

# OUR SALE OF Women's Suits

Continues—All new garments reduced 1-3 off original price

The first day of our sale of Women's Suits was a big success. Many of our customers availed themselves of this opportunity to secure a new up-to-date garment at a considerable saving from its real value. A New Lot Just Arrived gives those who were unable to attend the first day of the sale an opportunity to select from suits never before on display. These were sent to us by a manufacturer, at reduced prices especially for our sale, in order that we might help him clean up his surplus stock. These together with our own stock, make a most attractive showing of the latest styles in tailored as well as fancy fur trimmed models. The materials are serge, gabardines, broadcloths and wool poplins in all the wanted shades. All suits are reduced as follows:

\$17.50 SUITS REDUCED TO	\$11.25
\$19.95 SUITS REDUCED TO	\$14.95
\$25.00 SUITS REDUCED TO	\$16.75
\$30.00 SUITS REDUCED TO	\$19.95
\$35.00 SUITS REDUCED TO	\$23.50
\$40.00 SUITS REDUCED TO	\$27.50
\$45.00 SUITS REDUCED TO	\$29.95
\$55.00 SUITS REDUCED TO	\$37.50

Higher Priced Suits Reduced in Proportion.

## Daily Chats With the Housewife

### GENERALLY USEFUL HINTS.

Pieces of cloth or paper dipped in turpentine will keep moths and carpet bugs away.

Put a little flour over cakes before icing and it will keep it from running off the cakes.

When making chocolate fudge, add 2 or 3 tablespoons of juice from apple sauce. This makes a pleasant flavor.

Cute little baskets are made by cutting around large oranges, leaving enough for handles, then scraping out the inside and filling with dessert made of tapioca or anything you choose, and putting whipped cream on top, with 2 little pieces of jelly or candied cherries.

Black ribbon can be freshened by rinsing in hot coffee or alcohol; wrap it around a glass bottle to dry.

After a bottle of glue or cement has been opened, rub cold cream or vaseline on a new cork before inserting it and the cork will not stick or break when opened again. Also, glue will remain liquid. Do same with glass stoppers.

In windy weather, add a spoonful of salt to your starch; it will prevent it from blowing out of the clothes.

### SAVING CRUMBS OF BREAD.

Save all pieces. If you have a loaf about to mould, cut in thin slices; place all together in a dripping pan; set in oven to dry. You will find that when pounded and rolled it will be very nice for dressings, stuffing, puddings, griddle cakes, etc. When to be used for breading meats, etc. it must be made very fine. Keep in a covered tin box or in a paper bag tied securely and hung in a dry place.

### A LUNCHEON DISH OF COLD ROAST BEEF.

Chop the lean of cold roast beef or steak very fine, separating it first

from all fat; nearly fill a pudding dish with cold boiled or baked macaroni; in the center put chopped beef, carefully flavored with salt, pepper, thyme and, if to your taste, a little liquor poured off from canned tomatoes. Pour soup stock or gravy over beef and macaroni; cover with bread crumbs, over which pour two tablespoons of melted butter and bake half an hour.

### APPLE CROUTES.

Pare, halve and core, good smooth apples; cut slices of bread without crust to fit the flat side of each half apple. Dust the apple all over with sugar, a little nutmeg or cinnamon. Arrange these on the slices of bread in a pie plate, bake in a moderate oven. The apples will retain their shape, and if peeled with care or carved lightly in shells or other fanciful shapes, make a very presentable dish for tea or a hasty luncheon, besides being simple and healthful.

### TURNIP BALLS.

Wash and peel fine grained turnips, then cut into balls using a vegetable scoop. Drop into boiling water, lightly salted, adding also a little sugar, and cook until tender, but not broken. Drain, cover with drawn butter or cream sauce, sprinkle lightly with minced parsley and serve very hot.

### GRAHAM PUDDING.

Two cups of sifted graham flour; dredge 1 cup raisins, seeded and chopped with a little of the flour, and sift with the remainder 2 tablespoons of cream of tartar. Beat 1 egg very light and add 1 cup of sweet milk. Stir in the flour and mix to a smooth batter. Add 1 teaspoon of soda dissolved in a little boiling water, and lastly the raisins. Steam in a covered pan or dish two hours and a half. Serve with hard sauce.

