### Walla Walla Wants Us.

Walla Walla has designated Saturday, October 21 as Pendleton and Traveling Men's Day at their Harvest and Homecoming festival. A special train was desired out of Pendleton for the day but their wishes cannot be granted owing to the fact an excursion to Hermiston for Hog and Dairy Day had already been arranged. Quite a few local people, however, are planning to attend the Walla Walla festival on the day designated.

### Fire Chief to Have Jitney.

The city will purchase a small runabout for the fire department, the same to be used as a supply auto and as an inspection car for Chief Ringold. The chief pointed out to the council last evening that at the fire last Thursday morning every bit of the fire equipment in the city was in use. Had another call come in, the department would have had nothing with which to answer it. The chief therefore recommended that a small auto, capable of carrying 500 feet of hose, be purchased and suggested

that the same could be used by himself in making inspections. At present he finds it necessary to walk, thus keeping him away from the central station for a considerable length of time. The fire committee approved his recommendation and the council adopted it. Bids on small cars will be called for.

### Son is Born.

A son was born Sunday morning to Mr. and Mrs. Norris West at the farm home of Mrs. West's father, Frank Martin.

She alleges cruel and inhuman treatment, declaring her husband to have used violent language toward her for the past 12 years, and to have abused her mother. Raley & Raley are her attorneys.

### Eggarth Funeral Held.

This morning at 10:30 a large number of the friends of Walter Eggarth, who died yesterday morning, gathered at the Folsom chapel for the funeral. The services were conducted by Rev. H. H. Hubbel of the Christian church. Interment followed in Olney cemetery. The pallbearers were Edgar F. Averill, Newton Martin, Blaine Burton, Alvin Edmiston, Glen Estes and Bert Campbell.

### Grover vs. Grover.

This afternoon Jennie Grover brought suit against her husband, Wesley R. Grover, a farmer north of Pendleton, asking for a divorce on the grounds of cruel and inhuman treatment. They have five children between the ages of three and 11 and she asks for the custody of two. She also asks for \$650 cash alimony and \$10 a month for each child awarded her. W. M. Peterson is her attorney.

Mr. and Mrs. Frank E. Cronan (Muriel Saling) were the guests of honor at an attractively appointed dinner party at the Hotel Pendleton on Tuesday evening for which Carl Peringer was host. Encircling the table were Mr. and Mrs. Charles Carter, Miss Margaret Raeder, Will Kearns, Dan Smythe and the host.

### ATTACKING PERSIANS DROP POISON, CHOLERA GERMS

PETROGRAD, Oct. 12.—It is announced that enemy fliers attacking the Roumanian Black seaport of Constanza dropped poisoned sweets and garlic infected with cholera bacilli.

## HIGH SCHOOL NEWS

A pep meeting was held this morning by the high school student body to encourage the football team which will meet the Walla Walla players in that city tomorrow. From the first yell to the last there was a great deal of enthusiasm manifested a fact which meant to football followers that Pendleton will be heard from tomorrow. As expressed by coach Fendall the Pendleton squad is not hopeful of winning but will play its best towards accomplishing that end. It is expected that Pendleton will at least make a better showing than did the La Grande team on last Friday.

It is probable that a large number of rooters will accompany the team tomorrow. This should make the rivalry very great and increase the interest in the game.

## We Can Save a Few Men \$175 on the HUDSON SUPER-SIX

Note These Important Facts  
Prices Will Advance Soon

We have just been notified as follows about coming Super-Sixes:

There will be no change in models. This year's production is nearly sold out—both of open models and closed. The new production—starting December 1—will be built from materials contracted this year, at enormous advance in cost. And, to maintain present standards, those cars must cost \$175 more.

### We Have Cars Here

We have a carload of cars now on hand at the present prices. They will be sold at present prices while they last. After that, every car shipped to us will cost the higher price.

You can save that difference—\$175—by buying your Super-Six now. And you'll get the same model as buyers get who buy after December 1.

Consider that fact well.

### Next Year Will Be a Super-Six Year

The Super-Six this year came in as a stranger. It was like all strangers, received with some question.

The next season will start December 1 with 25,000 Super-Sixes running. And with 25,000 enthusiastic owners.

It will start with performance records.

which prove that this invention has doubled a motor's endurance.

It holds all stock-car records up to 100 miles. It holds the 24 hour record of 1813 miles. It won the Pike's Peak hill-climb against 50 famous rivals. It holds the ocean-to-ocean record—San Francisco to New York, made in 14 hours, 59 minutes less time than the next best record.

Next year the Super-Six, with all these records behind it, will hold the peak place by itself.

### Save by Deciding Now

If you want such a car—even next year—you will save \$175 by deciding now. Never again in all probability, can you buy a Super-Six at those prices.

Come and select the car you want before we sell all our allotment.
