PRESIDENT BIDS FOR SUPPORT OF THE MOOSE VOTE

Wilson Expresses Belief That Democratic Party Represents Larger Part of Progressive Power.

IS PROUD TO BE ITS LEADER

Declares That He Has Tried to Deserve the Support of All Progressive and Forward-looking Men...

WASHINGTON, July 14.—Expressing the belief that his party represents a larger part of the progressive power and thought than any other...

Irish Rioters at Cork in Outbreak Against Soldiers

SEVERAL HUNDRED PARADE STREETS HISsing TROOPS; MOB IS DISPERSED.

CORK, July 14.—Several hundred rioters paraded the streets this morning, beating and hissing the English soldiers and smashing windows of recruiting offices...

MANY TOURISTS ARE COMING

AUTOISTS PASS THROUGH CITY DAILY IN EVER INCREASING NUMBERS.

Though the Panama-Pacific exposition was responsible for many automobile tourists passing through Pendleton last summer, indications are that the tourist traffic of the present year will be just as heavy...

Prior to last year the tourist travel by automobile through eastern Oregon was very light...

NEWS SUMMARY

- General: Hundreds of persons hunting man-eating sharks along Jersey shore. Irish mob jeers soldiers but riots are quelled. British make another huge smash against the German lines. French also advancing. Villa demands surrender of Chihuahua City. Local: Petitions filed for formation of Port of Umatilla. Friends of deposed librarian active to retain her. Smythe and Lonergan purchase Pendleton Ice & Cold Storage Co. School board offers use of local schools for normal training. Indians attempt to rescue arrested comrade.

FORMING PORT DISTRICT TO BUILD \$420,000 PITMAN ROAD

To form a port district comprising the territory between German Hall and Umatilla and to bond the same for the purpose of constructing an approximate cost of \$420,000 a double track Pitman concrete roadway from German Hall to the Columbia river at Umatilla is the purpose of a move now underway here.

To this end a petition calling for an election to form the port district has already been filed with the county court. The petition is signed by 40 residents of the proposed port which will be known as the port of Umatilla.

Has Bonding Power. Under the port law of the state of Oregon a board of port commissioners has to vote to incur indebtedness and to vote bonds for improvements. It is not necessary for the commission to submit the matter to the people of the district for their decision. It is held to be the intention of those in charge of the movement here to have action taken in this manner provided the port district can be formed. To this end five men are being recommended to the governor as shillings for appointment upon the commission. These men who are pledged to carry out the enterprise if appointed are H. O. Earnhart, W. L. Guernsey, Herman Sahl, H. J. Williams and D. R. Brownell. A majority vote of all in the district is required to form the district. The chief mover in the enterprise is F. L. Pitman, a well known railroad engineer, formerly with Hubert E. Strahorn. Mr. Pitman is the inventor of the concrete rail

VILLA DEMANDS THAT CHIHUAHUA CITY SURRENDER

Rebel Chief Reported to Have Declared That Unless Terms are Met His Whole Army Will Attack.

TREVINO AND CARRANZA OUT

Break Said to Have Occurred Between Mexican Leaders and De Facto Head; Commission of Three Men Proposed by Carranza Means of Settling the Present Trouble.

EL PASO, July 14.—Villa has demanded the surrender of Chihuahua City. It was authoritatively reported today. General Bell declared that he had been reliably informed that Trevino had broken from the Carranza government. It was reported that Villa informed Trevino that if Chihuahua was not surrendered the entire Villa army would attack the city. Trevino revoked his orders detaining shipments of supplies for the American expedition. WASHINGTON, July 14.—A commission of six men, three from each country, will be proposed by Carranza as an investigating body to study and settle the Mexican controversy. It was learned today. The proposal will be submitted to the state department within a few days. The commissioners will be directed to formulate a complete series of remedial steps, probably involving a patrolling of the border by troops of both countries. It would have impartial powers and be expected to find causes of differences between the people of both sides of the boundary.

Submarine Which Escaped Allies

After a two days' chase of over six hundred miles off the Virginia Capes, the German super submarine "Deutschland" avoided its pursuers by reaching American waters.

The submarine was four days overdue. It is said the pursuers are responsible for the delay. The vessel covered a distance of 4180 miles and 1800 miles of the journey was made under water.

