KEEPING A ROOM CLEAN WITH-OUT DUST.

It is something that can be done when the room in question is seldom used and is only dusty, but not really dirty.

Instead of going over the carpet or rug with a carpet sweeper, try wiping the floor with a cloth wrung out of warm water which has ammonia in it. Wipe all the furniture and wood work with a clean cloth moistened with turpentine. This kind of cleaning is dustless, leaving everything looking bright and fresh.

If white linen covers are used on bureau, washstand or tables, and a white spread on the bed, they may be laundered at the time the cleaning is done and will add to the fresh appearance of the room.

RAPID BUTTONHOLES.

Place an inch square or more of the material (according to the size of buttonhole required) on the right side over the place where buttonhole is wanted; machinestitch through both thicknesses for the length you desire and around the place where buttonhole is to be cut, allowing two stitches at each end of rectangle, then cut with buttonhole scissors in the center the full length of the buttonhole; next turn the edges of the square through the slit on to the wrong side of the garment, press back until smooth, stitch around edges and trim off all extra cloth at the back. Or the edges may be turned in neatly after trimming on the wrong side (before stitching) which will make a much better finish but will require a little more time.

TRUNK COVERS FOR THOSE LIVING IN HOTELS.

They may be made of strong cretonne cut to fit the trunk. A safety device in case of fire is to turn these same covers into bags at a moment's notice. The contents of the trunk may be emptied into these bags in a twinkling and either thrown out of a window or carried down stairs. With this end in view make a 2-inch hem at the bottom of the covers and run through the hem, having it ready to draw up if the covers are ever needed as bags in an emergency.

APPLE PUREE.

Stew apples, using 1 pound peeled and cored apples, 1 to 6 ounces of sugar, according to sweetness liked, a teaspoon water, 2 cloves and peel of 1-2 lemon. Put through sieve. When cold pile in a dish, decorate with whipped cream or white of an egg sweetened or serve in custard glasses with a little cream or egg whipped.

BOILED CUCUMBERS.

Peel, cut in halves or quarters lengthwise, put into salted boiling water, boil till tender, but not too soft, about 20 minutes. Serve with butter and seasoning, or with a cream sauce on toast, adding lemon juice and a dash of paprika to the cream sauce.

PEAS CROQUETTES.

Grease a stewpan all over, place in it 1 pint of split peas which have been soaked for 12 hours, pepper, salt, a pinch of sugar, a bunch of herbs, 2

ounces of butter and enough vegetable stock to cover the peas. Bring to the boil by slow degrees, cover and cook for 3 hours, skin once or twice, shake the pan now and then, add more stock. When soft remove herbs add more salt and rub through a fine sieve. Replace in pan, add a gill of cream, mix thoroughly, let get cool, form into balls or corks, egg, roll in crushed vermicelli and fry.

SPINACH AND EGGS.

Cook 2 pounds spinach, when well drained, pass through a fine wire sieve. Put 2 ounces butter in sauce pan. When melted stir in spinach. Season it with salt, pepper, and a pinch of powdered sugar, add 2 tablespoons cream. Arrange as a border with scrambled eggs in center.

GRAPE SOUP.

Cook 1-2 cup tapers in 2 cups water till it is transparent. Add 1-2 cup sugar, 2 cups grape juice; let it come to a boil, take from fire and serve cold.

CARLOAD OF TROUT FRY FOR PLANTING

A full carload of trout fry will arrive in the county next Tuesday from the state hatchery and Deputy Warden Tonkin will plant the entire shipment in Camas valley streams if he can find enough conveyances to take the cans out.

Already subscriptions from sportsmen have been received sufficient to cover the expense of transporting part of the balance of the fry in the far south end. He believes there are a number of sportsmen in Pendleton who might find time next Tuesday to make an excursion to Camas valley for a fish or hunt and take along a few cans of fish. Inasmuch as many Pendleton sportsmen fish each year in Camas creek, the warden thinks it is up to them to help restock the stream.

There never has been but one planting of fish in Camas creek and that was several years ago. Owing to the distance from a railroad, there is considerable difficulty in getting the cans out there. Tuesday the car will be sent to Pilot Rock and there unloaded.

