

### Get Your Piano or Player-Piano Direct from these Great Factories

WE ARE direct factory representatives of the country's greatest organization for the making and marketing of high class pianos and player-pianos—The House of Baldwin. We can not only supply you with an instrument at the price you wish to pay but we guarantee that every instrument we sell is the best value that can be obtained. The output of these factories is so great that the cost of producing a high-grade instrument is reduced to the lowest figure ever known. Our line includes the latest styles in the following standard instruments:

#### The Baldwin Piano

Grand and Uprights  
Acknowledged the world's best at the universal exhibitions. The only American Piano ever awarded the Grand Prix.

#### The Ellington Piano

Grand and Uprights  
The favorite for musical homes of modest means. Remarkable for tonal quality.

#### The Hamilton Piano

Grand and Uprights  
Sold the world over. Famous for its durability. Very reasonably priced.

#### The Howard Piano

Uprights  
The most inexpensive good instrument that can be made. Surprising quality for so low a price.

### The MANUALO

The Player-Piano that is All But Human The Instrument You Were Born to Play  
The most fascinating, satisfactory and dependable player-piano the world affords. Gives you all the pleasure of playing the piano. Built at four different prices varying according to the grade of the piano. Come in, hear and try any of these superb instruments. Liberal allowance for pianos taken in exchange. Deferred payments.

### ROAD PRESIDENT BUYS OLD LOCOMOTIVE HE USED TO RUN

Kansas Has It Rebuilt and Operates It Over His Own System.

HUTCHISON, Kan., Nov. 10.—Few engineers have been able to buy their favorite locomotive after their retirement from the rail, but that is what O. P. Byers has done. Furthermore,

Byers drives his engine every once in a while since he bought it. Nearly 25 years ago Byers was an engineer on the Chicago, Rock Island & Pacific Railroad between Fort Worth and Chickasha, Ok. Now he is president of his own railway, the Anthony & Northern Railroad which is spreading through the Kansas wheat belt. Recently Byers learned that the locomotive he once drove

was retired from service. He immediately made an offer for No. 496. His bid was accepted and he had the locomotive rebuilt and drove it on his first trip over his line.

### GREEK CIVIL BATTLE STOPPED BY FRENCH

KATERINA, Greece, Nov. 10.—Quiet was restored to this town today, following the recent fighting between Venizelists and Royalists, by the arrival this morning of a French battalion which at once set about occupying and policing the town and suppressing all disorder. It is the general expectation that, since the French are in control of the situation, both the Royalists and Venizelists will put an end to an embarrassing situation by withdrawing from Katriona and leave the field to the French.

### DEATH IN SCHOOL EPIDEMIC.

Annabelle Vaughan First Englewood High Victim to Succumb.  
CHICAGO, Nov. 11.—Annabelle Vaughan, 16 years old, 5359 South Morgan street, died late yesterday at the German Deaconess hospital, the first fatality in the recent typhoid fever epidemic at the Englewood high school. Thirteen other pupils and two instructors are convalescing. The epidemic is believed to have originated in the lunchroom of the school. Soon after physicians suspected the genesis of the contagion this room was closed, thoroughly disinfected, new plumbing installed and today the lunch room will reopen. The "typhoid carrier" has never been discovered.

## Daily Chats With the Housewife

### BEEF SQUABER

A small piece of very good beef such as rump steak, or fillet of beef is good for this and is more economical to cut into squares and grill it lightly at a clear fire. Have ready some squares of delicately toasted bread, buttered and hot, lay these on a hot dish with a bit of steak on the top, and on top of that a slice of tomato much peppered and salted, and 1-2 teaspoon of horseradish in a little mound. Using squares of bread and meat is much more economical.

### CRAB SALAD A LA MAYONNAISE

On pint of meat taken from hard-shelled crabs, boiling and picking out the meat. Season well with salt and pepper, place in a glass or other suitable dish on a bed of crisp lettuce leaves, spreading over them the mayonnaise sauce, and garnish with hard boiled eggs, sliced beets and tips of celery.

