HOUSEHOLD HINTS FOR THE BRIDE.

After broiling or frying, if any fat has spattered on range, wipe surface at once with a newspaper.

To wash mirrors and windows, rub over with chambray and wring out of warm water, then wipe with a piece of dry chamois skin. This method saves much strength.

Tumblers which have contained milk should be first rinsed in cold water before washing in hot water. Never put knives with ivory handles in water. Hot water causes them to crack and discolor.

In sweeping carpets, keep broom close to floor and work with the grain of the carpet.

Milk and butter very quickly absorb odors, and if in ice chest with other foods should be kept closely covered.

Smoked ceilings may be cleaned by washing with cloths wrung out of water in which a small piece of washing soda has been dissolved.

Curtain and portiere poles allow the hangings to slip easily if rubbed with hard soap. This is much better than greasing.

A TIME SAVER.

If housewives will try using a paint scraper to cut out their cookies instead of a round cake cutter, they will find they can make a batch of cookies in half the time. They can be cut square or oblong. Then again they are more tender as all the dough rolled out can be used without any left to handle again.

A CAKE HINT.

Most cooks think it necessary to beat eggs a good deal for cake, and while that is essential for some kinds like sponge and angel cake, for ordinary cakes eggs dropped into the mixture, unbeaten, make fully as light and fine grained a cake as if beaten a long time. Indeed I think sometimes they are better, the secret being doubtless that one can mix the cake up much quicker—one secret of good cooking.

AUTUMN EVERYDAY HELPS.

An excellent dustless duster can be made by cutting a good grade of cheese cloth in squares of a suitable size, then dip the resultant squares in turpentine, hang them up to air until the fumes have evaporated, and you will have a duster which will be quite

equal of the best "dustless" one you can buy.

The gilt moldings of rooms, or the gilt frames of pictures, can be cleaned with the white of an egg gently rubbed on with a camel hair brush.

To clean plaster parls ornaments or statues, make a paste of cornstarch and water, cover the article to be cleaned with it, allowing it to become dry, then brush it off and the dirt and conastarch will come off together.

To remove paint, putty or oil from window glass, apply a paste of baking soda and rub off just before dry. Or use a cloth moistened with a little turpentine.

To clean brass and copper, rub with a mixture of salt and lemon juice.

TOMATO WAFFLES.

Pare 6 ripe tomatoes; chop very fine, add 1 level tablespoonful of butter, melted after measuring. Add enough flour to make a thin griddle cake batter; beat 3 eggs until foamy and add. Sift 1-2 teaspoonful of baking soda into a little of the flour before adding. Have the waffle iron very hot. Grease both upper and under lids; place a spoonful of the batter in each section; close lid upon it and bake at least one minute on each side. When serving cut the sections apart and arrange on a napkin.

MONSTER REVIEW HELD AT EL PASO

24,000 MILITAMEN AND REGIMENTS FORM COLUMN 28 MILES LONG.

Parade is seven hours in Passing Reviewing Stands—Thirtieth Band—Provide Music—Line of March 15-6 Miles Beyond City Limits.

(WEBB MILLER.)

EL PASO, Sept. 22.—Twenty-six thousand militamen and regulars formed a column twenty miles long that marched past the reviewing stands for seven hours. It was the greatest infantry division review in American history. General George Bell and Major General Clement reviewed the troops.

Thirteen bands provided the music. The troops marched through El Paso to the reviewing stands six miles beyond the city. The famous 47 artillery trundled the streets for hours. Engineers, sanitary trains and signal corps followed. Thousands of wagons, motor trucks, eight thousand horses and mules paraded. At noon the lines halted while the matrons ate. Officers organizing the divisions used one brigade of the Massachusetts and Michigan militia, one brigade of the Kentucky and South Carolina, one brigade of the Pennsylvania and Ohioans and the remainder were regulars.

BRITISH NAVAL PLANES BOMBARD GERMAN STATION

LONDON, Sept. 22.—The admiralty announced that British naval aeroplanes successfully bombarded a German aerodrome at St. Denis, in western Belgium. One aviator landed at Holland and was interned.

HOW I GOT RELIEF FROM CATARRH

Man Who Suffered Twenty Years and Was Almost Deaf Finds Way to Be Quickly Rid of His Trouble.

HOW TO BREATHE THE AIR OF HYOMEI.

"I have been a sufferer from Catarrh for over twenty years. I doctored off and on for fifteen years, but still, after all this doctoring and drugging I got no relief.

