UNIFORMED RANK OF K. OF P. OFFERS ITS SERVICES FOR WAR

SEVERAL THOUSAND MEN ARE DRILLING THROUGHOUT THE NORTHWEST.

Rank Was Organized as a Reserve Force for Use Whenever the Country Required Its Services; Men Are Well Trained and Could be in Field Within Short Time.

PORTLAND, Ore., June 29.—An asset for the defense of the United States in time of war upon which the government at Washington counts with confidence has been uncovered in the tender of the services of the members of the Uniform Rank of the Order of Knights of Pythias. Several thousand of whom are drilling every week in the northwest states.

The Uniform Rank was organized as a reserve force for use whenever the country required its services, and a wire from Supreme Chancellor Brig S. Young indicates that he has offered the trained forces of the Knights.

"The Knights of Pythias is the only fraternity to receive a charter by special act of congress, and it is under peculiar obligations to the country," said Gus C. Moser, chairman of the general committee in charge of the meeting of the Supreme Lodge which comes to Portland August 1 to 10.

"The fraternity was organized at about the close of the civil war, and was conceived as a medium for bringing the South and the North together in renewed bonds of friendship. The great work done by the order along those lines is reflected from the pages of its history, and when the time came to cultivate a sentiment in the minds of the younger generation for the defense of the country and a reverence for the flag of the nation, the Uniformed Rank was formed.

"Its members are obligated on the flag and pledged to its defense. They are drilled and disciplined men, and whenever the president needs them 50,000 additional soldiers can be mustered very quickly.

The Uniformed Knights of Pythias of Washington and Oregon will go into annual encampment at the City Park in Vancouver during the convention of the Supreme Lodge in Portland in August.

It is not yet known how many companies will respond to the call for the encampment but it is expected to contain not less than 800 men. The camp will be under strictest military rules and will be inspected by officers from Fort Vancouver. At certain hours the public will be admitted to the camp.

Companies of the Uniformed Rank will participate in the great parade to be held on Tuesday, the first day of the convention, and later in the week will engage in a competitive drill on Malvern Field. Attractive prizes are to be offered by the general entertainment committee.

Cloudburst Fatal to 3.

LEWISTON, Mont., June 29.—A big cloudburst near Winifred, 45 miles north of here, sent a wall of water down a deep coulee, in which Mrs. Charles Stone and her two children were living in a tent.

CLEAR SKIN COMES FROM WITHIN.

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not grip, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion today. 25c at your druggist.—Adv.

PUBLISHING DATA SOUGHT.

University School of Journalism to Gather Facts for STATE.

MINNEAPOLIS, June 29.—At the request of the Minnesota Editorial Association to its annual meeting last February, the department of journalism at the university has been given an appropriation to make a survey of the publishing industry of Minnesota. The work will begin at once, according to Professor W. P. Kirkwood, head of the department.

It is planned to have the data compiled and published to turn over to the editors at their next meeting. It will be used by them in establishing a service bureau to obtain contracts for foreign and national advertising. A questionnaire will be sent to each of the 250 weekly papers of the state, framed to bring out a complete analysis of their business and the conditions in each district. Queries regarding cost systems, equipment, character of circulation, advertising rates and the general conditions of each community will be sent.

"We will not get advertising contracts for the editors," declared Professor Kirkwood. "We are merely going to furnish a 'sales talk' for them so they can convince foreign and national advertisers that they have something worth selling. Probably not more than 10% of them will be able to answer, the questions and furnish the information desired, but we will gather sufficient data before the next meeting for the editors to start the bureau."

The survey will be made after the plan adopted by the journalism schools at the Universities of Wisconsin and Kansas.

Brazilian Scores U. S.

RIO JANEIRO, June 28.—The keen interest with which Brazil is following the developments of the crisis between the United States and Mexico received a new impetus following a spirited discussion in the chamber of deputies during which an opposition deputy made a bitter attack on the United States.

"The discussion was opened by this deputy, who commenting on the last note sent to Mexico by Secretary Lansing, declared he was astonished that the United States should make differences in accepting the explanations of Mexico while promptly accepting those of Germany in regard to the submarine war. The speaker asserted that Germany was continuing its undersea campaign in violation of its promise to Washington and that the United States did not dare to protest. He concluded by expressing the hope that Brazil would continue to defend the principle of sovereignty of all countries. Deputy Souza Silva, speaking for the government, defended the international policy of the administration and declared that Brazil stood firmly for the solidarity and fraternity of the American nations.

Deputy Silva also denied reports that the voyage of Dr. Lauro Muller, minister of the foreign affairs, to the United States, had to do with the Mexican situation.

