ODDS AND ENDS OF SILK.

Look through your bag or box containing odds and ends of embroidery silks and let them prove useful in ornamenting guest towels and other things. It is well to have a few little towels on hand, not only for home use, but to be showered on girls whose engagements have been announced. The most attractive towels can be made by embroidering across their ends little flowers. These can be filled in with French knots made from the various colored silks. The result is really very satisfactory.

Another gift—one appropriate for a baby—can be made of Turkish toweling and have on it a stork, a child or initials embroidered in the left-over silks.

Since hand embroidery is so prevalent on hats, one can use remnants of silks or mercerized cotton to delineate a design in many colors. The more cheerful they are in hue the better the effect. The silks can be used also to hold in place odd pieces of ribbon placed at intervals around the brim or on the crown of your fall bonnet.

HINTS FOR HOSTESSES

When you give a luncheon, particularly if it happens to be the last of a series, you find that almost every variation in the menu has been tried.

One woman does away with this calamity by a rather ingenious plan. When she entertains, or even when she goes to a dinner party or luncheon outside of her home, she makes a mental inventory of the menu. This she enters in a little book she keeps for the purpose, with the date, the number of guests and the cost. It she happens to know it.

Whenever she sees a good recipe in the papers or in some cookbook she cuts it out and pastes it in the back of the book.

Oddments in table decoration, color scheme favors, salads and anything of this sort are also noted. In this way she has a wealth of suggestions always at hand, besides widening her knowledge of artistic table decoration, palatable cookery and the art of being a real hostess.

In another part of this book one may see the names of her intimates, friends and opposite the name their particular likes and dislikes. In this way there is no embarrassment in serving meals. Each one has some little pet delicacy, and this is noted.

MAN DIES IN FIGHT AS MOTHER DREAMED

PITTSBURGH, Pa., Aug. 22.—When Mrs. Elizabeth Whitman dreamed one night last week that she saw her son wrestling with another man on the bank of a river, saw him struck and his body tossed into the current, she tried to dissuade her son George 25 from attending a picnic at Sharpburg. He went, however, and did not return.

Yesterday the body was taken from the Allegheny river below Sharpburg. There were two hatchet wounds on the head. Edward Whitman, father of the young man, visited the morgue. There he identified the body of his boy, who had been killed in the manner forecast by the mother in her dream.

MANY O.A.C. MEN ON BORDER DUTY

FIFTY SEVEN STUDENTS AND FORMER STUDENTS ENROLLED AMONG OREGON TROOPS.

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 23.—The roster of the Oregon troops on the Mexican border contains the names of 57 Oregon Agricultural College men. This account is not complete as it covers only the alumni who are among the officers, the graduates of last year's class and the present students. Of this number 28 are officers and 29 are in the ranks of the privates. In all probability there are many members of the alumni among the privates who are not included in this analysis.

Included among the officers are Major Carl Abrams of Salem; Captain Francis L. Michelbook, of McMinnville and Captain Charles A. Murphy, of Corvallis. College men hold 14 out of 17 offices in Company K, which is the Corvallis company.

Following is a list of the college men who are known to be among the Oregon troops:

LUMBER CONDITIONS ARE BETTER THAN LAST YEAR

Falling Off in Foreign Trade Balanced by Orders from South America and California—Pay Also Increases.

SALEM, Ore., Aug. 23.—Conditions in the lumber business have been better so far this year than in 1915. Reports to Labor Commissioner Hoff from 13 sawmills of Clackamas county, for his annual report show. There was a large falling off in foreign trade but south American and California orders increased over those in 1915.

Skilled workmen averaged \$2.56 per day and unskilled \$2.04, while the office forces, with the exception of proprietors and firm members averaged \$2. Wages of men in the woods averaged \$2.50, the highest being \$3. The highest wages paid in mills was \$4 and the lowest \$1.50 for a day of 10 hours.

WYOMING BOY GETS THIRD WOUND IN WAR

DOUGLASS, Wyo., Aug. 23.—For the third time Lieut. John R. Weaver of the Canadian contingent battling for England has been wounded in action "somewhere in France." His parents, the Rev. and Mrs. W. K. Weaver of this place, today received notification from Ottawa that he had been shot in the thigh and was in a military hospital. Young Weaver, who enlisted in the first Canadian

contingent, twice previously had been wounded, returning to the firing line immediately after recovering from each wound.

New York, having received consignment of dyes brought over in the Deutschland, is waiting anxiously for the arrival of the Bremen's cargo.

Mrs. Brown tells her grocer:
"Please send me some tea—black tea."

And he does!

But Mrs. Brown, perhaps, doesn't realize that there are two distinct types of black tea: English Breakfast and Ceylon. And that she might like one better than the other. The way to choose tea is by taste. If you will send ten cents, we'll mail you the Taste Packet—the simplest, surest way to know good tea.

The Taste Packet contains four parchment envelopes of Schilling's Tea—Japan, English Breakfast, Ceylon and Oolong—enough to make five or six cups of each taste. Address: A Schilling Company, 333 Second Street, San Francisco

THE GOOD JUDGE HEARS STATEMENTS OF FACT BETWEEN STRANGERS

THINK W-B CUT IS THE BEST TOBACCO IN THE WORLD, BUT SOME FELLOWS THINK IT'S TOO STRONG.

THAT'S BECAUSE THEY TAKE A BIG CHEW, AS THEY DID OF ORDINARY TOBACCO.

THEY'RE BOTH RIGHT! ANY MAN CAN PROVE IT WITH A SMALL CHEW.

YOU'LL find some things out about real tobacco when you get to using W-B CUT Chewing. A little bit hides away in your cheek unnoticed and gives two-for-one more satisfaction than a wad of ordinary stuff. Men get to calling it the gentleman's chew because it don't disfigure the face and cuts down grinding and spitting. A 10c pouch lasts twice as long as a dime's worth of ordinary chewing. Give W-B CUT the quality test.

A SIGHT WITH PIMPLES ON FACE

Burned and Itched. Scratching Made Them Sore as Boils, Could Not Sleep at Night.

HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with small pimples and they gradually grew larger and inflamed. They broke out in blotches on my face and forehead and I looked a sight. I irritated them by scratching until they were as sore as boils, and they hurt so I cried. They burned and itched until I could not sleep at night.

"I used a great many salves and pills, but they did me no good. This had been going on for about five months when I tried Cuticura Soap and Ointment. I washed my face in hot water and Cuticura Soap, dried it and applied the Ointment, and then washed again with the Soap. In a short time the pimples were completely gone and my skin was pretty and clear." (Signed) Miss Neels Beams, 427 W. 10th St., Los Angeles, Cal., July 1, 1915.
