### CRYING FOR A TRUST MADE TARIFF

(From The New York World.)  
 As usual at this stage of a presidential campaign, republicans are holding up in workmen the terrors of democratic unemployment and sou-rous. One of the necessary hardships of the poor in this country is the contempt or patronage of the rich as thus expressed, but this year workmen are better prepared than ever before to resist the insolence with good nature or to resent it with dignity. With everybody at work at unexampled wages under wise laws and a just government, the prosperous gentlemen who address self-respecting Americans as though they were on the edge of beggary are probably talking against the wind.  
 Nevertheless, it is interesting to note the fact that on the very day that Mr. Hughes, speaking for the Steel Trust and its tariff appetite, in Ohio, was prophesying bread-lines in the event of Mr. Wilson's re-election, Senators Penrose and Oliver and John Wanamaker, in New York, with the same devotion to privilege and greed, were forecasting even more direful experiences. When so much Pennsylvania talent agrees with the candidate on the imminence of poverty and the one high-priced cure for it, we know at last exactly what Mr. Hughes means on at least one subject.  
 If elected with a republican congress he will postpone every other consideration until the Philadelphia and Pittsburgh trust lawyers shall have drawn and caused to be enacted a monopolistic tariff law that will make things snug and comfortable for the most rapacious business interests in the world. And there will be thin soup for most people in every line of it.

situation. It is only honest and fair to give him the credit.  
 On the other hand, if you are dissatisfied with conditions and believe there should be a change in presidents it will be logical for you to vote for Hughes. It is the privilege of every voter to take his or her choice. The ballot is secret and it is your own business how you vote. It is your privilege and your duty to vote the dictates of your conscience and your heart.  
 The issue is now up to the voter.

#### IN FAIRNESS

THE people of the east end of the county have been extremely fair with reference to the normal school measure. The papers at Milton and Freewater have earnestly advocated adoption of the measure. Various public men, including Prof. Washburn of Milton and Rev. Noyes of Umapine have made strong public statements supporting the bill.

The spirit of the east end is wholesome and the situation puts it up to Pendleton to return the compliment by giving the east end a fair deal on the legislative ticket. Mr. Hodgen is their candidate; they want him elected and they are entitled to success. He is in every way fitted for the position.  
 A vote for Hodgen is a vote for justice to the east end.

**LAY PARTISANSHIP ASIDE**  
 IN view of Mr. Hughes' attitude no fair minded republican will feel the slightest obligation to vote his ticket on the score of party loyalty.  
 At Milwaukee on Sept. 20 Judge Hughes declared that the whole Wilson legislative accomplishment must be wiped off the books for the good of the country. That means he committed himself to repeal of the federal trades commission law, the reserve act, rural credit law, tariff commission law, the eight hour law, the

shipping law, the child labor law and other very worthy measures enacted by this administration.

There has been an attempt on the part of the Portland Oregonian to deny the Hughes speech at Milwaukee. But they are caught with the goods. As shown by a fac simile published in the East Oregonian Saturday the Chicago Tribune, an ardent supporter of Hughes, covered the meeting by a staff correspondent and he credited Hughes with the statement in question. Mr. Hughes made that statement and he has made no denial of it. It was in line with previous declarations. He has criticised every achievement of the Wilson administration, praising nothing. By inference he has on many occasions said what he put into specific terms at Milwaukee.

Wall street heard what Hughes said at Milwaukee, but it was nothing new to those men. They already knew where Hughes would be found if elected. As long ago as Sept. 9 J. P. Morgan, Coleman Dupont and others had joined in calling together big financiers for the purpose of taking steps to "put Hughes over." A few days ago they threw more than a million dollars additional money into the campaign.

When Wall street is so desirous of electing Hughes and of wiping all the great Wilson measures off the books, surely it is time for the farmers and other beneficiaries of those laws to rally to the support of the president.  
 Put principle above partisanship by voting for Wilson.

No matter what your views may be on national issues we can all join hands in voting for the Pendleton normal school; roll up a Umatilla county majority that will surprise the state.

If Hughes is elected there is likely to be real need for the

#### BEING HIS MOTHER.

Being his mother—when he goes away  
 I would not hold him over-long, and so  
 sometimes my yielding sight of him grows oh  
 so quick of tears, I joy he did not stay  
 To catch the faintest rumor of them! Nay,  
 Leave always his eyes clear and glad, although  
 Mine own, dear Lord, do fill to overflow;  
 Let his remembered features, as I pray,  
 Smile over on me, Ah! what a stress of love  
 Thou givest me to guard with These (his wise)  
 His fullest speech ever to be denied!  
 Mine own—being his mother! All thereof  
 Thou knowest only, looking from the skies  
 As when not Christ alone was crucified.  
 —James Whitcomb Riley.

#### FOLLOW YOUR CONSCIENCE

ARE you satisfied with the state of the country? Do you rejoice over General prosperity, Employment for all, New laws plainly for the public benefit, Peace with the nation's honor and rights protected, If these things impress you as worth while then it will be logical for you to vote for Wilson. We have the above state of affairs under his administration. He is in a very large measure responsible for the

recruiting offices throughout the country.

