**Market for Hogs is Shade Firmer**

PORTLAND, Ore., June 30.—Rather strong tone is showing for hogs in the North Portland yards with killers rather eager bidders during the morning. During the 24 hours there was a rather fair run but this was principally from the Willamette valley.  
General hog market range:  
Choice light weights ..... \$8.45@8.25  
Good light weights ..... 8.00@8.10  
Medium weights ..... 7.50@7.75  
Rough and heavy ..... 6.75@7.00  
**Good Cattle Steady.**  
Real good quality cattle, of which there has been little offering here of late, are quoted steady. California has practically ceased shipping in this direction and while there is an overabundance of poor stuff held by killers, quality animals are lacking. Interior cattle are still too soft.  
General cattle market range:  
Choice grass steers ..... \$7.25@7.50

Ordinary to common steers 6.00@6.50  
Choice cows ..... 6.25@6.50  
Ordinary to common cows 4.00@5.50  
Choice heifers ..... 6.50  
Ordinary heifers ..... 6.25@6.50  
Choice bulls ..... 5.99  
Good to fair bulls ..... 4.00@4.50  
Ordinary to common bulls 3.00@3.50  
Best light calves ..... 8.00  
Good calves ..... 7.00@7.50  
**Mutton and Lamb Steady.**  
Over night there was only a small run of mutton and lambs into the North Portland yards. General trade conditions are steady for quality stuff with former prices generally maintained.  
General mutton and lamb market:  
Select spring lambs ..... 8.25  
Ordinary lambs ..... 6.00@7.50  
Best yearlings ..... 6.25  
Good to common wethers. 5.75@6.00  
Hew ewes ..... 4.75@5.25  
Good to common ewes ..... 2.00@2.50

**Wools are Weak in Willamette Valley**

PORTLAND, Ore., June 30.—Extreme strength continues in the wool markets at all points except in the Willamette valley. Some time ago prices in the valley were advanced out of all proportion to the actual worth of the fleeces, and were therefore not justified. All this time the wool market has been showing a liberal advance in all leading centers. When the market was strongest the buyers decided to pull down their previous bids for Willamette valley stock and this has resulted in much dissension among producers.  
Boston and Chicago as well as Philadelphia advices indicate growing strength in the position of the wool trade although purchases during the last few days have not been quite as heavy.  
Another juggling of mohair prices is shown in the local trade. Some time ago mention was made in these reports that the artificial slashing of

prices to 30c a pound was not justified by market conditions elsewhere and that the decline was simply made to force more liberal profits to speculative interests. This is indicated by the advancing of the price to 35@40c a pound here after practically all the supplies have passed out of first hands.  
"There is a rather good tone in the hide market," says Julius Kahn, a member of the pioneer firm of Kahn, Frank, of this city. "The quality of present offerings is worth fully a cent a pound more than previous offerings." "Cascara bark demand continues favorable and all offerings are being absorbed generally at 4 1-4@4 1-2c a pound.  
"Furs, however, are showing a very poor tone. This condition is general at practically all centers. There are some reports that an embargo will be placed against furs by the British government."

**WHEAT OFFERINGS NOT INCREASED IN INTERIOR SECTIONS**

RECENT WEAKNESS IN PRICES FAILS TO FORCE SELLING IN THE COUNTRY.

PORTLAND, Ore., June 30.—While there was a slightly weaker tone indicated at the opening of the Chicago wheat market trade for the day and fractional price declines were noted, there was a mixed tone abroad with some prices higher and others lower.  
At interior points there is practically no pressure to sell wheat at this time. As reported in these columns, the rains have aided the crops somewhat, but the improvement is much less marked than some of the bullish dealers would have farmers believe.  
In the meantime, despite the threats of Montana oats being imported into the northwest sections, there is little disposition on the part of holders to let go of their supplies except at extreme prices.  
Broomhall cabled from Liverpool that wheat was dull with demand quiet. Millers are considered well supplied and export offers are in buyers' favor.  
Spot unchanged to 1d higher. Cargo market quiet, winter unchanged, manitoba 1 1-2d lower and with no bidding. Patios and Australians nominal. Native offers smaller, foreign arrivals keep liberal but there is tendency to hold distant offers. Reserves everywhere are excessive and this fact deters purchases.  
Australia—Reports further beneficial rains.  
Argentina—Weather continues favor

**able, being exceptionally cold. Wheat arrivals smaller and corn much lighter. Farmers holding for higher prices. Buena Aires wheat and corn unchanged.**

