FIGHT MADE TO KEEP ONE STEP, FOX TROT

Prediction That New Dances Will Soon be Forgotten is Unpopular.

CHICAGO, Aug. 22.—The one step and fox trot are not going to give way to a return of the old-fashioned dances without a struggle when the American National Association of Dancing Masters gets its convention under way here tomorrow. It was learned last night.

Thomas McDougall, of Pittsburg, president of the association, predicted today that the new dances are going to be forgotten in a few months. Mrs.

Edna Rothard Passapas, of New York, said McDougall was wrong and that the "one step" will continue to be the most popular dance during the winter months. It will be another year, at least, before the waltz comes back, she said.

The new dances, it was announced, may receive the sanction of the association. They are a Cuban waltz called "El Danzon" and what is known as a skating waltz. Advisability of teaching the latest measures of classical nature dancing, barefooted spring dances and others of that type will be discussed.

The feminine idea of a popular woman is one who has an interesting secret to tell.

One never knows just how old a woman is until one happens to read the figure on her tombstone.

RECRUITING OFFICE IS OPENED IN LA GRANDE

Captain Lee M. Clark in Charge of Main Station for Recruiting in Eastern Oregon—Able Bodied Men Wanted.

LA GRANDE, Aug. 22.—Captain Lee M. Clark has opened permanent recruiting offices in La Grande, which will be the main station for recruiting in eastern Oregon. All able bodied men who want to serve their country and gain military knowledge under war conditions have now the chance of a lifetime. You will be sent to the border and do real, serious guard duty, gaining a knowledge and receiving a training that will be of lasting benefit both to yourself and to your country.

All the necessities of life and comfort in the field, are furnished in addition to the pay, which is from fifteen to forty-five dollars per month, medical attention is also furnished; your pay is absolutely clear money, you need not spend a cent for the necessities of life.

Think of it—besides doing a real patriotic duty you will be sent to Clackamas and fully equipped. From there you will be sent south to join the Oregon troops, giving you a splendid opportunity to see the country. Such an opportunity is not often presented, and the young man who takes advantage of it now cannot lose.

Write to Captain Clark or call on him at La Grande, in the post office building; he will be glad to talk it over with you.

Sergeant Raymond Riddle, who has five years to his credit in the Third Co., Coast Artillery Corps of Eugene, will be glad to talk to you from the enlisted man's viewpoint. You may forever lose this opportunity if you do not act now.

You owe it to yourself and to your country to do your best for preparedness.

NAUGHTY BEAR JOINS INVISIBLE HOST OF NOW-GOOD INDIANS

CODY, Wyo., Aug. 22.—One of Uncle Sam's jobs is this—he classifies bears. He calls 'em "bears" and "bad bears." "Bears" are protected, pampered and encouraged; "bad bears" are exterminated. In the same way "good" Indians used to be made. Consequently the Yellowstone park bear colony has been reduced by an official hunt. The "banned" was the female grizzly which several days ago attacked and mauled Ned Frost and Ed C. Jones when they were camping in the national park.

Chief of Scouts McIride of the park carried the hunt. The animal showed fight and was shot. She fled wounded, and is believed to have perished.

Frost and Jones are recovering and Congress will be asked to authorize park guides to carry firearms.

BILL TO ABOLISH JEWISH PALE IS UP IN NOVEMBER

Duma Will Hear Arguments for Restoring Jews to Equal Rights in Russia.

PETROGRAD, Aug. 22.—Professor Paul Miliukov, a cadet leader has informed the United Press that the bill abolishing pale and giving the Jews equal rights with other subjects, would be introduced in the Duma in November.

Miliukov recently visited England, France and Italy with Duma members. He said "The progressive party supports the bill. It will contain three essential parts. First, it has for its object the removal of pale, thus enabling the Jews to live wherever they choose. Second, it removes educational limitations against the Jews. Third, it makes it possible for the Jews to learn any trade or profession."

While abroad I had long talks with the Rothschilds in both England and France, with Professor Levy in Paris, Sorbonne and many other representative Jews. At the coming session I plan to tell the Duma members what I learned. We realize that Russia and the allies have been affected by Russia's policy on the Jewish question."

It is expected that great opposition will develop against the bill. Opponents claim the Jews would soon have the peasants at their mercy on account of being keener businessmen. Russian leaders resent outside interference in Jewish problems. Count Kokovtzev, former prime minister and minister of finance, said: "In the United States you force the southern people to pay taxes for huge sums paid northern pensioners. You wouldn't like it if we refused to deal with you unless you treated southerners like northerners."

—Bad Blood
Take a blood cleanser and alternative that starts the liver and stomach into vigorous action, called Dr. Pierce's Golden Medical Discovery because of one of its principal ingredients—the Golden Seal plant. It assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. Start to take it to-day and before another day has passed, the impurities of the blood will begin to leave your body through the eliminative organs, and in a few days you will know that the bad blood is passing out, and new, rich, pure blood is filling your veins and arteries.
Get Dr. Pierce's Golden Medical Discovery to-day from any medicine dealer in tablet or liquid form, or send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of tablets.