ECHO SHEEP ARE RETURNING FROM SUMMER RANGES

ELECTRIC PLANT WAS AFFECTED BY BREAK IN POWER DAM AT HERMISTON.

(East Oregonian Special.) ECHO, Ore., Sept. 29.—Tom Boylen and son well known sheepmen are bringing in their sheep from the summer ranges. Sixteen carloads came in Wednesday from Meacham. Part of the sheep are being pastured on the Schmidt farm on the Meadows and part at Mr. Boylen's place on Butter Creek.

Echo was in darkness at night from Saturday to Tuesday of this week on account of the Electric Light and Power Co. having a dam at Hermiston give way thereby affecting the water supply for the plant.

Mr. and Mrs. Geo. Houck and little daughter of Portland arrived here today on a visit to their cousins Mr. and Mrs. J. Frank Spinning. Mr. and Mrs. Houck have been visiting in Walla Walla and are on their return home. Mack Foster, C. P. Strain, Will Moore and J. W. Maloney were Pendleton visitors in Echo on Tuesday.

Mrs. Oscar Mitchell of Center Point, Mont., who has been visiting here with her daughter Mrs. John Oliver since the Round-Up, went to Heppner yesterday for a few days visit with relatives.

Mrs. Will Neal left the first of this week for Seattle where her husband is employed as a grain inspector. Mr. and Mrs. Neal made their home here for several years.

Mr. and Mrs. James Fulton of Ten Mile, Ore., left yesterday morning for their home after a short visit with Louis Schell, Jr., and family.

Thomas Benson of Portland, who had been attending the Round-Up and visiting with relatives in Pendleton, came down to Echo on Tuesday and spent the day with friends. On Wednesday Mr. and Mrs. Benson returned to Portland.

Mrs. J. W. Reese arrived here yesterday from Enterprise where she has been visiting with her daughter Mrs. J. H. Stine.

Mrs. C. W. Pregnitz and Mrs. Pauline Gravette of Stanfield were here yesterday.

J. Frank Spinning returned home today from a short business trip to Portland.

Mrs. T. G. Smith was in yesterday from her Meadow home visiting her sister Mrs. W. A. Jones.

The reception given here Wednesday evening to Rev. John P. Cook and family and T. M. Johnson and family was well attended and enjoyed by all. Rev. Cook is the new Methodist minister here and T. M. Johnson and family are well known people who have returned to Echo after a few months absence, to go in business and reside here.

James Salling who has been with the Oregon volunteers at the Mexican border is home again.

State Game Warden Schumaker was here Wednesday on his way home to Portland from a trip to Willowa county.

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla removes scrofula sores, boils and other eruptions, because it drives out of the blood the humors that cause them. Eruptions cannot be successfully treated with external applications, because these cannot purify the blood.

Hood's Sarsaparilla makes rich, red blood, perfects the digestion, and builds up the whole system. Insist on having Hood's. Get it now.

Nemo Self-Reducing Corsets

Each Nemo Corset is designed for some particular type of figure, and is good for that type only.

A Nemo that delights Mrs. Brown might displease Mrs. Jones, even though both ladies may be classed as "stout." Be sure to select the right Nemo.

There's a type of the short stout figure, with heavy back and abdomen, that is best corseted in Nemo Self-Reducing No. 402.

This model has the improved partly-elastic Nemo Relief Bands, which gather up, support and reduce a large abdomen most comfortably. Elastic goes in the back insure comfort and, with the semi-detached Self-Reducing Straps, exert a sort of auto-massage that discourages excess fat.

No. 402 is made of a stout coutil, in sizes 22 to 36. A most satisfactory, stylish and economical corset for the woman of the type described—\$4.00.

No. 403 is designed for a similar type, but of medium height—\$4.00. Nemo models for all figures—\$3.75 up.

FRENCH GET WINTER GARB.

Prolonged Campaign Is Forecast by Paris Newspaper.

PARIS, Sept. 28.—It does not seem probable that another winter campaign is avoidable, says La Liberte.

Joseph Thierry, under secretary of state for subsistence in the war department, the newspaper adds, has made all necessary arrangements for supplying the troops, and garments, blankets and other essentials for winter warfare have been going to the front at the rate of 50 carloads a day since September 15.
