PENDLETON GOLFERS SCORE AT GEARHART

Four Local Contestants Win Recognition in Tournament; Dickson Wins Second Flight Championship.

Pendleton golfers who entered in the Gearhart tournament last week made a very creditable record. There were four entered, Brooke Dickson, George Hartman, W. L. Thompson and Judge G. W. Phelps, and each one secured some recognition for himself. Dickson won the second flight championship and his opponent in the finals was Hartman. According to the rules of the tournament, the high-

est sixteen men in the preliminary quality for the championship flight. The eight of this number eliminated fight it out for the first flight championship and the other players are classified according to the showings they made. Dickson and Hartman were made scratch men in the second flight and were pitted against some strong Portland players, both finally winning out over them. W. L. Thompson in the handicap match made third best score and Judge Phelps worked himself into the finals of the sixth flight contests. The two Baker players entered were defeated by Pendleton men, Thompson defeating one and Hartman the other.

Wheat Tone Stronger at World Centers

PORTLAND, Aug. 22.—Much stronger tone was shown in the wheat trade at practically all world centers during the day. Prices were higher at all leading points with demand the best of the season to date.

Continental purchases are heavy and although there is an increase in the sales reported for English account, the trade there is still inclined to doubt the damage news and is holding back.

At Chicago there was another stiff advance in the price of wheat at the opening. Liverpool spot advanced 2 to 6d during the early trading and cargoes on passage were quoted 6d higher.

In the local market the scramble for wheat is the most keen known here and actual purchases are confirmed in the country around \$1.22@1.24 per bushel, basis tidewater track delivery.

Broomhall cabled from Liverpool that the wheat market was strong with better buying on light import arrivals and decreasing supplies. Spot strong is 2d dearer, with holders reserved owing to light supplies and difficulty of distant purchases. Native offers all, due to unfavorable weather and harvesting reports. Cargo market strong with Manitoba 2s 6d and winter 2s 9d dearer on unfavorable reports from Canada. India and Australia continue to hold strong with shipments light.

On the Portland Merchants' Exchange there was a very bullish session, with August bids 2 to 3c a bushel above Saturday, although reports indicated that still more was being paid in the country. The highest bid for bluestem on the exchange was \$1.23 a bushel, while as high as \$1.25 @1.26 was reported from the interior.

Very limited run of hogs in the North Portland yards over Sunday forced extreme strength in the position of the swine trade and last week's loss was mostly recovered at first sales.

Total run of hogs in the yards over Sunday was but 843 head, compared with 2281 last Monday and 2925 head for this same day a year ago.

Early in the day buyers were taking hold of good stuff at \$5.80 or a dime above Saturday's price.

General hog market range: Choice light weight range 5.50 Good light weights 5.25@5.50 Medium weights 5.00@5.25 Tough heavy 4.75@5.00

Cattle Market steady.

In the initial trading for the week the market for cattle was considered steady at North Portland. There was a fair run over Sunday but the total was much better than the small showing of last Monday. Early sales of good steers were made around \$7.

Surprising increase was shown in the marketing of mutton and lambs at North Portland over Sunday. Total run was 3632 head compared with

944 last Monday and 1567 last year for this same day.

In general there was practically no change in the price situation during the morning.

THE PROOF OF THE PUDDING IS IN THE EATING.

What the sick want is to get well. They do not care whether they are cured by the most scientific physician or the most unlearned neighbor—they don't care how they are cured, if only they get well.

For forty years women suffering from female ills have been taking Lydia E. Pinkham's Vegetable Compound and have been getting well; and because they have got well, that great medicine continues to have a sale equalled by that of few proprietary preparations—Adv.

FUGITIVE WILLS SKIN TO WIFE FOR BIBLE COVER

CAMDEN, N. J., Aug. 21.—Geo. E. Thompson, who escaped from Camden jail with Wilson Ashbridge after they had shot and killed Keeper Isaac Hibbs and wounded Jailor Ellis, left in his cell the following letter:

"To Whom It May Concern: I understand that in leaving this place in this manner I am 'flirting with the undertaker.' So I leave this note behind in case such is the case.