"Finally my ailment became so severe that I was practically deaf in one ear and almost so in the other. My wife got me a Hyomei outfit and I immediately began to use it according to directions and the results were remarkable. I have used another bottle of Hyomei and can truthfully say it is the first relief I have experienced in twenty years. This sounds like strong language, nevertheless it is the truth.

"I feel there is nothing like Hyomei—a boon to the sufferer of a loathsome disease, catarrh. I consider it a pleasure to recommend Hyomei to all who are sufferers from this disease."

The oil of hyomei has long been recommended as being one of the very best treatments for catarrh of nose or throat. It is not swallowed, but the patient gets quick results by pouring a few drops of the pure oil into a little hard rubber inhaler which comes with each large bottle of oil. Place the inhaler in the mouth as shown in illustration and just breath naturally into the nostril. Lungs and air passages the medicated air which the oil gives off. This is pleasant but so powerful that its germicidal qualities quickly destroy all catarrh germs and soothe the sore, swollen, inflamed membranes, stopping the discharge and ending the disease.

Tallman & Co. as well as other leading druggists in the city speak highly of Hyomei and state it is always sold by them with a positive guarantee to refund money if in any case of catarrh, bronchitis, sore throat, cough or cold, it fails to give prompt relief. In getting Hyomei for the first time be sure to get the large size which contains the inhaler as its use is quite essential for best results.

SHE TYPED HER OWN MARRIAGE CONTRACT.

MRS. ARTHUR S. LEVY.

Miss Frieda Kirchwey, and economized on the ceremony which made her the wife of Arthur S. Levy by dispensing with the services of either minister or justice of the peace.

The ceremony was purely co-operative. Mr. Levy, who is a lawyer, sat down and dictated a contract. Miss Cahn pounded it out on a typewriter. Then they hummed "Lohengrin" all the way downtown on the subway, and signed the document before Justice Lehman of the Supreme Court.

This makes the fifth contract marriage entered into by graduates of Bernard College.

Contract marriages are not frequent in the United States, although they are as binding in law as a religious ceremony. In Europe they have been customary for many years.

Levy said: "We thought we ought to marry ourselves instead of having some one else marry us. I am surprised that more young people do not adopt the same method which the state pro-

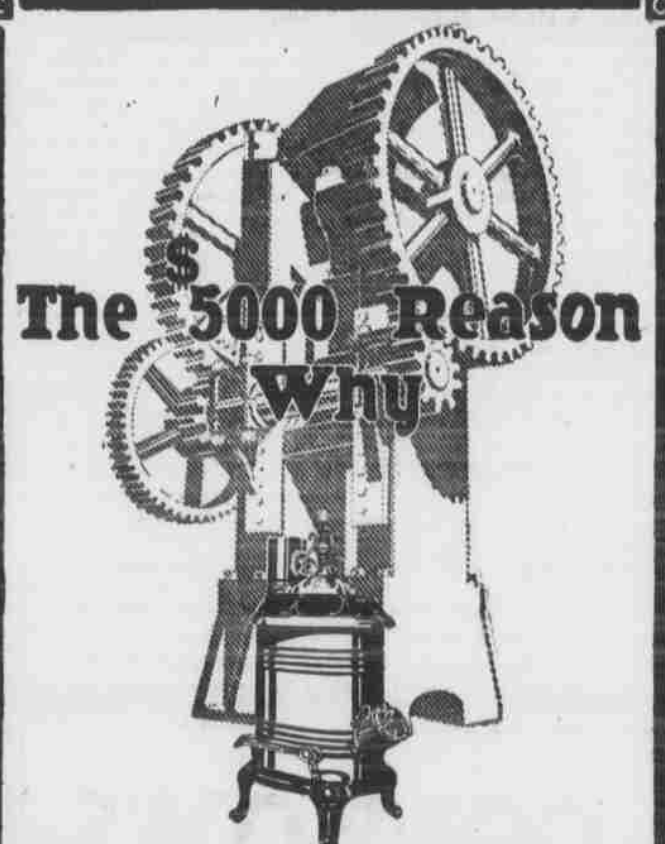

vides for. It is as simple and as solemn as the usual marriage rite."

Are You Looking Old?

Old age comes quick enough without inviting it. Some look old at forty. That is because they neglect the liver and bowels. Keep your bowels regular and your liver healthy and you will not only feel younger but look younger. When troubled with constipation or biliousness take Chamberlain's Tablets. They are intended especially for these ailments and are excellent. Easy to take and most agreeable in effect. Obtainable everywhere. — Adv.
