### GAS COMPANY ASKS PERMIT FOR PLANT

La Grande City Commission is Petitioned—Consideration Probably Will Be Certain Percentage of Net Yearly Business.

LA GRANDE, Aug. 19.—The La Grande Gas company has applied to the city commission for a franchise to operate a gas plant and conduits. The gas company in a counter proposal by the commission is denied the right to charge more than \$1.50 per thousand cubic feet.

The consideration for the franchise has not been decided upon but it will probably be a certain percentage of the net profits of the business each year. The city charter provides that the ordinance has to be published before adoption and the public given time to make objections and be heard before final adoption.

She wore a bridal veil arranged becomingly with orange blossoms and lace, and her bouquet was a splendid of orchids and lilies of the valley. She was accompanied by her father and Cord Sengstake, Jr., acted as best man.

An improvised altar was made for the nuptials near an alcove in the parlors and it was an especially beautiful place because of the light reflected from candles and shaded chandeliers upon conveniently arranged pinasters and garlands of amilax. Auto Party from Texas Found Provision Box "Copped" by Bears; Seat Cushions Also Appeared to His Bearship's Appetite.

NEWBERG, Ore., Aug. 19.—An automobile party made a short stop in Newberg today, one purpose being for the chauffeur to get a box of cartridges for his two revolvers. The party consisted of Mrs. B. C. Clark of Marlin, Texas; Miss Thirza Belfinger of San Antonio, Texas, and Austin C. Burchett, the chauffeur. They had a big Pierce Arrow machine and were fitted up for camping.

The start from Marlin was made six weeks ago and on the way many points of interest were visited, including Yellowstone park, where they had one of their provision boxes pulled off of the running board by a bear, though it was bolted and was supposed to be firmly fixed to the machine. The bear also tore up some of the cushions of the machine.

How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.
