Only 30 Favor "Frats."

NEW YORK, June 9.—Only 30 girls at Barnard are in favor of college fraternities. In the vote taken to determine the question of restoring the fraternities to undergraduate life on Morningside the supporters of the societies were defeated. By a majority of 54 it was decided to establish a new form of social organization to take the place of the lost fraternities.

Anticipating the vote two of the most important fraternities, Kappa Kappa Gamma and Kappa Alpha Theta had withdrawn their chapters from the college, and the other secret societies had about given up the fight, which was begun three years ago by the militant Miss Freda Kichwey daughter of Warden Kichwey, of Sing Sing.

Recently there was a stormy meeting, at which Sarah Butler, Juliet Stuart Poinz and other influential alumnae attacked the fraternities. The college paper, "The Barnard Bulletin," printed letters from Dean Gildersteeve, William Tunney Brewster, provost, and many undergraduates, singing the death knell of the fraternities. Now the question at Barnard is, "What shall we have in place of the frats?" The balance swings between clubs which are purely social and those which are sugar-coated, but improving, such as the French, German and English clubs.

Free Service Demanded

CENTRALIA, WASH., June 9.—At the noon luncheon of the Commercial Club a committee was appointed to be present at the next meeting between the city commission and officials of the Pacific Telephone—Telegraph Company, when the proposed new franchise to be given the company by the city will be discussed. This committee, composed of J. R.

Buxton, E. E. Teachner, M. C. Hancock, Carlton Sears, Dr. F. G. Titus and Fred Thomas, will demand free service between Centralia and Chehalis, as is in effect between Raymond and South Bend and Aberdeen and Hoquiam, situated similarly to Centralia and Chehalis.

Canadian Losses Grave.

OTTAWA, Ont., June 9.—The list of Canadian officers who have fallen in the Sanctuary woods fight brings the total up to 180, and advices at the militia department say the number is still far from complete.

Though the exact extent of the losses among all ranks is not known, there is enough to indicate that it will rank with the memorable St. Julien engagement and that the Canadian people must be prepared for a heavy roll of casualties. Latest advices are that the Canadians have been relieved.

Ashland Folk Use Recall.

ASHLAND, Ore., June 9.—Recall papers, directed against Bert R. Greer as chairman of the Springs Commission, were filed with City Recorder Gillette.

They contain 499 signatures and the names will be verified by city officials preliminary to any further proceedings. The complaint against Mr. Greer charges him with awarding important contracts aggregating \$100,000 in connection with the springs' installation without first obtaining competitive bids.

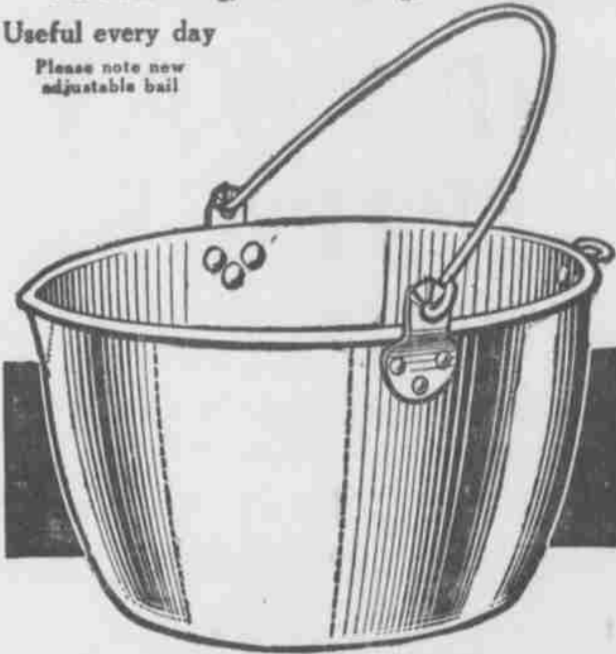

Haitian Chiefs Slain.

WASHINGTON, June 9.—American marines and Haitian gendarmes killed the revolutionary chiefs Weilius and Codio, and nine of their men in a fight near Fonds Verretes. No mention of American casualties is made

 The outlaws were killed in a desperate effort to escape when cornered and remnants of the band were being pursued by the marines and gendarmes when the dispatch was sent.

