NEWS OF PENDLETON

Daughter is Born.

A daughter was born yesterday to Mr. and Mrs. J. H. Frakes of this city.

At Hospital.

Mrs. L. V. Henderson is at St. Anthony's hospital recovering from an operation.

"Lefty" Making Good.

Clyde "Lefty" Schroeder, former Pendleton trier, is now with the Butte team of the Northwestern League and Sunday won his second start from Spokane, 6 to 3. He allowed nine hits.

Should Wn Down Roofs.

When burning stables in vacant lots or along parking, residents should thoroughly wet down near-by shingle roofs. Fire Chief Ringold declared this morning. At this time of year, the chief said, not too much caution can be taken to guard against fires.

Will Visit Hunters.

Stanley G. Jewett of the local office of the Biological Survey, left this morning for Union, Baker and Wal-lawa counties, where he will visit the government predatory animal hunters now stationed there and investigate predatory animal conditions in general.

Small Gasoline Fire.

A fire alarm was turned in from Box 13 last night about 8:30 and the truck hastened to the Independent Garage where gasoline about the service station in the street had taken fire. The flames had been extinguished by the time the firemen arrived.

Fording to Kansas.

Mr. and Mrs. W. Green and son, N. P. Green of Portland, arrived in Pendleton this morning in their Ford on route overland to Kansas City. They left home on Saturday but encountered some extremely bad roads in Morrow county where heavy rains had washed them bare of soil.

To Attend W. O. W. Convention.

Dr. and Mrs. J. D. Plamondon of Athena leave this evening for Denver where Dr. Plamondon will attend the head camp session of the Pacific Jurisdiction of the Woodmen of the World. After the adjournment of the camp sessions the Plamondons will make an extensive vacation trip through Wyoming, Montana, and northern Idaho, returning home by way of Spokane.

Fire Chief Issues Warning.

Fire Chief Ringold this morning warned auto owners to be careful while having gasoline tanks filled from public stations. The fire last night, the chief said, was caused by a spark from the engine which was declared to have been running while the tank of the machine was being filled in Court street. Autoists should see to it that everything is secure against possible fire before they let the gasoline into the tank.

Making Citizens Cut Weeds.

Street Commissioner John Heathman for the past few days has been engaged in serving formal notice upon owners and tenants of property who have not heeded the order to cut the weeds on their property and adjacent streets. The council has instructed the street commissioner to see that all weeds are cut. If necessary the city will cut the weeds and charge the costs to the property.

Local Lady Writes Story.

In the July number of the Outer Hook, a sportsman's magazine, is a story entitled, "Why is a Sportsman," written by Mrs. Nancy Dickson, wife of Westbrook Dickson of this city. The story deals with her husband's fondness for outdoor life, her lack of appreciation of the lure that took him away from home on Sundays and of her discovery, through a trip to the duck ponds of "Hemelston," of the irresistible call of the outdoors. The story is very cleverly written and is illustrated with photographs taken by the author. One of them is a picture of her husband and James H. Bowler equipped for a trip to the duck ponds.

Will Not Make Claim.

Relative to the dispatches from Baker to the effect that other eastern Oregon counties would be asked to join in a demand upon the state for a proper distribution of a 25 per cent share of forest receipts, Judge Marsh states that no such request has been made of him and that he does not believe such a demand would secure any results. Under the law the state is to give 25 per cent of the receipts from forest lands to the county from which the funds are secured, the money to go in the school fund, and an additional 10 per cent for the construction of roads in forest reserves. The estate gives about \$2000 to Umatilla county. Judge Marsh states that he understands that the state is using the road money for building a road up the McKenna river and is acting under instructions from the secretary of the interior.

State Supt. Favors More Normals.

State Superintendent of Instruction J. S. Churchill passed through Pendleton on No. 11 today enroute home from New York where he had been attending the convention of the N. E. A. He telegraphed Prof. A. C. Hampton to meet him at the train and discussed with him the normal school bill initiated by the people of Pendleton. Having been absent from the state since the inception of the move he was not acquainted with the provisions of the bill but expressed himself strongly in favor of the idea of more and better normal training fa-

cilities in the state. He proposes to study the bill and, if it meets with his approval, will support it actively.

Associated Charities Meeting.

A regular meeting of the Associated Charities will be held at 8 o'clock this evening at the city hall.

Attends Buyers' Convention.

L. G. Frazier, proprietor of the local book store, left last night for Portland to attend the convention of buyers in that city.

Warmest Day of Month.

Today is the warmest day Pendleton has experienced this month. This afternoon at 7:20 the official thermometer recorded 95. Yesterday the maximum was only 86.

Hospital Employs Marry.

Peter McNamara and Bridget Gennon, both natives of Ireland and both employed at the Eastern Oregon State Hospital, took out a permit to marry yesterday afternoon.

Sells North Side Residence.

Mrs. L. A. Simons has sold her bungalow at 907 Raley street to Charles Pell of Adams and she and her daughter, Miss Evelyn Kinnman, have moved into the La Dow apartments.

Case is Dismissed.

The case of the Durkee Mercantile Co. vs. Joseph V. Lang has been dismissed from the circuit court docket. Judge Phelps is busy now in cleaning the docket and preparing cases for trial. Today he has been listening to arguments on demurrers.

Off For Head Camp.

