CALIFORNIA GIRL "ROOKIES" BUSY MAKING WAR SUPPLIES

CALIFORNIA "SOLDIERETTES" MAKING BANDAGES ©INTL. FILM SER.

The members of the California Women's training camp, at the Presidio, San Francisco, are now busy making war supplies in expectation of a war with Mexico. The women "rookies" are compelled to spend a certain amount of time each day in sewing. Several thousand bandages have already been made and are ready for shipment to the supply station along the Mexican border.

Allies Continue to Force Germans to Give up Lines

PRACTICALLY ALL OF TERTIARY SECOND POSITIONS HELD BY ENEMY.

LONDON, July 4.—The Anglo-French now hold practically all the German second positions on a ten-mile curving front from Montauban to Estres. Paris announced that there was little important fighting last night. British Capt. Charles reported that the English are continuing to improve their positions. The Germans have thrown in many reserves south of the Somme to defend Fronsar. The Germans have recaptured a small portion of La Boisselle, London announced. They attacked after strong reinforcements arrived. Southward, however, the British made further progress, taking more material and prisoners. A German attack near Armentieres was repulsed.

A battalion of German infantry, 1900 strong, surrendered during the fighting near Fronsar.

Petrograd reported that Brusiloff has broken the Austrian resistance between Duino and Sokol, capturing 1000. An intense battle is raging at Barnovitch. There the Russians captured 1400 Germans.

JOBS WILL BE KEPT OPEN FOR FOREST MEN WHO ENLIST

District Forester, George H. Cecil, Portland, Ore., has received the following telegram from the chief forester, Henry S. Graves, Washington, D. C., in reference to employees of the forest service who belong to the national guard:

"Forester desires to aid employees who are members of the national guard to fulfill their military obligations. For this purpose he will ap-

prove applications for leave and will so far as possible consistent with civil service rules and future appropriations assure them restoration to present positions after completion of service in the army. Please report immediately approximate number of employees in district who are members of guard and will probably request leave in response to the president's call."

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.—Adv.

Quicksilver Output Gains

WASHINGTON, July 4.—High prices due to the war brought a record production of quicksilver in the United States in 1915. Figures compiled by the geological survey show that the year's output was 21,933 flasks of 75 pounds, an increase of 2500 flasks over 1914.

Prices continue to increase. 341 present they are almost double the high prices maintained during 1915, when the average was \$36.86 a flask.

A valuable relic of the civil war will be added to the collection in the state museum at Augusta, Me., in the form of a flag made from the shirts of the soldiers and sailors held as prisoners of war at Salisbury, N. C., in 1862. The relic is the gift of Judge G. H. Kenniston, of Boothbay Harbor, who was one of the prisoners at Salisbury.

Speeder is Sent Off Track by Dog and Men are Hurt

O.-W. R. & N. OFFICIALS ARE THROWN OVER EMBANKMENT IN ACCIDENT.

LA GRANDE, Ore., July 4.—S. MURRAY, chief engineer for the O.-W. R. & N., sustained a fracture of his nose and numerous scalp wounds; Sam Smith, division bridge superintendent, of this city, suffered cuts and abrasions that necessitated careful surgical attention, when a motor speeder on which three men and H. L. Lyons, La Grande division engineer, were riding, jumped the track on the west side of the mountain.

The speeder carrying the officials struck a dog and went over a steep embankment. Mr. Lyons escaped unhurt.

The injured men were brought back to La Grande and were rushed to the Emergency Hospital, but later Mr. Murray was sent to his home in Portland on the first train.

While the injuries were severe and extremely painful, each considers himself fortunate that he was not killed instantly. Even the dog that caused the spill is alive. The men had been inspecting bridges and for that reason chose the speeder method of transportation.

26,000 TEACHERS MEET.

Farm Woman Gets Recognition at Opening Session.

NEW YORK, July 5.—Preparedness, education and plans for world peace were discussed at the opening session of the annual convention of the National Education Association here. In addition to the general session, departmental meetings, at which various phases of education were explained, were held. Among the speakers at the opening session were ex-President Taft, President Johnson of the association; Dr. David Starr Jordan, vice-president of the association, and P. F. Claxton, federal commissioner of education.

The educators number nearly 20,000 from all parts of the United States.

