AMENDMENT TO THE STATE LIQUOR LAW SUGGESTED REMEDY

WOULD PROVIDE THAT MANUFACTURERS, DESIRING ALCOHOL FOR BUSINESS MAY GET LARGE QUANTITIES.

Attorney-General Brown May Prepare for Consideration of Next Legislature—Is Hopeful Law Will Be Adjusted in Fair Manner.

SALEM, Ore., July 27.—An amendment to the present prohibition law whereby manufacturers desiring alcohol for use in their business may obtain it in larger amounts than the law now permits is suggested by Attorney-General Brown as the best way to solve the problem now confronting Oregon manufacturers.

If no one else should propose such an amendment, the attorney-general said that he would prepare an amendment for consideration of the next legislature by which the legitimate manufacturer needing alcohol could obtain it in sufficient quantities after furnishing a satisfactory bond. The attorney-general believes that the law can be amended so as to give relief to Oregon manufacturers and at the same time prevent importation of alcohol for illegitimate purposes.

Validity of Decision Doubted.
The recent decision of Circuit Judge Morrow of Multnomah county, holding that any manufacturer needing alcohol in wholesale quantities may import as much as is desired for manufacturing purposes, in the opinion of Attorney-General Brown, will not stand under test.

"In any event," said Mr. Brown, "state officials will continue to enforce the law as it is now on the books. As I understand Judge Morrow's decision, the San Francisco & Portland Steamship company is held liable for delivery of two barrels of spirits to Wadhams & Co. Under the prohibition law, however, it is unlawful to receive more than the legally specified amount of intoxicating liquor, and the contention might be made that the receipt of more than the specified amount of liquor constitutes a violation of the prohibition law.

Receipt Declared Criminal.
"By careful reading of section 12 of the prohibition law, it will be seen that it is made criminal for any person to receive intoxicating liquor, the transportation or delivery of which has been in violation of the provisions of the section. The legislature had a right to pass a prohibition law prohibiting the manufacture and sale of intoxicating liquors in the state of Oregon. It had an equal right to limit the amount of intoxicating liquor that might be lawfully delivered to any person within the state.

"The Webb-Kenyon law especially permits the lawmaking power of the state to enact legislation making criminal the receipt of alcohol as was sought by Wadhams & Co.

Liquor Made Outlaw.
Intoxicating liquor, in the aspect of being received, possessed or kept, or in some way used in a manner prohibited by the laws of the state to which it is to be or is in fact, imported, is an outlaw and divested of its interstate character and withdrawn from interstate protection at the hands of the federal government.

"In my mind, there is no doubt but that it is entirely lawful for the legislature to prohibit or regulate the receipt and possession of intoxicating liquors by a citizen, whether the same be for the purpose of manufacturing extracts or for personal use."

Taking Big Chances.
It is a great risk to travel without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as this preparation cannot be obtained on the prairie or steamship. Attacks of colic complaint or often sudden and very severe, and everyone should go prepared for them. Obtainable everywhere.—Adv.

JUNE POSTAL SAVINGS BREAKS ALL RECORDS

\$86,000,000 Standing to the Credit of 603,000 Depositors in United States.

NEW YORK, July 25.—June records for postal savings deposits were eclipsed last month, when a net gain of more than \$2,300,000 was rolled up, quadrupling the net increase for June, 1915, according to figures made public today at the New York post-office. Postmasters attribute the increase, it was said, to the country-wide prosperity of wage earners and to the legislation of May last, which increased the limit of deposits from \$100 to \$1000 a month.

Among the cities showing the largest gains for June are: New York, \$528,912; Brooklyn, \$262,205; Detroit, \$167,253; Chicago, \$123,042; Boston, \$91,069; Pittsburgh, \$88,304; Cleveland, \$74,754; Buffalo, \$52,946; Milwaukee, \$48,497; Philadelphia, \$47,088; Portland, Ore., \$46,448; Newark, N. J., \$46,337; St. Louis, \$49,139; Kansas City, \$42,012; Los Angeles, \$28,406; San Francisco, \$27,734; Jersey City, \$23,559; Columbus, Ohio, \$22,768; Tacoma, \$22,420; Toledo, \$20,772; San Diego, \$18,641.

On June 30 there were 7701 post-offices accepting deposits in the United States, Alaska, Porto Rico and Hawaii, and the number of depositors approximated 603,000, with \$86,000,000 standing to their credit. Eight offices, New York, Brooklyn, Chicago, Boston, Detroit, Pittsburgh, Chicago, Boston, Detroit, Pittsburgh, San Francisco and Portland, Ore., have passed the \$1,000,000 mark and these eight hold approximately 42 per cent of all deposits.

LABOR DEPARTMENT TO SEND AGENTS TO AID STRIKE SETTLEMENT

SEATTLE, July 26.—Immigration Inspector White, the Longshoremen's strike mediator, said the labor department is sending several Washington agents to confer with the strikers and employes in every city affected. They hope to effect a settlement.

White said it probably would require some time to complete the work. They must change the entire attitude of the strikers and employes. The water front is guarded following the outbreak of strike violence. A crowd of strikers rushed the strikebreakers and the latter fled and remained concealed until the strikers departed.

An adjustably mounted lens has been invented to be attached to cameras to enlarge the images seen in the finders.