J. E. Walker, clerk of Pendleton camp W. O. W. is to leave tomorrow evening for Denver to attend the session of the head camp W. O. W. He is now the head sentry in the head camp and it is possible he may be honored with a higher office this year. Dr. Plamondon of Athena will also attend the head camp session.

Has Miniature Mining Camp.

H. J. Reilly of Sumpter has written to the Happy Canyon committee relative to the prospects of exhibiting his miniature mining camp here during the Round-Up this year. He has a patent upon it, he writes, but has never yet exhibited it. Mr. Reilly states that his miniature shows faithfully the methods of mining in eastern Oregon.

Smut in Wheat.

Grady Howdyshell, well known State Gulch farmer, is in the city today and reports having noticed some smut in the wheat of his section. It is less noticeable in the fall sown grain, he says. Mr. Howdyshell reports that the road down the gulch was damaged by the recent heavy rains but that a car is still able to travel on the high over it.

Minister Leaving on Vacation.

Rev. and Mrs. J. E. Snyder, Miss Mayree and Walter Snyder, will leave in the morning for Portland by auto. Rev. Snyder will go on to Eugene to attend the Presbyterian synod and will later join his family and go to the coast in Tillamook county to remain until the last of August. His address will be Beaver, Ore. During his absence Rev. J. M. Cornelson of Tualilla will supply his pulpit.

150 at Lehman.

There are 150 people at Lehman Springs now for an outing, according to a letter received by Judge Thor Fitz Gerald from his wife who is there for the hot period. Now ones are arriving daily and the resort promises to be more popular than ever. There were about 50 Pendletonians at the springs for Sunday, she writes.

Club Meeting Tonight.

At the regular monthly meeting of the Commercial Club to be held this evening several subjects of great importance to the city will be up for consideration. Among these topics will be the same phases of the movement to establish a state normal school here. The measure has been placed on the ballot and there are good chances for success if a sufficient campaign is but conducted.

Train Still Under Way.

The trial of H. B. Parson and Miss Ethel Betts, vaudeville people playing at Athena who were arrested on a charge of unlawful cohabitation, is still under way before Justice of the Peace Joe H. Parkes. Some of the testimony was taken yesterday afternoon and the case continued until this afternoon. The defendants deny their guilt and charge the complaint grew out of the spite of City Recorder Barnett of Weston before whom they pleaded guilty recently. They are defended by W. M. Peterson.

SOCIAL AND PERSONAL

About one hundred and fifty Rebekahs and Odd Fellows motored out Sunday to the grove at the old agency grounds and enjoyed a picnic. A big lunch was served and a program of sports entertained the crowd during the afternoon. The event proved to be one of the most successful social affairs of the year for the lodge men and women.

Mr. and Mrs. A. F. H. Proctor, motored last week to Lewiston and

will spend a short time there. Mr. Proctor is looking for Indian models for some figures of sculpture he is doing.

Misses Rose and Myrtle Ross have gone to the Ross ranch in the south end of the county.

Mrs. William Stusher has left for Seaside and will be joined en route by her daughter Mrs. F. E. Gulick and granddaughter Virginia Dale.

Clayton Strain, son of Mr. and Mrs. C. P. Strain, has returned from Corvallis where he was engaged in clammy work following his graduation from O. A. C. He expects to remain in the county during the summer.

Alex Manning will leave in the morning with a load of passengers.

E. P. Marshall arrived home this morning from a brief visit in Portland.

A. S. Quant, postmaster and merchant of Abbe, is making Pendleton a visit.

What Wallace, a prominent druggist of Portland, is in the city visiting Dr. H. H. Hattery.

Mr. and Mrs. Harry Selby, formerly of this city but now of Gilman, Mont., are here on a business visit.

Mr. and Mrs. W. J. Bain and Mr. and Mrs. E. E. Bratti of Conby, Ore., arrived yesterday by auto and spent the night at the Pendleton.

In a machine invented in England to test the durability of textiles, dull-edged blades are rubbed by an electric motor against the fabrics until they are worn through.

Let the Hartford take the risk

A spark from a locomotive, a glowing match-head, a tramp's bonfire, a bolt of lightning—any one of a hundred common fire dangers may destroy your crop and the fruits of a year's labor. All these risks are completely covered by Hartford Grain in Field Insurance.

It costs but little. It means much to your peace of mind. Fire is always uncertain. Hartford Insurance is always sure. Write for a sample policy showing what complete protection this form of insurance gives.

Freight for Alaska Offers.

SEATTLE, July 11—Seattle shippers were notified that the government has 3,000 tons of engines, cars, steam-shovels and other equipment assembled at Balboa and would like proposals from vessels passing through the Panama canal to pick up the lot and bring it to this port or deliver it at Anchorage. The equipment is to be used on the Alaska railroad. The shipment must be dispatched from Balboa before October 1 in order to insure delivery at Anchorage before the close of Cook Inlet navigation.

Watches to Satisfy

Punctuality and accuracy are life's most important requirements. Time is money. Getting things done on time—at the right time—leads to success and fortune. Last time can never be recovered. Therefore it is essential that you should have a good watch—a watch that will keep and not lose time.

We particularly recommend the "Hallmark Watch" where accurate timekeeping is of paramount importance. It is standardized dependability and the choice of America's leading jewelers.

It is designed for and cherished by critical, exacting people.

It is a "made to order" watch thru and thru. Guaranteed by the maker and me.
