### STOP, LOOK, LISTEN! WHAT HAVE YOU DONE TO HELP THE NORMAL?

What have you done to help secure the passage of the normal school bill? Have you attempted to secure the support of your friends over the state? Every man, woman and child in Pendleton undoubtedly has from one to a score of voting friends outside of this city to whom a word of suggestion would be all that is necessary.

The campaign committee has printed a great many folders which set out briefly the arguments for the location of a normal school in this city. These folders will be gladly furnished to all who call at the office of Secretary J. H. Gwinn at the Pendleton Abstract Company. A folder enclosed in each letter going out over the state would be most effective. If you do not wish to write a letter, write a few words on the margin of the folder and address it to a friend.

It is not opposition that will kill the measure. There is no organized opposition to it except what comes from Weston. If the amendment is defeated, it will be defeated by indifference. There are many voters who do not care enough about the measure to apprise themselves of its provisions. These voters as a rule vote No. A simple word from a friend would change their vote to Yes.

Pendleton citizens have it in their power to change thousands of votes, and they at least cannot afford to be indifferent.

If you are loyal to Pendleton, Umatilla county and eastern Oregon you will send out the information that has been prepared.

#### USE CHALLIS.

If you are contemplating some new interior hangings for living room or dining room or even bedroom consider challis. You don't have to select from the old-fashioned sprigged variety or even the small conventional design or stripe. You may now have the widest kind of futurist challis in the most brilliant of colorings.

Japanese, these latest challis are called. His red moons port on skies of blue and glorious palm trees spring from sands of golden yellow. More of the challis show no such concerted designs, being merely blotches of bright color or brighter grounds. Of course, you can still get the demure little striped patterns and some quaint old-fashioned designs where a quieter patterning is desirable. Challis makes lovely soft hangings and has the additional value of being washable.

#### FOR CHAPPED HANDS.

Careless washing and imperfect drying are the reasons for more red, unsightly hands than anything else. The slightest dampness of the skin cracks. Hot water should not be used more than once a day at most for washing the hands, and then they should be rinsed in cold. At night before retiring, when the hands have been well washed and dried, rub in a fair quantity of a good cold cream or camphorated ice. This powder them lightly with a fine talcum and slip on loose old gloves re-

served for this purpose. This will soften the hands and keep them soft and smooth.

#### HOUSE HELPS.

When roasting meat and there is danger of its becoming too brown place a dish of water in the oven. The steam will prevent scorching and the meat will cook better. A piece of greased paper placed over the meat is also good.

After fowl of any kind is cleaned the inside should be rubbed thoroughly with a piece of lemon before the dressing is put in. Step one ounce of celery seed in half a pint of vinegar. A few drops of this will give a fine flavor to soup and in sauces for gowl.

#### LOBSTER A LA ROUEN.

Slightly brown in a saucepan one small cutup onion with a little butter. If you have a little clear meat gravy add it to the onion, and enough flour to make consistency of cream, add one bay leaf, one saltspoonful of salt, half as much pepper, also one saltspoon of celery seed. Let this come to a boil, then simmer gently for ten minutes, strain and add half a pound of fresh mushrooms, or one can of mushrooms if you have no fresh ones—simmer ten minutes longer. If you have a bottled lobster cut it up in good sized pieces (or canned lobster will do), put it into the sauce, cover the pan closely and stand it over hot water for ten minutes. Fill plate shells with this, place on toast and serve.

### LONG DISTANCE DIVORCE CONTEST COSTS HUSBAND

DENVER, Oct. 24.—Contesting a divorce suit at long distance did not prove very successful for Mrs. Harriet

M. Field in the county court. A jury which heard her husband's complaint and he defense decided that the husband, George W. Field, a traveling salesman for Armour & Co., was entitled to a decree.

Field, who appeared in person, testified that his wife deserted him without cause. Mrs. Field appeared through an attorney and the latter read Mrs. Field's deposition in which she denied her husband's charge. The very fact that she was not present at the trial lost her case and her husband.

### CONSTANT PAIN IN BACK FROM KIDNEY TROUBLE

I wish to tell you of my condition or about four years ago. I was afflicted with kidney and bladder troubles and had a constant pain in my back all the time for about two or three months. I did not have any appetite and could not rest at night and I was hardly able to do my house work. I saw Dr. Kilmer's advertisement and decided to give Swamp-Root a trial; after taking four bottles of Swamp-Root I was restored to health and have not been afflicted since. I will cheerfully recommend Dr. Kilmer's Swamp-Root to others afflicted with kidney and bladder troubles. Yours truly, SARAH PRAYER.

803 E. 6th St., Coffeyville, Kans. State of Kansas

Be it remembered, that on the 17th day of April, 1916, before me, W. G. Bowman a Notary Public, in and for said County and State, came Sarah Prayer, who is known to me to be the same person who executed the within statement, and such person duly acknowledged the execution of the same to be her free and voluntary act and deed.

In testimony whereof, I have hereunto set my hand and affixed my Notarial Seal the day and year first above written.

W. G. POWMAN, Notary Public.

of snow came just in the nick of time to extinguish a prairie fire that, having burned over 150 square miles of range, was getting beyond control and had trapped Mr. Nichols and his son with their automobile in a gulch.

The prairie fire had burned over all the country between South Beaver and Louse creeks. Every ranchman in the region was out with all the members of his family, fighting day and night to control the flames, but without avail. Prominent in the band of fire fighters were A. M. Nichols and his son. They had gone out from Newcastle in their automobile.

Becoming separated from the rest of the party, Mr. Nichols and his son found the fire sweeping around them at a furious rate. They ran some dis-

tance to their automobile, only to find the fire had spread about them on three sides. As fast as they could travel over the trackles prairie, the men hurried in their car, heading toward the open end between the lanes of flames. After a time, however,

they came to a place where they could make no further headway in their car. They were about to abandon the machine and run ahead on foot when the threatening clouds belched forth the furious blizzard that soon checked the fire.
