

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Dr. J. C. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

RED CROWN GASOLINE

SCHOOL BUILDINGS MADE READY FOR OPENING SESSIONS

ACTIVE PREPARATIONS GOING ON FOR PUTTING STRUCTURES AND BUILDINGS IN FINE SHAPE.

With the opening of school set for Sept. 11, active preparations are being made for putting the buildings and grounds in condition for the term.

The buildings have all been repaired. New blackboards have been installed where necessary and the floors of the grade schools have been sanded and oiled. If it is legally necessary, fire-escapes will be put on the grade schools, although it is believed the schools have been built with the greatest care regarding the safety of the children. The proposition has been taken up with Attorney General Brown.

The high school yard has been graded and the lawn in front of the building is in fine condition. A fine quarter mile track has been made for track work back of the school. The lighting system for the stage in the auditorium has been installed and approved by the city fire department. The following is the teaching corps for the year:

City Hall.

A. T. Park, superintendent.
Ross L. Hamilton, assistant to the superintendent.

High School.

Harry T. Drill, principal; J. L. Whitman, science; F. H. Young, commercial subjects; R. E. Choupeck, manual arts; Clarence Tabbs, assistant manual arts; Virgil Fendall, agriculture, farm mechanics and physical culture; Alice Butler, domestic art; Alberta Cavendar, assistant; Norma Graves, English; Anna Slater, assistant; Camille Dawson, German and Latin; Caroline Bonnes, history; Elizabeth Tucker, mathematics; Louise G. Bailey, physical culture and

personal hygiene; Nellie E. Anibal, music.

Hawthorne School.

Elmer E. Geiss, principal; George Keest, seventh grade; Olive Boyce, sixth grade; Vesta Boylen, fifth grade; Ethel Rogers, fourth grade; Ethel Freeman, third grade; Daisy McPherson, second grade; Luella Spooner, first grade.

Field School.

Cora Eby Geiss, first grade.

Lincoln School.

Della Rush, principal; Atile Rouanoin, seventh grade; Loretta O'Connell, sixth grade; L. Days Idleman, fifth grade; Elvia Boone, fourth grade; Elvia Boone, fourth grade; Jeanne Anderson, third grade; Maude Maxwell, second grade; Mrs. Paratole Hailey, first grade.

Washington School.

Albert E. White, principal; Flora Shaw, seventh grade; Rae McCulley, sixth grade; Louise Deute, fifth grade; Florence Lusted, fourth grade; Maye Hagar, third grade; Vesta Cutforth, second grade; Neva Lane, first grade.

Fay N. Dunham granted a six months' leave of absence for the first half year, and Vesta Cutforth for the second half of the year.

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.—Adv.

COYOTE ROAMS LA GRANDE

Travels Through Town Speeded Up By Honk of Automobiles.

LA GRANDE, Aug. 10.—A large coyote, appearing suddenly on a downtown business street, began an unconcerned jog down a paved street this afternoon, but as automobiles began to buzz by he demonstrated a keen sense of alarm and went into high speed.

He continued his journey through town, disappearing in a wheat field.

A dog is known by the fight's he's been in.

Market Excited--Wheat Prices Soaring

PORTLAND, Aug. 10.—The greatest advance for many a day was forecast in the price of wheat at Chicago during the day's early trading, and new high records were established in prices for the present season to date.

The advance in Chicago was due to covering by shorts, who had not only taken profits a few days ago, but had sold more than they had.

There was also a firmer and higher tone abroad, due to the further reports of Canadian damage, but the Chicago advance will not have any effect upon the European trade until Thursday.

Flour market is firm and somewhat excited, with a further advance of 20c a barrel very probable for the immediate future. The demand for northwest flour from outside sections of the country is keener than ever before, and this has likewise stimulated home buying.

Broomhall cabled from Liverpool that spot wheat was firm, 2 to 4d higher at the start, but later advanced 2 to 6d. The Liverpool market opened strong and excited on Canadian rust reports, and the fact that the government report was more bullish than expected. Manitoba and winters strongly higher and the demand good.

Flour—Selling price: Patent, \$5.99; Willamette valley, \$5.26; local

straight, \$4.0; bakers' local, \$5.40; Montana spring wheat, \$7, exports, \$4.70; whole wheat, \$5.80; Graham, \$5.60; rye flour, \$5.25 per barrel.

Hay—Buying price, new crop: Willamette valley timothy, fancy, \$12.00; eastern Oregon Idaho, fancy timothy, \$12.00; alfalfa, \$14.50; valley vetch, \$11.00; chest, \$10.00; clover, \$9.00 per ton.

Grain sacks—14c nominal; No. 1 Calcuttas, 11 1/4-11 3/4 in cartons, less amounts are higher.

Minerals—Selling price: Bran, \$2.50; shorts, \$2.50 per ton.

Molasses—\$6.25-\$6.50 per barrel.

Wheat bids on the Portland Merchants Exchange advanced in sympathy with the sensational rise in Chicago. The closing there was at practically the high mark for the day, of 19 1/2 to 11 1/4-14c. Local bids were 2 1/2 to 3 1/2c higher than the previous day.

Local oats bids were firmer, but unchanged, and no quotations were named for barley.