### ORANGE SNOW

Six fine oranges, the whites of four eggs, 1 pint whipped cream, half cup powdered sugar. Slice the oranges after peeling, remove seeds, sprinkle sugar over them before adding the snow; cream, which is made thus: Beat the whites of the eggs until foaming, then add by degrees the sifted sugar. Whip the cream, which must be very cold from standing on ice. When very stiff beat in the orange slices and juice, adding as much as the cream and the meringue will hold without becoming soft. Place in glasses and serve very cold.

### POTTED TONGUE CANAPES

One box potted tongue, strips of cooked pork tongue, six slices of toast cut into neat circles. Spread with a layer of potted tongue one-quarter of an inch in thickness and decorate with strips of cooked red tongue in lattice forms, that is with strips laid one over the other, like lattice work.

### SPINACH FRITTERS

Take spinach and boil it thoroughly, drain it well, mince and add some grated bread, nutmeg, ginger and cinnamon all pounded. Add as much cream or yolks and whites of eggs as will make the preparation of the consistency of batter; add a few currants and mix them in. Drop the batter into a frying pan of boiling lard. When the fritters rise, take them out, drain and send to table.

### FLOUNDERS STUFFED WITH MASHED POTATOES

Order two pounds flounder skinned and boned. Lay on the lower half each fillet of flounder mashed potatoes, fold the upper half over it, lay in baking pan, season with salt, half cover with milk, with dots of butter then bake while baking with the milk and butter. Bake 15 minutes in a moderate oven. Dress on platter with slices of lemon and garnishes of all greens.

Serve with hollandaise sauce—made as follows: Beat half a tea cup butter in a bowl to a cream, add yolks of two eggs, one by one, then juice of half a lemon, pinch of cay-

enne pepper, half a teaspoon salt, place this in a saucepan of boiling water, beat with an egg beater for a minute or two, until it begins to thicken; then one-half cup boiling water, beating all the time. When like a stiff custard, it is done. It will take five minutes to cook if the bowl is thin and the water boils all the time.

### HOUSEHOLD HELPS

When ends come off shoe laces dip them in glue, twist to a point, let dry over night and they go through eyelets of shoes nicely and last a long time.  
When canning fruit save out a little of the syrup to dip the rubbers in, to make them sticky. Put some also on rim of jar where rubbers set on and your jars will be air-tight. I never have anything spoil by that method.  
To keep needles from rusting I keep them in a small glass jar with a screw top, one that is small enough to keep in the machine drawer.

### EXPECT TO BE SHOT; ARE TREATED KINDLY

#### Bulgar Prisoners in Serb Hands Need Not Fear After Capture.

WITH SERBIAN ARMY, near Florina, Macedonia, Nov. 10.—Bulgarian prisoners whom I saw at advanced army headquarters gave additional evidence of the tendency on the part of the Bulgars to kill prisoners and wounded on the battlefield. These prisoners who should not be confused with deserters, or whom there are many, were fearful of being put up against the wall and mowed down with a rapid fire gun, which is said to have been done by the Bulgars to Serb prisoners.

Their first plea upon being taken was for immunity from massacre. Although assured that there was no danger of the Bulgarian practice being carried out on them, they were willing to give all possible information to examining officers provided that their lives be spared.

The expressions on the faces of two score of such prisoners whom I studied outside staff headquarters was different before they went inside for examination than when they came out. Crouching against a wall, guarded by a single gigantic Serb soldier with a fixed bayonet, they were despair personified. They sat motionless for a long time, not speaking, nor changing their facial expression. When they came out from the examination, eight at a time their step was lighter, they held up their heads with more an almost happy expression.

### SIX TIMES REPRIEVED IS SENTENCED TO DIE

CHARLES F. STIELOW  
ABANY, N. Y., Nov. 10.—On the records of the court of appeals today rests the decree ordering the execution of Charles F. Stielow for the murder of Charles D. Phelps, a farmer, and Phelps' housekeeper. On the morning of December 11 Stielow will be led into the death chamber at Sing Sing prison unless he again procures a reprieve. In which event it will be the seventh that he has secured. Many wealthy persons have interested themselves in Stielow's case. Although new evidence has been brought forth on all six occasions to show that Stielow was innocent, but without avail. Finally the court of appeals resentence him to death. It being the third time in the history of that court that a condemned man has appeared before it for sentence. The other two were Dr. Buchanan and Albert T. Patrick.

