SAYS HOT WATER WASHES POISONS

Everyone should drink hot water with phosphate in it, .

FROM THE LIVER

vent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a not ed physician.

It you get headaches, it's your liver, If you catch cold easily, it's your liver. If you wake up with a bad taste. furred tongue, masty breath or stom-och becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleantiness. Your liver is the most important, also the most abused and neglect-ed organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomei, which is a dangerous, salivating chemical which can only be used ocasionally because it accumulates in

the tissues, also attacks the bones. Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful or limestone phosphate in it, to wash from the liver and bowels the previous day's indiges-tible material, the poisons, sour bile and toxins; thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not re-strict the diet like calomel, because It can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and

Darkness or Light!

Only mushrooms grow in the dark. The strong, hardy plants, the beautiful flowers thrive best in sunlight.

And it's so with business.

The strong, aggressive, progressive concerns seek the sunlight and thrive on it.

They advertise. They make use of the columns of the daily newspaper, for they know their message will be read.

This daylight method of doing business is a protection to the public-for people prefer to trade with advertising merchants and to buy advertised goods.
