Everyone, whether alling, sick of well, should, each morning, before brenkiast, drink a guass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, gidneys and bowthe previous waste, sour bile and poisonous toxpurifying the entire alimentary canal prifying the entire allmentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wenderfully invigorating, It cleans out all the sour fermentations, guses, waste and acidity and one a splendid appetite for breakfust. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and geiting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stemach trouble, rheumatism, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is suf-ficient to make anyone a pronounced crank on the subject of internal sanitation.
