## GREAT BRITAIN SENDS NOTE EXPLAINING THE MAIL CENSORSHIP

WASHINGTON, Aug. 15.—It takes the British censors from one to three days to examine intercepted mail, according to an explanatory statement from the British embassy to Secretary Lansing. Mail between the United States and Holland is delayed from two to seven days, and Danish mails from 4 to 10 days. The statement continues:  
"It is admitted that at the outset neutral correspondence in which enemy interests were in no way concerned was subjected to a delay which is greatly regretted and which has been reduced to a minimum. All preparations which seemed necessary were made, but, unfortunately, those responsible for them were not aware of some of the difficulties."  
"For instance, there was no reason to suppose that (as proved to be the case) mail bags marked as dispatched from one neutral country to another neutral country would contain nothing but mails for or from an enemy country; that bags marked as containing printed matter would contain rubber, coffee, jewelry, etc., sometimes disguised as newspapers, as well as correspondence of all kinds, registered and unregistered, or that persons writing to or from enemy countries would already have adapted the practice of sending their letters under cover to intermediaries in neutral countries; or that great numbers of complete sacks appeared to contain merely business circulars from neutral countries which would contain in reality nothing but propaganda from Germany under covers bearing neutral postage stamps."  
"These and similar unforeseen peculiarities made it impossible, until the staff engaged had been largely increased, and had become accustomed to them, to select on any fixed principle those mail bags which when all could not be examined within a reasonable time, should be forwarded without examination."  
A more comprehensive reply to the American inquiry is promised.

## MRS. T. B. FORD, WIFE OF DR. FORD, DIES IN SALEM

SALEM, Ore., Aug. 15.—Mrs. T. B. Ford, wife of the Rev. Dr. Ford, district superintendent of the Methodist church, died here yesterday. She was a native of Tennessee and was married to Dr. Ford in Arkansas in 1870. Survivors, besides the husband, are the following children: Olin Ford, Portland; Burgess, Sallis and Ida Ford, all of this city.

Dr. Ford, now superintendent of the Salem district of the Methodist Episcopal church, was formerly pastor of the Pendleton M. E. church, coming here in the fall of 1908. Mrs. Ford was a great help to him in making his pastorate one of the most successful the church has enjoyed. Both possess a large circle of friends in this city who will sympathize with Dr. Ford in his bereavement.

## POSTAL WORKERS AT BORDER WILL GET JOBS BACK

WASHINGTON, Aug. 15.—The post-office department has decided the department that postal service employees are being discharged because they went to the border with the militia. Barleson said such employees were dropped from the rolls "without prejudice" and would be reinstated to their former position upon their return. He declared congress had approved this order.

## WILL INVESTIGATE SYRIAN CONDITIONS

WASHINGTON, Aug. 15.—The new Turkish ambassador Abram Elkus received Lansing's final instructions before sailing Thursday on the steamer Oscar for Copenhagen. Lansing instructed Elkus to take up immediately the question of an American commission to investigate Syrian conditions. Turkey refused the proposition several days ago. Elkus saw Wilson yesterday afternoon.

## Iron Is Greatest of All Strength Builders, Says Doctor

A Secret of the Great Endurance and Power of Athletes.  
Ordinary Nuxated Iron Will Make Delicate, Nervous, Run-down People 200 Per Cent Stronger in Two Weeks' Time in Many Cases.  
NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some stimulating medicine, secret nostrum or narcotic drug, said Dr. Sauer, a well known specialist who has established widely both in this country and Europe, when, as a matter of fact, real and true strength can only come from the food you eat. But people often fail to get the strength out of their food because they haven't enough iron in their blood to enable it to change the food into living matter. From this weakened, nervous condition, they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or some other ailment caused by the lack of iron in the blood. The thing may go on for years, while the patient suffers untold agony. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again, and see for yourself how much you have gained. I have seen dozens of delicate, nervous, run-down people who were getting all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. Don't take the old forms of reduced iron, iron acetate or iron sulphate, which are so hard on the stomach. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron. If you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance before he went into the fray, while many another has gone down to ignominious defeat simply for the lack of iron.  
NOTE—Nuxated Iron recommended above by Dr. Sauer is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents is widely prescribed by eminent physicians everywhere. Unlike the older incorporated iron products, it is easily assimilated, does not injure the teeth, makes them black, nor upset the stomach; it is in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent or over in four weeks; this provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days time. It is dispensed in this city by A. C. Koopman & Bros. and all other druggists.

## Nature Baffles Science!

THE dumbest oyster can make a better pearl than the brightest man. The oyster uses Nature's methods.

## NATURE says smoking tobacco is at its best after two years' curing.

There may be quicker ways and cheaper ways to cure tobacco. But we believe in Nature's way—the VELVET way—two years' mellowing in big wooden hogsheads.

Just fill a pipe with VELVET, and draw in the cool, mild smoke that's so fragrant and rich that—but what is the use of trying to describe a taste?

Take our word for VELVET, long enough to try a pipeful, and you won't need to take anybody's word after that.

## General's Daughter Offers Blood

NEW YORK, Aug. 15.—Miss Houston Scott, daughter of Major General Hugh L. Scott, chief of staff of the United States army, was one of the young women who offered her blood to fight infantile paralysis, it became known today.

Illinois citizen soldiers are being so injured to hard work on the Mexican border that, when they return, they will not consider it irksome to sweat the rugs or wind the eight day clock.

## BURNING ITCHING PIMPLES ON BACK

OF Shoulders and Neck. Large and Hard. Walked Floor Most of the Time. In Ten Days

## HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with pimples on the back of my shoulders and neck. I paid no attention to them until they began itching and when I rubbed them they would get sore and burn. The pimples were large and hard, and would break off. The burning and itching were so bad that I walked the floor most of the time, and almost cried. I could not let my clothing touch me and I lost sleep because the pimples were so sore.  
"I sent for a free sample of Cuticura Soap and Ointment and it helped so I bought more. It was about ten days before I was healed." (Signed) Miss E. M. Spinks, 1736 39th St., Denver, Colo., July 7, 1915.  
Sample Each Free by Mail  
With 32-p. skin book on request. Address post-card "Cuticura, Dept. T, Des Moines." Sold throughout the world.