President Johnson spoke on "The Rural Home and the Farm Woman." He said the needs of the farm woman have been forgotten in all of the progressive movements for rural betterment until comparatively recent years. He said he hoped a national commission would appoint a national commission to study the problem.

Ex-President Taft devoted his address to an exposition of the plan and aims of the League to Enforce Peace.

PATENT PILLS SUSPECTED.

CINCINNATI, July 5.—At an inquest the other day, conducted by Coroner Foertmeyer, in the case of John M. Byrne, Arlington Heights stenographer, who died suddenly recently Mrs. Mary Louie, Byrne's grandmother, testified that the young man took several doses of a patent medicine the evening preceding his death.

Coroner Foertmeyer said that a number of these tablets were found by a chemist, but that it was doubtful if they could have caused Byrne's death. It was announced that the analysis being made of the contents of Byrne's stomach would not be completed until today.

Coroner Foertmeyer said he may hear further testimony before rendering a verdict.

"As the matter stands now we have no evidence that would show that the young man took his life or that he died by violence, and there is nothing to show what had caused a natural death," he said.

GIL NICHOLS A FAVORITE IN OPEN GOLF TOURNEY

BIG POWER PLANT PLANNED.

General Electric Company Buys 23 Acres of Property at Chester, Pa.

CHESTER, Pa., July 5.—The General Electric Company has purchased 23 acres of river front property for the Beacon Light Company, of Chester, one of its departments, and will erect a large power plant here. One hundred thousand dollars was paid for the tract. The property has a frontage of 520 feet on the Delaware and extends back 2000 feet to West Front street. It formerly was used as a pipe mill by the Chester Pipe & Tube company, which was bought several years ago by the National Tube company, a subsidiary of the United States Steel Corporation, which closed the light mills. Since then it has been idle.

The General Electric Company, in addition to its main plant and several substations here and in Marcus Hook and Eddystone, recently took over the power house of the Southern Pennsylvania Traction company. It now is furnishing power for both this company and the local division of the Philadelphia Rapid Transit Company.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Send for testimonials, free. F. J. CHENEY & O., Toledo, Ohio. Sold by all Druggists, 75c.

"THE OLD RELIABLE"

PLANTER'S C & C OR BLACK CAPSULES REMEDY FOR MEN. AT YOUR DRUGGIST.

MINNEAPOLIS, July 4.—Gil Nichols, the professional golfer, of Great Neck, L. I., is regarded as a favorite in the national open golf championship now being played off here on the Minnikahda links. Nichols has shown up well in practice and in the early rounds. The course is meeting with great praise from the players who credit that the winner will be below 290 for the 72 holes.

Old Soldiers Want to Go.

ROSEBURG, Ore., July 4.—Ready always to answer to their country's call, members of the local Post Grand Army of the Republic, a majority of whom are of the Old Soldiers' Home located in Roseburg, began the organization of a company of volunteers preparatory to offering their services to the government.

M. L. Webb, adjutant of the G. A. R. Post of this city, said he thought not less than 75 veterans would join the company. As soon as a full company is recruited the veterans will notify Secretary of War Baker that they are ready to go to the front.

Some of those who already have enlisted in the new company are more than 50 years of age.

Bing Cherries Ruined.

HOOD RIVER, Ore., July 4.—The rains of the past 10 days have practically ruined the crop of Bing cherries, according to J. H. Nunnemaker, who owns the largest cherry acreage in the community. "My Bings" will be ruined for fancy packing and shipment East, where this season sensational prices would have been realized," he says. "It may be that I can dispose of them to the canneries."

Mr. Nunnemaker says that his other varieties have been damaged as follows: Royal Anne, 50 per cent; Lambers, 25 per cent, and Black Republicans, 10 per cent.

Hughes Will be Conclse.

BRIDGEHAMPTON, N. Y., July 4.—Plans for the forthcoming trip to the Pacific Coast engaged the attention of Charles E. Hughes. Mr. Hughes expects to prepare in advance most of the 10 or 12 speeches he will deliver on this trip, and to limit them to 1000 or 1200 words apiece.

Preparedness and the administration's foreign policy with reference to Mexico will be the chief subjects discussed on the trip. The nominee made it plain to callers that he does not intend to make the campaign one of personalities.