#### 28 Years Ago Today

(From the Daily East Oregonian, Nov. 6, 1888.)  
 Married—At the Bowman House, on Saturday evening by Rev. T. M. Boyd, John Walker and Elizabeth Bates, both of Umatilla county.  
 John W. Stanfield, whose reputation as a restaurateur is widespread, has purchased the French restaurant and will conduct it in first class style.

Another novel election bet was made yesterday between Mose Tribble of Echo, democrat, and John Duncan of Prospect, republicans. They each possess a stallion of good breed which they wagered. In case Cleveland is elected Duncan must walk to Echo from Prospect, seven miles, and lead his horse and Tribble is to make the trip on foot to Prospect if Harrison is elected and turn his horse over to its new owner.  
 W. H. Parrent of Rudock is in town today. He has two daughters in attendance at St. Francis Academy. Mr. Parrent is much depressed over the prospect of a republican victory.

In a private letter to a citizen of Spokane Falls, General Harrison predicts that Washington territory will be admitted into the union as a state in 12 months.  
 B. F. Jones, the O. R. & N. Co. agent at the Weston depot, formerly stationed here, is in town on a furlough, having experienced a touch of rheumatism.  
 While carelessly at play Oliver Smith was injured by Roy Murdoch at school yesterday afternoon when swinging a top by the string and struck Oliver in the temple, cutting quite a

gash but causing no serious injury. A. B. Houlat, a young man lately from Portland, has been engaged by Wheeler-Green & Co. to take charge of the books in their agricultural department.  
 Housemovers have now attacked the block, occupied by William Rosch's brewery, work on which was commenced today. The hardest job the Golden Rule hotel and the Wheeler block are being left for the last.  
 The Long Creek Eagle seems to be troubled considerably by an outfit of elders and evangelists who have been preaching Mormonism in that locality.

**MAN BETS HIS EYE THAT WILSON WINS BUT NEEDN'T PAY**  
 DANVILLE, Ill., Nov. 4.—Because betting is illegal and because the law can not be evoked to enforce a bet, John Watsenvidge of Westville, Ill., retains possession of his good right eye, no matter which way the November election goes.  
 John wagered his optic on Wilson against \$50 of good and lawful money, he explained in presenting his case to Justice A. M. Parker of this

city. Justice Parker related the story of Shyllock and the pound of flesh and asserted the chance of enforcing the bet against the Kautsvidge eye was no greater than that of Shyllock.

**Sufferer From Indigestion Relieved.**  
 "Before taking Chamberlain's Tablets my husband suffered for several years from indigestion, causing him to have pains in the stomach and distress after eating. Chamberlain's Tablets relieved him of these spells right away," writes Mrs. Thomas Casey, Geneva, N. Y. Obtainable everywhere.—Adv.

**NORWEGIAN TRAMP SIGHS HUGE DIVERT**  
 BALTIMORE, Nov. 6.—When the Norwegian freighter Osterdal arrived in port today from Cardiff, Captain H. Hirsch reported having seen a big submarine on Tuesday night about 40 miles east of Cape Henry. The submarine, Captain Hirsch said, came to the surface about 600 feet from the Osterdal, but did not signal the ship. Belief was expressed that it may have been a German submarine that had convoyed the Deutschland across the Atlantic.

**FOR OVER FORTY YEARS A NATIONAL FAVORITE**  
**SMOKERS INTERESTED IN CIGARETTE DEMONSTRATION**  
**UNIQUE IN FLAVOR**  
 That is one reason for the great popularity of Sweet Caporal Cigarettes. No other cigarette has ever duplicated the pure tobacco flavor of Sweet Caporal—the mellow, sweet, nature-made taste of ripe tobacco. That is why smokers always come back to Sweet Caporal—no other cigarette gives them the same enjoyment.  
 There has never been a more striking demonstration of cigarette purity than the novel burning test of Sweet Caporal cigarettes now being given by a trained corps of demonstrators. These men first burn a piece of ordinary paper and call smokers' attention to the heavy smoke, odor, and black root-like ash.  
 They next produce a roll of the high-grade, imported French cigarette paper used on Sweet Caporal cigarettes and burn a piece of being given by a trained corps of demonstrators. These men first burn a piece of ordinary paper and call smokers' attention to the heavy smoke, odor, and black root-like ash.  
**"The PUREST form in which tobacco can be smoked"**  
**SWEET CAPORAL**  
 Ask Dad, he knows  
**THE ORIGINAL CIGARETTE**  
 Sweet Caporal is the famous brand that put cigarettes on the map of the United States.  
**"SWEETS" IN CLUBS**  
 Every club and hotel in America, and hundreds of the best hotels in Europe, sell Sweet Caporal cigarettes. No other cigarette at the same price is carried in these places.  
**SMOKED BY THOUSANDS OF PHYSICIANS**  
 Sweet Caporal cigarettes are the favorite brand of medical men everywhere. Over fifteen thousand physicians in the United States are of Sweet Caporal smokers. No greater tribute could be paid to the purity of Sweet Caporal cigarettes than this. Physicians know Sweet Caporal is good, pure tobacco—that is why they smoke "Sweet's."
