is just the reverse. Bill's principal bid for prominence rests in the fact that he is the father of his son, though said son is but a two-year-old.

Bill, Jr., it will be remembered, was pronounced the grand champion boy of Umatilla county at the recent eugenics test and Pater Bill's countenance has been wreathed in a perpetual smile ever since. The other day a lady patron of the American National Bank, where Bill earns his pork chops, presented herself at the window where for some years W. S. Sadley has officiated. Bill was recently transferred to that window and the lady didn't recognize him. "I believe you're a new man," she said very politely. "I don't recall having seen you before." "Why don't you know me," said Bill, his chest expanding. "I'm the father of the grand champion, 100 per cent, perfection boy of Umatilla county."

Precious Poetry.
The selection of a Pendleton girl as Queen of the Rose Festival has started the bardic to strumming again. We present herewith:

"Sweet Queen Muriel"
The roses bloom, the festival boom
Sounds over Portland's strand.
The joyous crowd with spirit loud
Makes merry in the land.

The west and east send to the feast
A mighty multitude,
To reap and sow where roses blow
In beauteous plenitude.

Above the scene there sits a queen
On throne of petals spun,
A flower is she of royalty,
A maid of Pendleton.

No rose so fair grows anywhere
As this, our offering,
And it is fit that she should sit
Beside our Round-Up King.

While yet she reigns among the thorns
Of distant festival,
We pledge a toast: "our pride, our boast,
"Our sweet Queen Muriel."

And here is a poetic tribute sent to Darr Phelps by Don Estes of Portland: "I stand for Portland, of course you all know, But it stands for Pendleton, too."

So Portland don't think that you're the whole show
When we send our queen down to you.

The well that we boast of our little town
For we have the "pep" you can see,
And ever strive to gain more renown
When we send our queen down to thee.

'Mongst valleys and hills our city has grown
And a city to you it must seem,
This fact indeed you have undoubtedly shown
When you look to us for your queen.

We furnish you bread, we furnish you meat,
We furnish you wool for your clothes,
We furnish you leather for shoes on your feet,
Now you want our queen for your shows.

You say that there grows "for you a rose,"
We'll come for that rose, do not fear
And bring with us the girl that we chose
For the queen of your festival this year.

So just heap your roses at the foot of her throne
And let Joy reign forever supreme,
For we demand highest respect shall be shown
Unto her Royal Highness, Our Queen.

CHICAGO, June 5.—Considerable dissatisfaction is being expressed by the Chicago fans concerning the poor showing of the White Sox in the American League pennant race. As usual, Manager Clarence Rowland is the target for the bad feeling of the fans and rumors that Rowland, who came up from the minors last year to lead the Sox, is to be deposed are current. On the other hand, Charles Comiskey, owner of the team, declares that Rowland is to stick. The baseball going public can take its choice.

(East Oregonian Special.)

ECHO, Ore., June 5.—There has been several carloads of hogs shipped from here to the Portland market the past week among the shippers being A. J. Swagart, Wm. Steen, the Pendleton Meat Co. and G. L. Dunham. N. Madden sent out one mixed car of cattle, hogs and sheep.

CATARRH A BLOOD DISEASE.
Drive It From Your System.

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh with salves, washes and sprays applied to these parts. This mode of treatment cannot give permanent relief, and is liable to aggravate the trouble. Catarrh cannot be trifled with. If allowed to run on it will disengage the bronchial tubes, settle on the lungs and affect the stomach—indeed it is a very serious disease. Don't treat it locally. The one treatment that has proven effective in the treatment of Catarrh is S. S. R., the greatest blood purifier and blood tonic known. It relieves the cause of Catarrh by nourishing the blood, renewing its vigor, giving new life to the red blood corpuscles and stimulating the flow so that it has the vitality to throw off the poison and germs from the system. It is literally a blood bath. You quickly feel results. Headaches disappear, the gathering in the throat stops, the nostrils heal. S. S. R. is a natural blood tonic and has proven effective in the treatment of all blood affections, Eczema, tetter, rash, Scrofula. Get S. S. R. at your druggist's. STRAP INSTEAD OF JAIL FOR BOYS

NEW YORK, June 5.—The good old fashioned strap properly applied probably will be the only punishment meted out to William McManus and other boys in the banking offices of J. P. Morgan and Company, who ran away with \$10,516.32 belonging to the firm. The boys were captured in Philadelphia. Ted Daly, another lad who accompanied them to Philadelphia, escaped.

McManus, who was known in the Morgan office as the "Angel-faced boy with the sweet voice," was handed the money in bills and change, together with a bunch of envelopes in which the money was to be placed for the regular weekly payroll. He slipped out of the office, pausing only long enough to ask his friend, Billy Pain, to go along. The decompartment of McManus was not noticed until the men in the office asked for their money.

Most of the money was found on the lads when they were captured by private detectives who picked up the trail and followed the youths to Philadelphia.

It is said at the Morgan office that the boys will not be prosecuted.

Assassin's Plot Fails.
BERLIN, June 4.—An unsuccessful attempt to assassinate the Austro-Hungarian minister to Persia is reported in a Constantinople despatch to the Overseas News Agency.

The attempt, according to the despatch, was made by Djemel Bey, "who several years ago was involved in the assassination of Mahmud Scheket Pasha, Turkish Grand Vizier and minister of war."

Has Tailless Pigs Now.
DELAWARE, O., June 5.—When Anson James went to feed his 61 pigs he found sixty of them minus tails. The sixty-first pig was frantically chasing his own tail, with his mouth wide open. "That pig," said James, pointing at No. 61, "chewed the tails off the others. I guess he was trying to bite his own tail off to establish an alibi."

Saved Her Life

The unqualified endorsement of Fruitola and Traxo in a recent letter from Mrs. S. Grindle, 5918 Mignonette St., Pittsburg, Pa., will be of interest to other sufferers from stomach and intestinal troubles. Mrs. Grindle says:

"The doctors had given me up, saying the only hope left was an operation. I tried Fruitola and passed hundreds of gall-stones with the first two bottles. Am now feeling better than I have for years past. I will be glad to tell any sufferer how it has helped me, for I owe my life to it."

Fruitola possesses properties that act directly upon the intestinal parts, softening the congested waste and disintegrating the hardened particles that cause so much suffering, and expels the accumulation to the great relief of the patient. Traxo is a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices, to aid digestion and removes bile from the general circulation. It serves to build up the weakened, run-down system.

For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through representative druggists. In Pendleton they can be obtained at Tallman & Co., 623 Main St.
