Will Spend Million on Road.
Officers of the Union Pacific system have just agreed on an expenditure of approximately \$1,000,000 for improving the Kansas City-Denver line, according to word received at the local office of the O.-W. company.

There has been much work on this road for several years and when that which has been authorized is finished the line will be on a par with the Omaha-Ogden route of the Union Pacific.

One of the items just authorized is the ballasting with Sherman granite of the line between Oakley and Ellis, seventy-four miles. This will complete the ballasting of the line between Kansas City and Limon, Colo., 556 miles. This will cost about \$300,000.

The entire system from Kansas City to the Colorado terminals will be relaid with 90-pound steel. This will cost about \$200,000. There will be new steel bridges put in costing \$125,000.

Electric block signals will be installed between Salina and Ellis at an estimated cost of \$175,000. This will complete the electrical block signals between Kansas City and Ellis, about 303 miles.

This is one of the biggest expenditures made by any western road this season and the work is to be pushed as fast as men and money will do it.

"SPEAR HEAD" AN OLD TIME FAVORITE

The Most Popular Chew for a Third of a Century

PURE, RICH, FRUITY-SWEET

The man who chews gets by far the most wholesome enjoyment and satisfaction out of tobacco, especially if he chews plug tobacco. The rich juices of the leaf are retained in good plugs better than in any other form. For more than a generation Spear Head has held first place as the favorite high-grade plug chewing tobacco. This unique distinction is due solely to the wonderful quality and flavor of Spear Head—the richest, mellowest, tastiest chew in the whole world. Spear Head is the choicest of all red Burley, hand-stemmed and made into mellow-sweet plugs in a perfectly clean, most sanitary factory. You can't chew the flavor out of Spear Head, because it's a part of the tobacco. That rich, ripe, red Burley taste keeps on pleasing you as long as you keep on chewing. Chew Spear Head and you'll be chewing the purest and most satisfying tobacco that it's possible to make. In 10c cuts, wrapped in wax paper.
