## W. C. T. U. DELEGATES SPEAK WORDS OF HIGHEST PRAISE FOR PENDLETON AND NORMAL

With words of highest praise for their treatment in this city and for the standard of Pendleton citizenship and with voluntary promises of active support for the eastern Oregon normal school bill, the 100 and more delegates to the 33rd convention of the W. C. T. U. left last night and this morning for their homes over the state, their convention having closed last night.

The visiting delegates took unusual measures to pay Pendleton the tribute they thought she deserved, so agreeably surprised were they to find that this city is not the "wild and woolly" community some people would have the world believe. At the close of the afternoon session yesterday, Mrs. Lee Davenport of Portland, superintendent of the state publicity department, arose in convention and paid a high tribute, declaring that she had never been in a city that so impressed her with its high ideals, moral atmosphere, progressive spirit and clean citizenship.

Mrs. Adah Wallace Unruh, state organizer, thereupon arose and not only seconded the remarks of Mrs. Davenport but moved that it be the sense of the convention that Pendleton is not only adapted geographically and climatically as a site for an eastern Oregon normal school, but her environment, spirit, atmosphere and tone makes her a fit and proper place for the establishment of an institution to teach those who teach our children. She included in her motion a pledge to all members to return to their homes and work actively for a measure that "is worthy from every standpoint of consideration." The motion was put and carried unanimously.

Still later in the evening session, the president, Mrs. Jennie M. Kemp, added her endorsement to Pendleton as a clean, live city and expressed her satisfaction at having found this city standing for the things that make for better citizenship. Street Meeting Held. In response to an invitation tendered by the Commercial association, the W. C. T. U. held a short open air session at the corner of Main and Alta streets at 7 last evening. Mrs. Mattie M. Sleeth making a short talk. At the last sessions the balance of the money necessary to cancel the deficit of the year was raised. The total amount raised during the two last days was \$570.

The 1917 convention will probably be held either in Medford or Albany, both of those cities having sent invitations. The convention decided to leave the decision to the executive board. At the evening session short addresses were made by Mrs. M. L. T. Hidden and Mrs. E. B. Andrews. Readings were given by Mrs. Christiane and Mrs. Alberta McMonies of this city. Miss Esther South contributed a vocal selection and Miss Olga Norgran favored the audience with a piano number. Many of the delegates left on the early morning trains but the executive officers remained over this morning for a business session. They left on No. 17.
