WATERY BLISTERS ALL OVER HANDS

Spread Rapidly to Elbows. Very Painful and Itched and Burned. Nearly Crazy with Irritation.

HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began when my hands began to get all over in little watery blisters and spread rapidly to my elbows. The breaking out was red and unsightly and my hands were extremely itchy and with inflammation and were swollen. They were very painful and both itched and burned and I was obliged to scratch and then they seemed to be irritated worse and I could not sleep. When some day I nearly went crazy with the irritation.

"The eruption came on a week before I got Cuticura Soap and Ointment. In twenty-one days I was healed. (Signed) Mrs. George Fortin, Thore, Wash., July 13, 1915.

U-BOAT IS HELD TO BE PEACEFUL SHIP AFTER AN INQUIRY

EMBASSIES OF ENTENTE ALLIES WILL BE SO INFORMED BY AMERICA.

Prima Facie Case Is Made; Washington Experts to Announce Decision Today; Allies Declare German submarine U-101 Is "Potential Warship," Subject to Attack.

WASHINGTON, July 12.—Final decision by the state department that the German submarine Deutschland is a merchant ship entitled to all privileges accorded under international law to a belligerent-owned freighter was forecast on receipt of preliminary reports on an inspection of the derelict liner at Baltimore by naval officers and treasury officials.

Collector Ryan of Baltimore, telegraphed the treasury department that after a thorough examination of the boat by himself and Captain C. F. Hurkes, appointed by the navy department to assist, he adhered to his previous opinion that the vessel is an unarmed merchantman, incapable of conversion for warlike purposes.

"without extensive structural changes."

Prima Facie Case Established.

The state department was advised of this and a detailed report mailed by Collector Ryan and Captain Hughes will be submitted. Department officials believed that a prima facie case tending to prove that the Deutschland is a peaceful and unarmed merchantman had been established.

Formal representations have been made by the British and French embassies holding that the submarine is a "potential warship," not entitled to the freedom of American ports and subject to attack at sight on the high seas. These contentions will be considered in connection with the reports of the federal investigators. Acting Secretary Polk said that allied diplomats would be informed of the result only if they made inquiry.

Student Is Made Happy.

SEATTLE, Wash., July 12.—Ever since the European war broke out George Grimstad, graduate student well known on the campus, has been trying to find a means of returning to his native city, Christiania, Norway. He is in receipt of welcome news from the Norwegian consul in Seattle that he has been assigned to escort a mail boat by himself and Captain C. F. Hurkes, appointed by the navy department to assist, he adhered to his previous opinion that the vessel is an unarmed merchantman, incapable of conversion for warlike purposes.

MANY MATTERS ARE DISCUSSED DURING MEETING AT RIETH

SAFETY FIRST COMMITTEE TAKES UP SUBJECTS OF INTEREST TO MEN.

(East Oregonian Special.) RIETH, Ore., July 12.—The local Safety First Committee had a very interesting meeting in Mr. Jackson's office Thursday afternoon. Yardmaster O. J. McKee was asked to the committee as representing the yard service. Many subjects of vital interest to the employees and public alike were discussed and recommendations made to the division committee at La Grande.

D. W. Jackson was on the sick list a couple of days last week but is around again now. Operator F. S. Lyons spent Sunday in Huntington visiting with a friend.

Manifest Clerk CHY D. McNorton has resigned and will go to The Dalles to work for a cannery company. Mrs. G. S. McClellan was called to Union Saturday on account of serious illness of her mother. Park Meyers, day cater, is spending

a couple of days on steamer creek fishing, being relieved by Robert Smith Jr.

Mr. and Mrs. E. J. Anthony were the recipients of a 5-pound can of coffee, compliments of Gray Bros. Grocery Co., in honor of the first babe born in Rieth.

L. A. Steves of Salem, is the new manifest clerk at the local office relieving C. D. McNorton. Messrs Burroughs and Steiner of Pendleton were in our city one day last week looking over the building situation with a view of erecting some houses for rental purposes immediately.

Judge Marsh of the county court, accompanied by County Commissioner Cookburn, came out and definitely located the new bridge to be built over the Umatilla river about 80 rods below the railroad bridge. Much credit is due these gentlemen for the interest they have taken in the matter and the appearance of surveyors on the ground Monday to make the survey for approaches, etc., shows that they mean business.
