SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did.

(Signed) MRS. MARGARET E. SNIDER.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the INVALIDS' HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery," a general tonic made from roots with pure glycerine which makes the blood pure, his "Favoric" prescription for weak women and "Pleasant Pellets" for liver ill.

UMAPINE FARMER IS DEAD AFTER ATTACK OF HEART FAILURE

COMMUNITY IS SHOCKED TO LEARN OF SUDDEN END OF FRANK STOCKTON.

Complained of Pain in Back of Neck and Told Wife That It Would Kill Him Some Day; Heart Attack Then Comes and Death Follows Within Short Time; Funeral Held.

(East Oregonian Special.) UMAPINE, Ore., June 29.—This community was shocked to learn of the death of Frank Stockton, a rancher of this vicinity Tuesday evening after returning from his carpenter work. Mr. Stockton complained of a pain in the back of the neck and after going to the house died in a few minutes of heart failure, after having just remarked to his wife that some day the pain would kill him. The deceased was buried Wednesday afternoon from the Presbyterian church in Milton, Rev. Noyes of Umapine, conducting the service. Interment was made in the I. O. O. F. cemetery.

Sunday afternoon almost the entire community attended the funeral of Mrs. W. H. Gentry whose death occurred in College Place quite suddenly some three weeks after a most serious operation for gall stones and other complications. Mrs. Gentry, who was well loved in the vicinity, was prominent in church and community life as well as a member of the Hudson Bay Grange. The funeral was held from the Cookery Undertaking Parlors and was conducted by Rev. H. A. Noyes. The floral gifts were many and beautiful.

Mrs. Gentry was the wife of W. H. Gentry, proprietor of the Hudson Bay Store at Umapine. She was 45 years of age and leaves a husband and six children and three sisters living in the east.

On making the return trip to the valley he found high water at Bonner's Ferry had washed out the road and he was compelled to go around by Great Falls on the Great Northern to reach Walla Walla.

John Al Wellman is visiting at his old home with Mr. and Mrs. R. H. Wellman.

Sunday the Burlingame Ditch passing through the Bend and Sanderson ranch broke out and flooded considerable property completely filling a 16 foot well used for irrigating purposes, with mud and water, submerging a pump and motor.

Mr. and Mrs. Guy Young attended the Chautauqua at Walla Walla Tuesday. Mr. Young's sister, Janet Young, is the leading lady of the "Comus Players."

Governor Withycombe has notified the Hudson Bay and East End Fair Association that he will speak at Umapine on September 25th, which will be the second day of the fair.

ARLIE MUCKS A REAL SPORTSMAN.

ARLIE MUCKS

Walter Christie, athletic coach of the University of California, is bringing forth an instance of real sportsmanship in college athletics. The subject of the bit of praise in Arlie Mucks the University of Wisconsin giant, who is breaking the world's discus throwing record every few days. Mucks is 6-1-2 feet tall and a bigger man than the late Ralph Rose of Michigan.

"Harry Liversedge" writes Christie "won the 16-pound shotput at Evanston, Ill., at the I. C. A., a week after the Boston meet. At the end of the meet we found that they have a rule prohibiting college athletes from competing for athletic clubs. We had infringed on that rule in two cases. Nichols competing for the Los Angeles club and Liversedge for the Olympic at the Fair. Both men won their events, and at the end of the meet I handed the medals back to the committee. That moved the second men up, etc."

"Arlie Mucks of Wisconsin was second in the shot and he received first place. That night he looked up at us, but we had gone to Chicago. Now Mucks has written Liversedge a fine letter and has sent him the gold medal, saying that Liversedge won fairly but that a technicality deprived him of it, also that he wanted Liversedge to keep the medal."

"This is a good object lesson in clean athletics and should help the game a lot. We want more men of the Mucks type."

RAINS OF WEEK ARE BENEFIT TO WHEAT

PORTLAND, Ore., June 29.—Following is a summary of the crop conditions in Oregon, as reported to the local office of the weather bureau by special correspondents:

Unusually low temperatures prevailed during the week and there were several showery days. The rainfall was heaviest in Umatilla county and it was very beneficial, especially to spring wheat and pastures. Both spring and fall wheat, barley, oats and rye have made satisfactory progress and these crops are now in better condition than expected several weeks ago. Corn is very backward and the rights were too cool for it to make much growth. This crop badly needs warmer weather. Potatoes, sugar beets and garden truck look well, but they are not so far advanced in growth as usual at this time of the year.

Pasturage is excellent and stock is in fine condition. A small amount of alfalfa and clover that had been cut could not be properly cured on account of the rains, and some of the hay crops are getting overripe, but they cannot be harvested until the weather becomes more settled.

COFFEE CLUB DISBANDED.

SALEM, Ore., June 29.—The welfare plan was indicated in the filing of dissolution papers by The Dalles Coffee Club, of The Dalles.

The club was incorporated in January, 1914, by S. S. Smith, B. E. Emmerick and W. P. Cragin. Its avowed purpose was "to establish and maintain reading, rest and game rooms, free employment bureaus, and social centers for the comfort, convenience and improvement of its patrons."

The notice of dissolution was filed by the secretary, and says that inasmuch as the purpose of the club seemed to have been fulfilled, and it was impossible to get a suitable location for \$20 a month, it was considered best to quit while the corporation's credit was good.