Fight Will be Waged to Have Miss Nason Remain as Head of the Umatilla County Library

Friends of Miss Sabra L. Nason, whose resignation as librarian was requested at a meeting of the library board Wednesday evening, are preparing to make a fight for her retention. Just what line of action they will pursue they have not definitely determined but they are discussing various ways and means. They are, in the first place, questioning the legality of the action taken the other evening. The meeting was not a regular meeting and while the by-laws provide that any two members may request the secretary to call a meeting, they contend that only the particular business for which the meeting was called can be transacted. If the meeting was an adjourned meeting a different complexion may be given the transactions. Discussion of invoking the recall upon members of the board who voted for the motion is also heard. Membership to the board is appointive and not elective so that the members cannot be recalled as such. However, two members of the board hold other public offices which are elective and some of the champions of Miss Nason wish to start a recall against them in an effort to discredit them. Another move that is being considered is the circulation of a resignation. Already some of those interested in keeping the librarian have approached citizens tentatively and claim that they can secure many names. However, other reports are that many people are steering a neutral course. Still another action that is being considered is an attempt to rescind the action of Wednesday evening. There were only six of eleven members present when the vote was taken and five of those voted affirmatively. With a full board meeting some of Miss Nason's friends express the belief that the action would be reversed. As for the members who voted for Miss Nason's dismissal they are saying little. They express regret that their action has stirred up a controversy but declare that they feel they have plenty of reasons to justify their action and will make them public if necessary.

WASHINGTON, July 14.—Lansing submitted to Wilson and the cabinet today Carranza's suggestion for the appointment of a commission of three from each nation to settle the Mexican problem. It became known that Wilson heartily approves of the plan. It was expected that he formally would approve of it this afternoon before leaving for a week-end trip on the Mayflower.

Closing Prices Today are Somewhat Weaker

Table with columns: Commodity, Price, Change. Includes Wheat, Corn, Soybeans, etc.

Portland, Ore., July 14.—(Special)—Club 39; Bluestem 39.

Liverpool, July 14.—Wheat—No. 1 spot Manitoba 10s 10d (\$1.57 per bu.); No. 2; 10s 9d; No. 3 red western winter, 10s 4d.

Grasshoppers in Kansas. OAKLEY, Kan., July 14.—With clouds of grasshoppers greatly damaging crops, Logan county officials announced they would furnish free poison to fight the pests.

Huge U. S. Guns Point Toward Juarez

47 INCH GUN ON BORDER. EL PASO, July 14.—This is a picture of one of the 47 inch guns of Battery C, 2nd U. S. Field Artillery. This gun is one of the many pointed toward the Mexican side of the border to remind our neighbors that Uncle Sam is prepared and ready.

ICE AND COLD STORAGE PLANT HERE BOUGHT BY SMYTHE AND LONERGAN; INVOLVES \$40,000

Through a deal that went into effect July 10, Dan P. Smythe and C. P. A. Lonergan purchased the Pendleton Ice & Cold Storage Co. and the wood and coal business of Kopitke & Gillanders. The transaction involves property valued at \$40,000, comprising the ice and cold storage plant, the wood and coal business and much wood at Meacham. It does not include the real estate owned by Kopitke & Gillanders. Mr. Lonergan, who has been local superintendent for the Warren Construction Co., has resigned his position with that company and will be manager of the new company here, which will be called the Smythe-Lonergan Co. Dan P. Smythe is president of the company and C. H. Carter, secretary. Both Mr. Smythe and Mr. Lonergan are aggressive business men and it is understood they plan to follow a vigorous policy or building up the business wherever possible. The new company will handle the entire distribution of their ice in Pendleton. Since the death of Henry Kopitke, Earl Gillanders has been in sole charge of the old company's business and he has been the chief owner, having bought out one of the Kopitke heirs. His reason for retiring is given as a desire to take a rest and to devote his time to other business interests he has here, at Umatilla and Meacham. He is heavily interested in a sand and gravel business and will give most of his attention to that business. For the time being however, Mr. Gillanders will remain with the new company. The accounts of the old company go to July 10 and the business of the new company dates from that time.

Young Indians at Cayuse Come Near Starting Trouble

Trouble of a rather serious nature was threatened for a time Wednesday evening at Cayuse, where the Indians are holding their big July celebration. When a number of wild young bucks undertook to rescue one of their number from Alf Orfidal, special federal officer. However, the sight of the officer's gun and his "business" look quelled the would-be rescuers without bloodshed. Orfidal had placed under arrest John Thomas, sometimes known as John Mitchell and a well known Indian disturber of the peace. He was charged with having introduced liquor on the reservation. Orfidal had no sooner taken him into custody than Harry Lott, Joe Hays, Lucien Williams, Joe Williams and other notorious young Indians undertook to take him from the officer. When they closed in upon him however, Orfidal drew his gun and adopted such a menacing attitude that their advance was stopped. Thomas was then placed in an auto and brought to the city. He was given a hearing yesterday before S. A. Newberry and held to the federal grand jury.

