TRAILERS

FOR several years past there has been an anti-public drinking cup law in Oregon. In cities, on trains, in schools, in railroad stations and other public places the drinking fountain has become a very common sight. It has become popular and to most people the idea of the old public drinking cup is loathsome. But listen, while this has been the situation in Oregon, the state of Massachusetts did not abolish the public drinking cup until the first of this month. On July 1 a state law prohibiting public cups went into effect and the fact is causing comment among the Boston papers.

Evidently the 13 colonies with all their culture are not as advanced as the Pacific coast with reference to some customs.

UNHYPHENATED AMERICANS

"THERE are no hyphenated Jews," declared a speaker at the cornerstone ceremony of the new East St. Louis Hebrew temple. "There are no hyphenated Jews—we are all Americans. We have no fatherland or motherland, but America, and we are glad that we can gather under the flag and worship as we believe."

America of all the nations of the world has dealt best with the Jew. Persecuted in many lands, he has found this home. Yet in no other people is racial feeling more distinct or stronger, none is slower to blend, and in none are the pride and traditions of origin more distinctively preserved. If any people in this country were entitled to the distinction of a hyphen or special designation the Jew would be. It is worthy of mark that he puts America above every distinction that is claimed by the Jew in other lands.

Yet what America has done for the Jew it has done for every other sect and people who have embraced its privileges of citizenship. If the Jew is more grateful, his is the better example of patriotism.—St. Louis Post-Dispatch.

The tory newspapers are a hard lot to please. When President Wilson refused to recognize Huerta's de facto government they railed and abused our state department. Now the same papers carp because recognition was given the Carranza government even though it has given proof of being much better and stronger than the Huerta regime.

Over in Europe the allies are running with the ball and they seem to be "making yardage" without trouble.

People are still talking about our successful fourth of July celebration.

If we can get peace and order in Mexico without war so much the better.

BIG TIME ENJOYED BY MEACHAM FOLKS ON FOURTH OF JULY

GUN SHOOT ONE OF FEATURES OF DAY'S PROGRAM AT MOUNTAIN TOWN.

Weather Turns Out to Be Fair; Many Visitors Come in to Enjoy the Day; Ball Game is Won by Kamela by Score of 12 to 13; All Attend Picnic Held at Noon Hour.

(East Oregonian Special)
 MEACHAM, Ore., July 6.—Showers and unsettled weather passed aside to allow the Fourth of July to be a very pleasant day. Owing to the weather, not much was planned on, but a very good time was had by all and many visitors were present. Jim Beard, proprietor of the Popular Cash Store of Pendleton, came up on Sunday to see his family, who are spending the summer here.

The gun shoot scores were as follows, with 25 shots each:
 R. Fagan, 22; with 14 straight;
 John Casey, 20; E. M. Calvert, 19;
 Jim Baker, 18; B. Ross, 18;
 H. Hawes, 18; L. Lakros, 17; J. Dockweller, Jr., 17; J. Hokanson, 15; P. H. Fair, 14; Geo. Peary, 13; J. J. Dockweller, 11.

Several outside men tried their luck as follows:
 G. Hiteman of Kamela, 22 out of 25, with 22 straight; C. McFall of Kamela, 12 out of 25; W. L. Jewell, 17 out of 25.

BREEZE AND LIGHT.
 The sun is bright, the wind is high,
 Far chubby clouds are in the sky,
 A moment stirred,
 Like snowy bird
 That with swift touch her bosom prunes, outleaning,
 Or radiant stoops
 With lofty poise
 Careening,
 A glister over all the air,
 A dangle ether shrinking in the shine,
 A glister traced on the horizon there,
 Bland where the lucent clouds have got,
 Fierce where the clouds have driven and are not.
 —William Renton.

SOME PENDLETON FACTS

PENDLETON has—
 The best railroad service of any town in eastern Oregon, there being 22 daily passenger trains in and out of the city.

The best water system in eastern Oregon, constructed at a cost of \$300,000.

One of the finest and largest athletic stadiums in the northwest.

The largest and best equipped high school east of the Cascade mountains.

The finest municipal natorium in the state, if not in the northwest.

The best public library in the state outside of Portland, amply financed from public and private sources.

The most favorable climate to be had in eastern Oregon, taking the whole year into consideration. It is a city of sunshine and vigor.

These are facts not fables. They are gratifying facts from a Pendleton standpoint and the more these facts become known the better.

On your vacation this summer don't forget where you came from. Give people here and there a line on the prosperous, progressive situation in this city.
 It will do some good.

CAN PERKINS HERD THEM?

GEORGE W. PERKINS, steel trust financier, has notified Oregon progressives through a letter to a Portland man that it has been arranged for all bull moosers to support Hughes. At least that is the substance of his letter.

But is Mr. Perkins to have exclusive authority in the matter? Are the Oregon progressives not capable of thinking for themselves? Are they sheep to be herded and driven in such corrals as Mr. Perkins selects?

What if the progressives should look over the record of the Wilson administration and find therein a splendid lot of constructive, progressive accomplishments? Would it not be the logical thing for them to support Wilson?

The progressives have a man in the White House now; why make a change when he is doing so well.

Two prizes were given, G. Hiteman receiving first prize, a pipe, he having tied with R. Fagan, but they shot off the tie in Hiteman's favor. John Casey received second prize, a package of cigars.

At noon a large picnic was held, followed by the ballgame, Kamela vs. Meacham. They scored 12 to 13 in Kamela's favor.

Lester Soden, former U. of O. football player who has been on the K. G. Warner ranch in the south end the past year, is here today for the celebration.

fund. Other councilmen seemed to think the lack of alleys in the business blocks would make it necessary for the electric company to secure right of way from the owners of the property in order to make connections in the rear of the business buildings. Councilman Vaughan stated that he understood the telephone company plans for rebuilding the local system includes the laying of a cable down Court street and the running of the

Main street lines off of it. There was considerable discussion of the matter and it will probably be continued at later sessions.

Several years ago the matter of removing poles and overhead wires from Main street was brought before the council and was strongly urged by the East Oregonian. At that time the poles and wires on the main streets was declared by Dr. Charles Zuebelin, noted city builder, last week as being one of the unprogressive features of Pendleton.

REBELS Routed BY MARINES

SAN DOMINGO REVOLUTIONISTS DEFEATED BY FORCE OF AMERICANS.

WASHINGTON, July 6.—Routing 250 revolutionists, killing twenty-seven and capturing five, American marines were advancing on Santiago, San Domingo, Saturday. They suffered casualties of one killed and eight wounded. Colonel Pemberton commanded the Americans.

De Trende Brodre, a Danish windjammer, which is in commission and doing a brisk business is 129 years old, was built in 1788 and no doubt carried food to England during the Napoleonic wars, just as she is doing now, notwithstanding all this talk about the freedom of the seas.

The silver output for the last year, \$7,500,000 ounces, while never exceeded in quantity except once in this country, falls below the record of several other years in value of low prices last year.