Higher Education Urged.
 COTTAGE GROVE, Ore., June 9.—Nineteen graduates of Cottage Grove

high school were urged to follow up the advantages which their education has given them in the commencement address by Carlton Spencer, a Portland attorney, recent university graduate and former Cottage Grove boy. Clarence Spencer, a brother, was one of the graduates. E. R. Spencer, father of the two boys and a member of the school board, was also on the platform.

Fate Saves Lloyd George
 LONDON, June 10.—David Lloyd George, Minister of Munitions, was only prevented from accompanying Lord Kitchener on his ill-fated trip on the cruiser Hampshire by the Irish crisis, according to statements in political circles here.
 It had been arranged that Lloyd George should accompany the Minister of War to Russia, but the sudden call upon the Welsh statesman to mediate between the Irish factions upset this plan. The place was taken by other representatives of the Minister of Munitions.

Damage Quickly Settled.
 BAKER, Ore., June 9.—J. P. Brown has a demolished wheel, a bruised leg, a \$20 bill and the sweet memory of a stranger who broke a record for promptly settling for damages done by his automobile. Mr. Brown was riding his wheel on Center street, and at Third street, he says, the driver crashed into his bicycle, throwing him off and putting the wheel out of commission.
 The stranger at once alighted, inspected Mr. Brown, found him only slightly hurt, handed him \$20, asked if that was enough and left at once.

Russians Capture 40,000.
 PETROGRAD, June 9.—In their new offensive movement the Russians have captured more than 40,000 men, it was officially announced.
 The statement says that on the line between Pripet and Roumanian frontier, over which the campaign is being fought, the Russians thus far have taken 300 officers, 40,000 men, 77 guns, 124 machine guns and 49 bomb throwers.

Count Okuma Not Killed.
 TOKIO, June 10.—The report circulated in the United States that Count Shigenobu Okuma, the Japanese prime minister, had been assassinated, was without foundation.
 The secretary of Count Okuma said that the premier was hale and hearty and that he was then in conference with the emperor.

Beer Powder User Jailed.
 LA GRANDE, Ore., June 9.—Having received from Cincinnati a compound, which when dissolved in water makes a sort of beer, M. E. Crippen, an old resident of North La Grande, is serving 10 days in jail and must pay a \$10 fine.

Why Is the MITCHELL a Different Car?

Because it typifies a new idea, 13 years have been spent in attaining.
 Because it is built in a 45-acre factory with 10,000 factory savings.
 Because it has 440 modern parts, made of light, tough steel—drop forgings or steel stampings.