### 28 Years Ago Today

(From the Daily East Oregonian, Nov. 4, 1888.)

Newton Bourke and Virginia Hackett were married Saturday evening at Pilot Rock. They were visited of course by a party of songsters and the bridegroom is said to have treated the party with great generosity, the occasion being celebrated with much jollity and merrymaking.

A Pendleton gentleman who lately visited Baker City says the boys there have been trying ever since the baseball tournament to get onto the famous and soul stirring Pendleton yell but without success.

The mother of H. H. Hallock, the East Oregonian's Portland agent, is dangerously ill at Hesper. Her son left Portland on this afternoon's train to visit her bedside.

Old Squire Deppy who has just returned from a trip through portions of Morrow county says that it is only a question of a short time when Hesper will have the much courted honor of being a railroad terminus.

Oregon legislators and others who will attend the legislature next winter will be glad to learn that street cars will be running on State street before Jan. 1.

Iron rails have been replaced by steel on the O. R. & N. company's line from Umatilla to Huntington, with the exception of a four mile gap between Pendleton and Cayuse which is rapidly being closed.

Mrs. Mary N. Hatch, nee Miss Mary Bentley, of Dedette, child, niece of Mr. J. M. Bentley of Pendleton, arrived on this morning's train on a visit to friends and relatives here.

To the wife of L. L. Barnes on Friday, October 28, 1888, a girl, weight nine and a half pounds.

Business is never lively with the undertaker, no matter how busy he is.

### SEATTLE IS CHOSEN BY THE EASTERN STAR

LOUISVILLE, Ky., Nov. 4.—Seattle, Washington, was named at the concluding session of the 15th triennial assembly of the general grand chapter of the Order of The Eastern Star here as the place for holding the next meeting of that body in 1919.

Near-great orators and authors always use words that are greater than their ideas.

### FROM THE PEOPLE

#### IS SUPPORTING WILSON.

Editor East Oregonian: Being an ardent believer in President Wilson and a firm supporter of his re-election, I am distinctly disturbed over a misunderstanding which may easily arise in connection with the propaganda of the disorganizers against him. It is possible that some have confused the American Truth Society, the organization under which Jeremiah A. O'Leary and his aggregation are conducting part of their activities, with the Catholic Truth Society. This should not be. The former is a pro-German propaganda pure and simple, while the Catholic Truth Society has a distinct religious purpose in disseminating the truth concerning Catholic teaching. JAMES MORRIS, Brooklyn, N. Y., Nov. 1.

### GET RID OF HUMORS AND AVOID SICKNESS

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions, and are responsible for the readiness with which many people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. Get Hood's. No other medicine acts like it.

### An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

This excellent, common-sense health measure being adopted by millions.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink morning, before breakfast a glass of hot water with a teaspoonful of Limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and Limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of Limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

### HEROISM COSTS LIFE OF BRAVE HORSEMAN

"Happy Jack" Bortle Dies Two Years After Giving Skin to Save Life of Little Girl.

MANITOU, Colo., Nov. 3.—An act of heroism, performed two years ago, caused the death recently of "Happy Jack" Bortle, expert horseman and widely-known character of this section. Bortle's death occurred in Honolulu.

Hattie Baker, a little girl living in Colorado Springs, was so badly burned two years ago that for a time her life was despaired of. Finally the doctors said she had a fighting chance to recover if sufficient healthy skin could be obtained to graft on her burned body. "Happy Jack" Bortle was the first volunteer; he gave forty-eight square inches of outside.

The little girl recovered. And so, apparently, did Bortle. But some infection set in where the skin had been removed, and this developed into an incurable malady, which eventually caused his death.

Bortle was given the nickname of "Happy Jack" because of his sunny disposition.

er of Doubt in the present campaign. It's easy to borrow an umbrella in fair weather.

Both presidential candidates believe in votes for women if women vote right.

## HE HAS PROTECTED ME AND MINE

This poster, appearing on billboards in many cities of the United States, expresses graphically the appeal that Woodrow Wilson's administration has made to the working men of America. What stronger appeal can there be than the service Woodrow Wilson has performed that saves this man's family from the brutalities of militarism and enables him to be working instead of fighting in a needless war that would have saved no lives and that would have accomplished nothing for the honor of the United States or for the welfare of humanity?