## After the Rain

And before seeding the grain a good seedbed should be prepared. The best instrument made for this purpose is the

## The Pendleton "Slant Tooth" Harrow

If you do not own one already you should buy one. You will buy one sometime, why not DO IT NOW.

Made and sold by  
**Pendleton Iron Works**  
East Court and Alta Sts. Pendleton, Ore.

arians and Greeks and it is not a favorable one. Consequently they showed ill feeling toward the Serbian army when it arrived.  
Looking for a room or a house in which to live instead of a tent, I called at a villager's house accompanied by a Serb staff officer. We knocked at all three entrances without receiving a response. After some time a balcony door opened and a disagreeable looking Macedonian in short skirts and long leggings appeared. At first he declared that there were no vacant rooms in the house and no room that could be spared. After cross-examination by the staff officer he admitted the contrary and went to open the door.

Several minutes elapsed before the door was finally opened, and then only partly, the Macedonian walking away from it, as much as to say, "Come in if you must, but you are unwelcome." Then the officer changed his tone, spoke sharply, and the man, who was probably 70 years old, returned, pulled wide open the door and welcomed us in.

### Made Friends With Native

After the room had been engaged the Serb officer explained to the old man in a kindly tone that he was not dealing with Bulgars and would not be mistreated. The Macedonian's manner soon changed and when we went out he offered his hand, grasping ours cordially.

"It's humiliating to have to plead with these people," explained the officer, "but we must try to undo some of the ill that already has been done. The have been ill treated by the Bulgars, who have taken everything they wanted and paid nothing for it."

## DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

### LOOK AT TONGUE: IF COATED, CLEAN LITTLE STOMACH, LIVER, BOWELS.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.  
When listless pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "in-sides" clean and sweet.  
Keep it handy, Mother! A little given today saves a sick child tomorrow. But get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on its bottle. Remember there are counterfeiters hold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

### TIES UP \$200,000 IN BETS.

#### Widow of Tom Corbett Attaches Stake Money in San Francisco.

SAN FRANCISCO, Cal., Nov. 11.—Approximately \$200,000 placed by betters here in the custody of Keegan Monahan and James Coffroth, awaiting the outcome of the presidential election, has been attached it became known today, by Mrs. Margaret Corbett, widow of Tom Corbett, the sportsman, who was a business assistant of Monahan and Coffroth. They agreed after the death of her husband, Mrs. Corbett alleges to pay her \$150 each month that they continued to operate the business. This she says, they have failed to do.  
Although the safety deposit box in which the betters' money lies was attached, Monahan said today that the bets would be paid.

### AMERICANS GO TO SALONIKA

#### Twenty-five Ambulance Drivers Are Assigned to Red Cross Unit.

SALONIKI, Greece, Nov. 11.—Twenty-five experienced American ambulance drivers with the French army arrived on a transport today and are waiting to care for the only American Red Cross unit in the east. The men come from various sections of the American ambulance organization in France. They have been formed into a new section, in charge of Lovering Hill of New York, and will operate thirty cars.  
The drivers are chiefly college men and not a few of them wear decorations for bravery shown on the west-

### CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scurvy or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption.  
Hood's Sarsaparilla is so successful in the treatment of catarrh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.

## BURNING ITCHING PIMPLES ON BACK

Of Shoulders and Neck. Large and Hard. Walked Floor Most of the Time. In Ten Days

### HEALED BY CUTICURA SOAP AND OINTMENT

"My trouble began with pimples on the back of my shoulders and neck. I paid no attention to them until they began itching and when I rubbed them they would get sore and burn. The pimples were large and hard, and would peel off. The burning and itching were so bad that I walked the floor most of the time, and almost cried. I could not let my clothing touch me and I lost sleep because the pimples were so sore.  
"I sent for a free sample of Cuticura Soap and Ointment and it helped so I bought more. It was about ten days before I was healed." (Signed) Miss E. M. Spinks, 1726 39th St., Denver, Colo., July 7, 1915.  
Sample Each Free by Mail  
With 23-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.
