O. A. C. FOOTBALL TEAM HAS ONE MAN NUCLEUS

Cole, Last Year Varsity Guard, Is Only Sure First String Player to Report for Practice This Year.

OREGON AGRICULTURAL COLLEGE, Corvallis, Aug. 25.—When the new football coach at O. A. C., Joseph A. Pipal, sends out the summons for the O. A. C. team to report for practice on the campus September 12, he will have the assurance of one man only, Cole who was made guard last season, on last year's varsity team, who will report.

The most serious factor in depleting the team was the unusually large number of varsity players who were graduated last spring. Two members of the team have married and settled down to the domestic life, some have played the full four years allowed by college conference rules, and others have engaged in work of business for themselves. Cole has been working in a lumber camp at Mill City. He is now at San Diego representing the Maitland Athletic Club and is expected to report in excellent condition.

A number of last year's second string men, some of them said by the coach to be excellent material, have announced that they will report for practice whenever the call is made. Some of these are thought by the coaches to be the equal of the former players whom they replace except that they have not had the seasoning and practice.

It is apparent that the coaches in charge of the football this season are putting a good deal of confidence in the freshmen who may report. A newly adopted conference regulation excludes the freshmen from playing in the Washington University and the Oregon University games, but in the eastern and southern games and other northwest games, all freshmen who can make the team will be eligible to play. This fact is attractive to many freshmen who have already signified their intention of reporting for practice.

PITTSBURGH TRUST CO. CLOSES ITS DOORS

Bad Loans and Overdrafts Declared Responsible for Action—Deposits Were Six Hundred Thousand.

PITTSBURGH, Aug. 25.—The Central Trust company, a state institution, has closed. A notice posted on the doors said bad loans and overdrafts had caused the action. Commission merchants largely patronized the bank. The deposits were six hundred thousand dollars.

WHITE SLAVER CONFESSES

Yushke Botwin, under arrest in New York City in connection with white slave practices, has confessed.

AMERICAN DOCTOR GIVEN ARMY COMMISSION BY (ZAR)

DR. EDWARD H. EGBERT

Dr. Edward H. Egbert, a prominent physician of Washington, D. C., who has been in charge of the American Red Cross Hospital at Kieff, Russia, has been given the rank of brigadier-general in the Russian army by the czar in recognition of his work.

This is the highest command in any European army that has been attained by any American during the present war. The honor was conferred on Dr. Egbert after a personal audience with the czar.

SOME people think an OWL smoker is selfish—because he seems so very well satisfied. Well, you can't send him to jail for that. Best thing you can do is to follow his example. (P. S.—OWLS cost only 5 cts.)

to the district attorney that he led one hundred girls each year into illegal houses. He was an important agent of the white slavers of the city. While he has told the district attorney that he got commissions from 600 girls, it is believed this is an exaggeration.

DESPAIRING WOMAN NOW HAPPY MOTHER

Mrs. Stephens Did Not Need The Surgical Operation.

Patoka, Ill.—"I had been married five years and my greatest desire was to become a mother.

The doctor said I never would have a child unless I was operated on for female troubles and I had given up all hopes when a friend told me of Lydia E. Pinkham's Vegetable Compound. I took it regularly for some time, and I am in better health than ever, and have a healthy baby girl. I praise your Vegetable Compound for my baby and my better health. I want all suffering women to know that it is the sure road to health and happiness."—Mrs. GEORGE STEPHENS, R. F. D. No. 3, Patoka, Ill.

Lydia E. Pinkham's Vegetable Compound is so successful in overcoming woman's ills because it contains the tonic, strengthening properties of good old fashioned roots and herbs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.