"In the event of my being killed I make the following request: That my body be turned over to the University of Pennsylvania for dissecting purposes with the stipulation that a piece of skin be removed and tanned, of sufficient size to cover a small copy of the New Testament; have same made up and presented to my lawyer, who will have instructions to present it to my wife, who, altho a Manchu by birth and a Buddhist, is interested in the New Testament. Also my ring and pin shall be turned over to the same attorney to be presented to my wife."

Women would soon tire of men if men were as good as the women think they should be.

AGED EDDIE STILL GOING STRONG.

EDDIE PLANK.

Eddie Plank, the veteran twirler, formerly with the Philadelphia Athletics, and one of the oldest men in the game, is now going as strong as ever. Plank was supposed to have been "through" when Connie Mack released him. This year Plank has helped the St. Louis Browns win 22 out of 25 games. His latest feat was holding Cleveland to two hits.

MAN CAN SPANK HIS WIFE, COURT RULES

NEW YORK, Aug. 21.—A husband has a legal right to caress his wife and to lay her across his knee and spank her soundly if she repulses his affectionate advances.

At least this was the decision made by Magistrate Steels in the Gates Avenue court, Brooklyn, today, when Mrs. Katherine Becker of 1223 Gates avenue, appeared against her husband, Charles, when he was arraigned on a charge of assault preferred by her. Mrs. Becker told the court that her husband slapped her last Monday night.

Becker explained that he and his wife had quarreled at intervals ever since they were married fifteen years ago. Two years ago, he said, Mrs. Becker secured a legal separation from him in the supreme court. Last January, however, she returned to live with him.

"About a week ago she got sore on me again," said Becker. "She resisted my affections. I tried to put my arm around her and she slapped my face. That made me mad! I just laid her over my knee and spanked her good and hard."

Mrs. Becker admitted to Magistrate Steer that she had returned to live with her husband of her own free will. The court then ordered Becker's discharge, declaring that a man had a right to be affectionate with his own wife and spank her if she repulsed his loving advances.

Flagg's Conception of Mae Murray

MAE MURRAY, FAMOUS PLAYERS-LASKY STAR, IN PARAMOUNT PICTURES.

During the Allied Bazaar in New York City five million dollars was raised for the Allies. James Montgomery Flagg, the well known American illustrator, was instrumental in bringing many hundreds of dollars into the treasury through the sale of the sketches he made from life of different people, both for themselves and for sale.

The accompanying illustration, drawn by Mr. Flagg, of Mae Murray, the famous Players-Lasky star in Paramount Pictures, is one that created a great deal of favorable comment.

Miss Murray gave her personal services to the committee and sold autograph photographs of herself, the first having brought fifty dollars.

SEATTLE BANKERS CANNOT LOWER CHARGE

Injunction issued to prevent 13 National Banks from reducing rate of interest; Ninety Three Millions Idle in Seattle Banks.

SEATTLE, Wash., Aug. 21.—Thirteen of the largest Seattle banking houses were enjoined yesterday by Superior County Judge John S. Jurey from carrying into effect an alleged conspiracy to reduce the annual rate of interest paid on commercial and savings deposits in this city from four to three per cent.

The injunction also covers what Edward C. Neufelder, president of the Peoples Savings bank, alleges was a scheme to force his bank out of the Seattle Clearing House association at noon Saturday, by dissolving association and reorganizing without his house as a member.

According to the sworn statement of Edward Brady, an attorney who testified before the board of equalization here this week, there is \$93,000,000 lying idle in Seattle banks. A reduction of one per cent on the interest paid on commercial and savings deposits would amount to between \$500,000 and \$1,000,000 a year which the depositors would not receive, it is asserted.

President Neufelder brought suit against the Seattle Clearing House association, M. F. Backus, its president, and J. W. Spanier, secretary, as well as 13 member banks of the association.

Judge Jurey made the injunction temporary, to stand until August 23, when he cited the defendants to appear and show cause why it should be made permanent.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