Super-Zeppelins Will be Built to Carry Passengers

BALTIMORE, July 14.—Super-Zeppelins, carrying passengers, probably soon will be operating between Germany and the United States, Captain Koenig of the submarine Deutschland, intimated. We are building such Zeppelins, large enough to hold 40 passengers, he said. "Will they come here?" he was asked. "They might, but will not carry freight, just passengers. We are making quite a number of these Zeppelins now."

ATTEMPT MADE TO RESCUE ONE OF NUMBER TAKEN UP BY OFFICER

Trouble of a rather serious nature was threatened for a time Wednesday evening at Cayuse, where the Indians are holding their big July celebration. When a number of wild young bucks undertook to rescue one of their number from Alf Orfidal, special federal officer. However, the sight of the officer's gun and his "business" look quelled the would-be rescuers without bloodshed. Orfidal had placed under arrest John Thomas, sometimes known as John Mitchell and a well known Indian disturber of the peace. He was charged with having introduced liquor on the reservation. Orfidal had no sooner taken him into custody than Harry Lott, Joe Hays, Lucien Williams, Joe Williams and other notorious young Indians undertook to take him from the officer. When they closed in upon him however, Orfidal drew his gun and adopted such a menacing attitude that their advance was stopped. Thomas was then placed in an auto and brought to the city. He was given a hearing yesterday before S. A. Newberry and held to the federal grand jury.

TEXAS MILITIA IN CLASH WITH MEXICAN BAND ON RIO GRANDE

SAN ANTONIO, July 14.—The first clash between the militia and the Mexicans was reported to Austin this afternoon. Company C, second Texas infantry fired on six Mexicans who crossed the line near Donna this morning. The band was driven back across the Rio Grande after several shots were exchanged.

JUDGE CLARKE NOMINATED

NAME SENT TO SENATE TO SUCCEED HUGHES ON THE SUPREME BENCH.

WASHINGTON, July 14.—President Wilson nominated Judge John H. Clarke of Cleveland as associate justice, succeeding Hughes. The nomination was sent to the senate today.

British in Dash Break Line Along Four Miles

English Sweep Into Two Villages and Clear Trones Woods of the Germans in Greatest Gain Since Offensive Was Launched.

BATTLE RAGING AT ALBERT

Haig Reports That His Troops Have Attacked the Enemy's Second System of Defense; Blow Struck in Every Sector.

FRENCH ALSO ARE ADVANCING

Left Wing Pushes Forward at Same Time as English Advance; German Positions are Rendered Very Critical.

LONDON, July 14.—British troops broke the German line on a four mile front at dawn today, the smashing blow sweeping the British into the villages of Longueval and Bazentin le Grand and clearing Trones wood. An advance of more than a mile was made. The gain is the greatest since the opening of the great assault 13 days ago. Early bulletins indicated that one of the greatest battles of the allied offensive is being waged northeast of Albert. Haig reported: "We have attacked the enemy's second system of defense. We broke their positions on a four mile front, capturing some strongly defended localities. The heavy fighting continues." Special dispatches from headquarters announces the capture of the villages. A blow was struck in every sector where the Germans had assembled their heaviest reinforcements. The British advance is in the direction of Bapaume, the immediate objective. Longueval is seven miles southwest of Bapaume and Bazentin is immediately east of Contalmaison, whose capture Bertin attained yesterday. The French left wing pushed forward simultaneously, said an unofficial Paris report, straightening the French line between Hardcourt and Guillemont and threatening the village of Mautrepas. A dispatch filed in Paris at midnight reported that the British had pushed through Mametz wood to the Longueval road, 500 yards from the village. The remaining distance was covered with a rush when the offensive was resumed at daybreak. Paris reported that the German positions along the Bapaume highway were rendered extremely critical as a result of the British advance. Dispatches from headquarters this afternoon reported that the British are consuming their advance and have captured the village of Bazentin le Petit. The village of Bazentin is mostly in British hands but there is furious fighting on the outskirts. Many prisoners were taken, including a German regimental commander.