France—Weather is generally mild, winter wheat growing well. Wheat and flour prices declining.  
Russia—Weather is generally mild; crop conditions improving.  
India—Harvesting is finished; crop estimates being reduced as to yield.  
Flour—Selling price: Patent, 15; Willamette valley, 14.50; local straight 14 1/2@14.50; bakers' meal, 14.00@15.00; Montana spring wheat, 15.90; exports 14.30@14.50; whole wheat, 16 1/2; granam, 15.20; rye flour, 15.95 per barrel.  
Hay—Buying price: Willamette timothy, fancy, 120 eastern Oregon; Idaho fancy timothy, 121@122; alfalfa 121@122.  
Grain sacks—1916 nominal; No. 1 Calcutta 12c in carlots; less amounts are higher.  
Rolled oats—16.25@16.50 per barrel.  
Milstuffs—Selling price: Bran 12 1/2; shorts, 12 1/2 per ton.  
Rolled barley—Selling price, 131@132 per ton.

**\$10,000 OFFERED RED CROSS BY WOOL GROWERS**

SALT LAKE CITY, June 30.—The National Wool Growers' association, through President F. J. Hagenbarth, has announced that it has appropriated \$10,000 to the American Red Cross association in case of hostilities with Mexico. In the telegram making the offer to the American Red Cross at Washington, President Hagenbarth suggested that the associ-

ation be permitted to furnish woolen blankets for hospital of other use to the extent of the appropriation.

**AUTO OPEN DOOR WANTED.**

Bill Would Give to Motors Same Rights as Others Have.  
WASHINGTON, June 29.—With federal goods roads legislation disposed of, the American Automobile Association will now devote itself in an effort to secure the passage of the Adamson bill before the conclusion of the present congress.  
Nearly 3,000,000 users of automobiles have an interest in the Adamson "open-door" policy, which briefly gives the self-propelled vehicle the same interstate rights as are now possessed by horse-drawn wagons and carriages; in fact, it would make country-wide the present New York state reciprocity. New York offers to the motorcar owners of other states reciprocity for whatever period that state will give to a New York state owner, which means one day or the entire 365 days of the year.

Representative W. C. Adamson, who is the father of the "open-door" measure, is the chairman of the house committee on interstate and foreign commerce and when he introduced his bill a year ago it was without consultation with any organization. The Georgia representative simply put forward his idea as a solution of the diversified and conflicting periods of reciprocity among the states. In addition to a belief that it was discriminatory to forbid the self-propelled vehicle to exercise the same rights on the road possessed by muscle-drawn vehicles.

While it would appear a difficult matter to get such an important piece of legislation passed at the present time, the association has secured promises of support from many legislators.  
**Injured Man Wins Suit.**  
BAKER, Ore., June 30.—Overruling the decision of the State Accident Commission, Circuit Judge Anderson handed down a decision in favor of Bernard Barra, formerly an employee of the Pacific Lime & Gypsum company, finding that Barra is entitled to \$25 a month for the next 40 months, or to a lump sum of \$850, because of a loss of an eye, sustained in April, 1915, while working for the company.  
The accident commission had ruled that Barra's partial blindness was not due to causes originating while he was in the employ of the Pacific Lime & Gypsum Company, but Judge Anderson found this to be in error. A splinter of rock, lodging in Barra's eye, while he was at work, is believed to have been the primary cause of the injury.  
In addition to the amount stipulated, Barra is to be allowed \$204.50 for medical attendance and hospital fees.

**Consent Not Necessary.**

CHICAGO, June 28.—Youths over 15 years of age do not have to obtain parental consent before joining the regular army, according to a new order from the war department which has been received here. The previous limit was 21 years, though boys who were 18 years of age could join the army with the written consent of their parents.  
Many youths recently have been denied admittance into the regular army who now are eligible for service. Recruiting is said to have increased more than 200 per cent since the Mexican crisis.

**Lease Time is Extended.**

WASHINGTON, June 29.—To make more effective the recent opening to lease of coal lands in Alaska, announced in the regulations of May 18, 1914, Secretary Lane of the interior department, has extended the time within which applications for lease, to be first considered, may be filed from June 30 to August 1, 1916.  
Under the plan adopted applications received before August 1 will be considered together, and preference rights so awarded as to secure the largest investments and earliest development. It is the desire of the secretary to give everyone interested in the coal-leasing proposition in Alaska ample opportunity for investment, and the extension of time in which to submit applications is in furtherance of that policy.

**Conductor Saves Life.**

SHERIDAN, Ore., June 26.—At the risk of his own life Conductor H. E. Millhouse, running between Williamina and Eugene, saved the life of a deaf man standing on the tracks at Whiteson Junction.  
The train had pulled in and was preparing to switch. Mr. Millhouse had waived the signal to back for a switch and as he did so an old man, apparently deaf, stepped on the track indifferent to the proximity of the cars.  
Without a moment's hesitation Mr. Millhouse rushed on the track and carried the man to safety, the cars brushed him as he leaped from the track.
