FOSTER, CONVALESCENT. SHOWS FLASH OF BEST FORM OF SEASON.

GEORGE FOSTER.

Tonsillitis is evidently good for George Foster, the twirler for the Boston Red Sox. George had not shown much form this season and was out of the game with a bad attack of the throat trouble and was just convalescing when he stepped onto the mound and pitched a no-hit game against the New York Yankees the other day.

Foster pitched masterful ball and the only blow in the game that threatened to become a base hit was made by J. Franklin Baker, who drove a long fly to right field, where Harry Hosper made a nice catch of it.

SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.