Hopes for a Settlement.

NEW YORK, June 29.—Argentine Ambassador Naon expressed the hope of a peaceful settlement of the American-Mexican controversy. He told the United Press that he had not made any formal offers of mediation but believed that war yet could be averted.

"I am confident that the present crisis will be peacefully settled. We must make it evident that no matter how great the differences between American governments, continental interests are supreme and inconsistent with recourse to violence in settling international disputes in America."

GANG OF MEN FROM FOREST SERVICE AT WORK ON NEW TRAIL

ROADWAY BEING CONSTRUCTED THROUGH CALLEY OF COLUMBIA GORGE.

Camp Sites Will Also Be Prepared in Order to Make Recreational Features of Region Available for Public Use; Plans Are First of Series of Improvements.

The forest service has a crew of sixteen men building a new trail up the Eagle creek valley of the Columbia Gorge Park. This is in accordance with an announcement made today. Besides building the trail, this crew will prepare a number of camp sites in order to make the recreational features of the region available for public use.

This Eagle creek project is the first of many development plans to be carried out for the park. The trail will follow the creek up into the Oregon national forest, and then on to Wah-tum lake. From the lake there is a trail down Herman creek to the Herman ranger station and the Columbia highway, thus completing a twenty-six mile loop. Parties wishing to make this loop trip can do so in two days, camping over night at Wah-tum lake. The Eagle creek work also contemplates other trails to points of scenic interest, and a general preparing of the area for the comfort and use of the public.

The whole area of the Columbia Gorge Park consists of 14,000 acres along the Columbia river between Eagle creek and Viento, which was set aside last December by order of the secretary of agriculture for the permanent use of the public as a recreation park. The full development of the park will take several years, and will include picnic grounds, many camp sites, and additional trails, but it can be used this season in its present site. A water supply has been installed and a sewer system built. A ranger has been stationed at Eagle creek to look after the grounds this season.

Irish Situation Unsettled.

LONDON, June 29.—Questions regarding the progress of the Irish negotiations directed to Premier Asquith in the house of commons were postponed at his request.

This suggests that hopes of a settlement have not been entirely abandoned, despite the action of the English Unionists and the Unionists from the south of Ireland, who are opposing acceptance of the proposals made to the Irish parties by David Lloyd George, which provide for the exclusion of six counties of Ulster from the operation of Irish home rule for the period of the war.

The whole matter, which threatens to produce a cabinet crisis, was the subject of consideration at a cabinet meeting this morning.

Mexicans Captured.

COLUMBUS, June 28.—Twenty Mexican bandits captured near Elvate are being brought north under guard of a motor truck train, incoming drivers reported.

COLUMBIA RIVER IS APPROACHING FLOOD STAGE FROM RAINS

THE DALLES IS GETTING READY FOR HIGH WATER; 40 FOOT MARK NEAR.

THE DALLES, Ore., June 29.—The Columbia river reached 33.1 feet here yesterday, a rise of 5 of a foot. Rivermen predict a 40 foot stage.

The telephone company here will raise its switchboards and prepare for a flood at the 40 foot stage. Snake river is rapidly coming up, rising 7 of a foot in the past 12 hours. There has as yet been no damage.

Cherry Orchard Freakish.

THE DALLES, Ore., June 29.—At the S. K. Hunt fruit ranch on the Mount Hood Flat, road there is an immense yield of cherries on some of the trees while other parts of the orchard are almost entirely bare.

The barren trees form strips at the base and top of the hill side on which the orchard lies. The trees through the center are borne to the ground with the fruit.

It is thought a freakish frost missed the bearing trees, which yield enough to make an average crop for the entire orchard.

Boscott Plan Questioned.

WASHINGTON, June 30.—Senator Stone, chairman of the foreign relations committee, introduced a resolution requesting President Wilson to inform the senate of the precise character of a commercial treaty being negotiated with France in the European war with "the declared object and purpose of establishing a boycott of the war."

DISPEPSIA OF WOMEN

Special Treatment Required. Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, besides acting as a stomach tonic, is good for female ailments. Read what such a medicine did for Mrs. Williams:— "Before I began taking Lydia E. Pinkham's Vegetable Compound I was troubled with dyspepsia and bearing down pains in my back and sides, and after my meals my stomach would bloat up till I could scarcely get my breath. At times I was so weak I could hardly stand on my feet and I looked hollow-eyed and my skin was yellow. Now I have a good color, have gained in every way and can do my work without any pain. I think it is the best medicine on earth for stomach troubles of women."—Mrs. NELLIE WILLIAMS, 31 West 3d Street, New Albany, Ind.