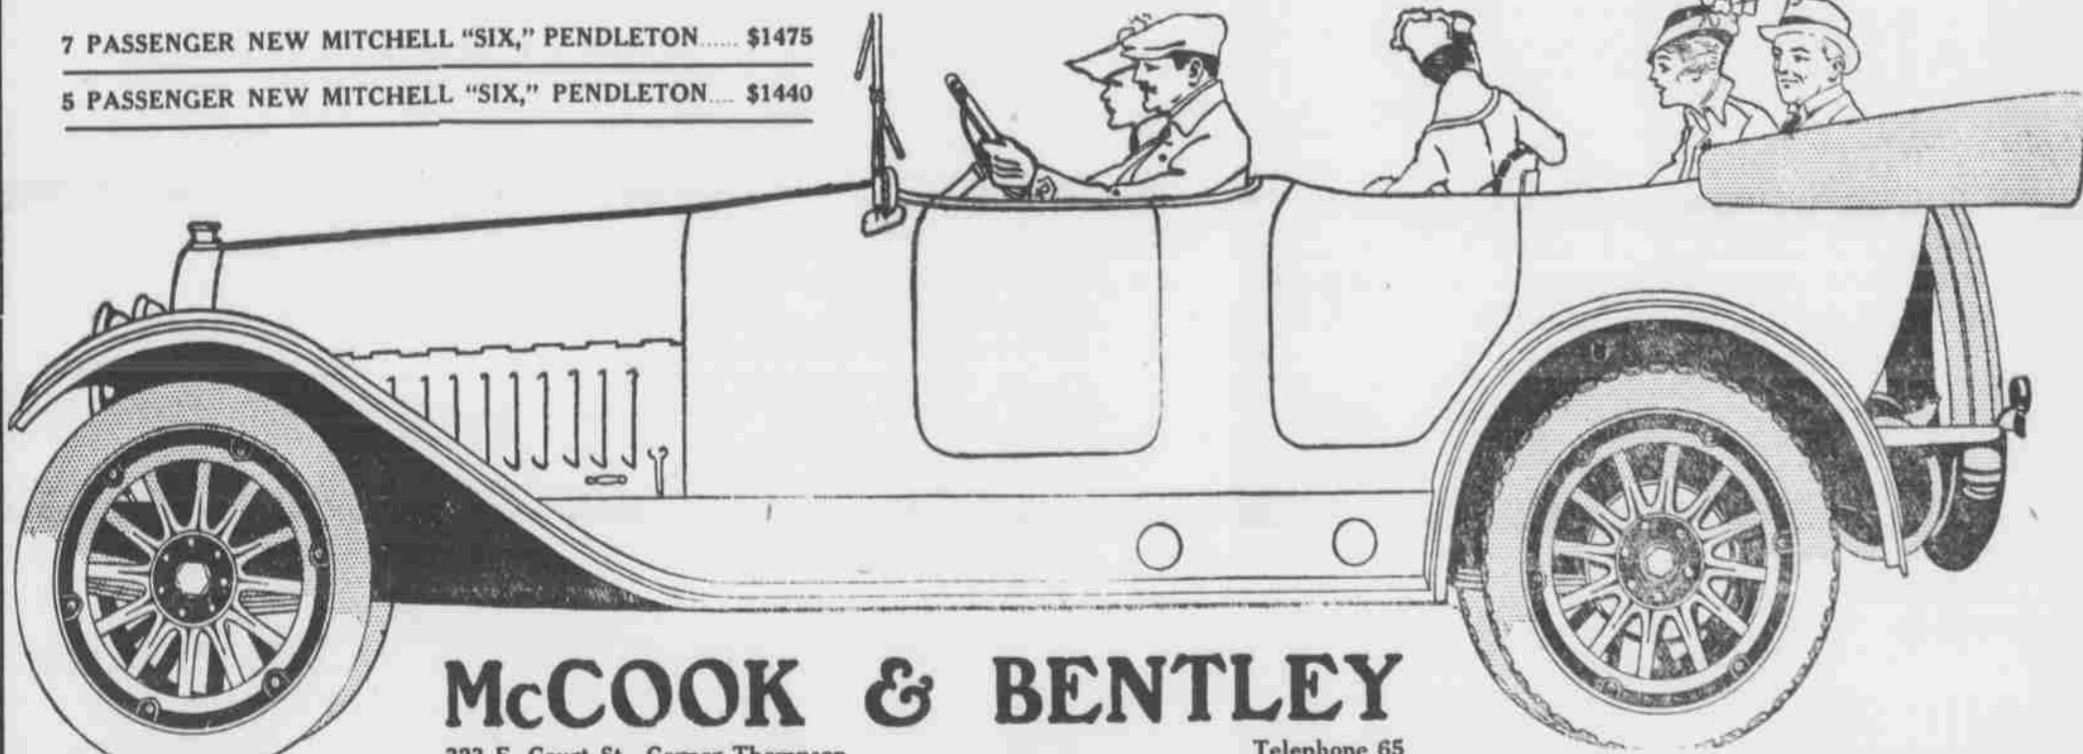

Because it is made of chrome-vanadium steel, with drilled pistons, hollow rods and shafts, to get strength without wasted weight.
 Because it has proven endurance—six MITCHELL cars have averaged 164,372 miles each.
 Because this mid-year MIT-

CHELL embodies 73 new ideas, brought out at the New York shows. Our artists and designers examined 257 new models. Then combined with their own ideas the best from them all.
 Because the body design is considered the handsomest ever seen on a touring car.
 Because this new mid-year

MITCHELL is not only a composite car of all the best new styles together, but it has 26 extras mostly unique to the MITCHELL.
 Because the many MITCHELL features will especially appeal to women. The Bate cantilever springs make this by far the easiest riding car. The ball-bearing

steering gear and the easy gear shift will appeal to women who drive. There is a light in the tonneau, a locked compartment, a power tire pump, etc.
 If these things seem desirable, we ask you to come and see them. A car which lacks these extras, we believe, will then seem incomplete.
