Two Indictments Returned Against Tacoma Strikers

GRAND JURY IS PROBING RECENT LONGSHOREMEN'S DISTURBANCES.

TACOMA, July 28.—The grand jury investigating the longshoremen's strike riots returned two indictments. Robert Barney was arrested on a charge of participation in the disturbance at the sperry mills. The jury started the probe later when more serious clashes between union longshoremen and strikers occurred. It is believed the jury is investigating the Pacific avenue riot wherein a deputy killed Alexander Laidlaw.

PER CAPITA COST AT STATE PRISON REDUCED

Big Increase in Population of Penitentiary is Shown by Statement.

SALEM, Ore., July 26.—According to figures prepared by Frank Davy, head of the penitentiary accounting department, the salaries of the officers and employees of the institution are considerably less proportionately under the present administration than they have been for years.

His figures show that in February, 1915, the population was 281, and the payroll \$238,888; that in 1914 the population was 271 and the payroll \$269,352; that in 1915 the population was 352, and the payroll \$281,129; and that in 1916 the population was 557, and the payroll \$292,167.

During the month of March the figures further show that in 1915 the population was 353 and the payroll \$262,533; in 1914 the population was

lawyer and practised in several cities of Indiana. He was a member of the Indiana state senate, a member of congress, and from 1905 to 1909 was governor of Indiana.

271, and the payroll \$257,811; in 1915 the population was 493, and the payroll \$270,918, and in 1916 the population was 564, and the payroll \$275,823. Similar showings are made for the months of May and November during the years 1913-14, 1914-15.

All of the brick walks at the prison have been replaced by cement walks and the old wooden porches and steps at the four main entrances have given way to cement steps and landings.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.—Adv.

KANSAS CITY, July 28.—A shivering negro entered police headquarters, swung his arms and shivered. He stamped his feet, blew on his fingers, and said: "Say, boss, why don't you clear away the snow? It's so deep the trucks can't get through. The ice is so bad that everybody is falling and it's still snowing." The negro was detained. The temperature is ninety seven in the shade.

DOG OBEYS OWNER'S VOICE ON TELEPHONE

"Nipper" Hikes Home When Ordered by His Master Over Wire.

ROCHESTER, N. Y., July 26.—Will McKay had to telephone his dog "Nipper" to come home today. "Nipper" went in a hurry when his master telephoned. Nobody else had been able to make him budge.

Will and "Nipper" went fishing Sunday. "Nipper" wandered away and McKay returned the seven miles home without him. McKay's home telephoned today that "Nipper" had shown up, but would not go home. "Put him up to the phone," said McKay. It was done.

"Nipper, come home right away," said McKay, sternly. "Nipper" barked "Yes sir, an' right," or something like that into the mouthpiece and dashed merrily for home.

WOMEN WANT MORE SPEED.

MILWAUKIE, Ore., July 25.—The women of Milwaukie are going to take a hand in the city elections hereafter. They say they are tired of the methods of the councilmen at the municipal election in November they will try to elect two women to the council. They may decide to reach for the mayoralty. A considerable number of women own property here.

"We need a complete change in the council," said Mrs. Maggie Johnson, secretary of the Milwaukie Commercial club, "and at least two women should be elected next November to three men. We have good men in the council, but they don't know how to push business, and the sessions last until midnight, as it did last night, when the real business could have been finished within an hour's time."

HOMESTEADERS ARE GIVEN MORE LEeway BY NEW AMENDMENT

ADDITIONAL ENTRY WITHIN 20 MILES OF THE ORIGINAL NEEDS NO RESIDENCE.

Clause Virtually Restores Under Certain Conditions Another Homestead Right to Persons Having Used One.

LA GRANDE, Ore., July 28.—First definite explanation of the recent amendment to the enlarged homestead act, has been made public by the La Grande land office. The amendment became effective July 24, but to date little has reached newspaper columns of its precise working details. Inquiries are pouring into the land office in this city, and Register F. C. Bramwell and Receiver Nolan Skiff, have been busy writing letters on this subject. As a comprehensive and detailed explanation of the new law may be cited a letter forwarded to Joe H. Parkes of Pendleton today. In this letter to Mr. Parkes the officials say:

I am in receipt of your inquiry relative to a bill introduced by congressman Sinnott, as an amendment to the enlarged homestead act, authorizing additional entries for land not contiguous to the original entry. You ask to be fully advised as to the provisions of this bill.

You perhaps have reference to the Act of July 3rd, (Public No. 142) amending the act of February 19th, 1909, commonly known as the enlarged homestead act, by adding thereto an additional section to be known as section seven.

This act provides: That any person who has made or shall make homestead entry of less than three hundred and twenty acres of land of the character herein described, and who shall have submitted final proof thereon shall have the right to enter public lands subject to the provisions of this act, not contiguous to his first entry which shall not with the original entry exceed three hundred and twenty acres; Provided, That the land originally entered and that covered by the additional entry shall first have been designated as subject to this act, as provided by section one thereof; Provided further, That in no case shall patent issue for the land covered by such additional entry until the person making same shall have actually and in conformity with the homestead laws resided upon and cultivated the lands so additionally entered, and otherwise complied with such laws, except that where the land embraced in the additional entry is located not exceeding twenty miles from the land embraced in the original entry no residence shall be required on such additional entry if the entryman is residing on his former entry; And Provided further, That this section shall not be construed as affecting any rights as to location of soldiers' additional homesteads under section twenty-three hundred and six of the Revised Statutes.

Under department construction as announced in Circular No. 486, approved July 8th, 1915, additional entries will be allowed only in the states where the enlarged homestead act is in force and where final proof on the original entry has been submitted. Where the additional entry is within twenty miles of the original entry, and the applicant still maintains his residence on the land first entered, no residence on the additional entry will be required, but cultivation, under the Act of June 6th, 1912, must be shown on the submission of final proof. If the additional entry is more than twenty miles from the original entry, both residence and cultivation, under the three-year law will be required. To determine the distance between the two entries, the nearest points, measured on a straight line, will control.

In all cases, the land in the original entry, as well as the land applied for under the additional application, must be designated under the enlarged homestead act; but where the land in either entry has not already been designated the applicant may file a petition for designation, in duplicate as provided by the act of March 4th, 1915, and department Circular No. 492, except that separate petitions must be filed if the land in both the original and additional entries has not been designated.

Where an applicant for an additional entry made his original entry in a different land district, inquiry will be made of the proper land office to ascertain whether or not the land in his original entry has been designated. If not already designated under the enlarged homestead act, the applicant will be allowed thirty days in which to file a petition for designation, covering the undesignated land.

Under this act, any person who has heretofore made a homestead entry on which proof has been submitted, may make a second, or additional entry, for such an area as will, when added to the area heretofore entered, not exceed 320 acres. However, if such person, for example, has made a timber and stone or desert land entry for 160 acres, and a homestead entry for 160 acres, he would still be entitled to make an additional entry of 160 acres more, under the provisions of this act.

Applications under this act will be the same as other homestead entries. For 160 acres the filing fee will be \$16; for 120 acres, \$14.50; for 80 acres, \$8.00, and for 40 acres, \$6.50. If you desire to make any further inquiries as to the provisions of this act, we will be glad to answer them promptly.

Yours very respectfully,
F. C. BRAMWELL, Register.