There was only a small amount of stuff reported in the North Portland yards over night.

Trend of the cattle trade is so poor that it is almost impossible to tell definitely what the price is. Leaders of the trade now figure that best steers are worth \$7, best cows \$5 and best bulls \$4.50.

For ordinary stuff it is like pulling teeth to secure buyers at any price just now.

General cattle market range:
Prime light steers \$4.50-\$6.75
Prime heavy steers 7.00
Good light steers 6.90-\$6.25
Stockers and feeders 5.00-\$5.75
Prime dehorned cows 5.00
Common cows 2.90-\$4.00
Bulls 3.50-\$4.00
Prime light veal calves 7.00-\$7.50
Prime heavy veal calves 4.00-\$6.00

Hog Market Is Firm.

Market for hogs is very firm at North Portland, with the limited arrivals of the last few days quickly snapped up. In general the trade here is standing in the best condition of any of the country's markets.

General hog market range:
Choice light weight \$9.70-\$9.75
Good light weights 9.50-\$9.60
Medium weights 9.10-\$9.25
Rough heavy 8.70-\$9.00

Valley Stuff Arrives.

A small amount of Willamette valley lambs and ewes came forward to North Portland over night. Trend of the trade is uniformly good, with former prices stiffly maintained.

General mutton and lamb market:
Select spring lambs \$8.00-\$8.25
Ordinary lambs 7.50-\$7.75
Best yearlings 6.25

Good to common wethers 5.75-\$6.00
Good to common wethers 5.75-\$6.00
Best ewes 5.00-\$5.95
Good to common ewes 4.90-\$4.50

A further advance in the price of butter is expected in the local trade as well as at other Pacific northwest points within the immediate future. While the price for extras here remains at 30c a pound, it is stated that some of the Puget sound interests are obtaining a cent above this for cartons.

The demand for the better grade creamery butter is unusually strong. Some of the creameries are unable to fill orders promptly and the call for supplies is increasing daily.

This is affecting the entire butter trade and a general advance is forecast by handlers. This includes dairy as well as creamery, the former showing several slight advances of late with only scant supplies coming forward.

HUGHES DELIVERS FIRST PLATFORM TALK AT WINONA

SAYS HE REPRESENTS A REUNITED REPUBLICAN PARTY READY TO SAFEGUARD COUNTRY'S INTERESTS

(Perry Arnold.)

WINONA, Minn., Aug. 10.—Hughes delivered his first platform speech yesterday morning. He was breakfasting as the train stopped. He hurried to the platform and said: "Good morning. I am very glad to have the opportunity of saying good morning. The fact that you are here at this hour shows a deep interest in this campaign. We want a revival of the true American spirit. I represent a reunited republican party, ready to safeguard all the country's interests by wise, upbuilding policies. I salute you."

He then went through the crowd, shaking hands.

Preliminary Plans Made for Pendleton Film Producing Co

All preliminary plans have been made for the forming of the Pendleton Film Producing Co. as a branch of the Oregon Film Producing Co. and the articles of incorporation will be forwarded to the secretary of state today.

The first purpose of the company will be to produce an eight reel film drama in this city sometime during September but ultimately the organizers expect to produce pictures on an extensive scale here.

Arthur Sydney, director general of the Oregon Film Producing Co. and J. Watson, who will have charge of the stock sale, are here today. The intention is to make the company a \$15,000 corporation with a treasury of about \$3,500. Twenty-five percent of the stock will be subscribed by the Oregon Film Producing Co. and the intention is to sell the balance locally. There will be no promotion stock.

The first picture to be made here will be a western drama having as a prologue scenes from the history of Pendleton leading up to the Round-Up. Local talent will be used to support a few professionals who will be sent here from Portland. The training of the local people will be begun about the first week in September and the actual making of the film will commence Sept. 15. The company will send a director to rehearse the local talent.

The Commercial association is to provide for the company a piece of ground upon which can be built a stage and studio. The ground will probably be located near Round-Up Park.

Mr. Sydney is one of the members of the parent company and his partner, A. L. Johnston, is a relative by marriage of Col. J. H. Riley of this city.

"MEDIocre CROP" IS WHEAT PRODUCTION OF U. S. EXPERTS

PROSPECTS HAVE DECLINED 105,000,000 BUSHELS SINCE FIRST OF JULY.

WASHINGTON, Aug. 9.—The agricultural department has made a forecast of a "mediocre crop" of about six hundred and fifty-four million bushels of wheat. The crop prospects declined one hundred and five million bushels between July first and August first. Last year's

DON'T WASTE TIME.

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twinges. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this.

G. W. Knight, retired farmer, 913 E. Court street, Pendleton, says: "For the past eight or ten years, I have been troubled by my back. Sometimes I had pains across my kidneys and in my loins and sides. At such times, my kidneys bothered me and I had to get up often at night to pass the kidney secretions. The secretions were highly colored and contained a brick-dust like sediment. Doan's Kidney Pills relieved the backache and the pains that had annoyed me and cleared up the kidney secretions." (Statement given May 17, 1916.)

On May 15, 1916, Mr. Knight said: "Whenever I feel in need of a kidney medicine, I take Doan's Kidney Pills and they do me good."
