BUSHEL OF POTATOES STOLEN.

Woman Buys Bushel from Man Who Steals Her Watch.

CHICAGO, Nov. 13.—A bushel of potatoes was stolen yesterday afternoon from Eugene Brill, a huckster of 1231 Chouteau avenue, who had his wagon in the alley behind 3971 Folson avenue.

A short time later a man offered

a bushel of potatoes at the bargain price of \$1.30 to Mrs. Alex Martin, who conducts a restaurant at 1515 South Thirty-ninth street. While Mrs. Martin was getting her money the man with the potatoes stole a watch from the shelf in the kitchen. Mrs. Martin did not miss the watch until after the man had departed with the \$1.30.

Says Simple Remedy Prolonged His Life

DR. CALDWELL'S SYRUP PEPASIN EFFECTIVE AS A REMEDY FOR CONSTIPATION.

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however; these are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without cramping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert LeForgee, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup Pepsin in the house for the past sixteen years, and that by using it occasionally as the

need arises, and in this way keeping his health good, it has prolonged his life, and brought ease and comfort. Dr. Caldwell's Syrup Pepsin is sold by druggists everywhere and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle free of charge can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

BURIED ARTILLERY DEFENDING SOMME

BRITISH AND FRENCH ATTACKS SUCCEEDED IN PENETRATING ONLY THE SURFACE.

United Press Correspondent Visits German Lines and Witnesses Shelling of Bapaume.

(CARL ACKERMAN.) SOMEWHERE ON THE SOMME, via Sayville, Nov. 14.—Germany is defending the Somme with buried artillery. The British and French are attacking only the surface of the world's greatest fortifications. The Germans surprised the allies with a wonderful series of artillery proof fortifications. They are built so close, dug so deep and cover such a wide area the allies' attacks are only fringing the outskirts of a powerful system of underground forts.

The bombardment is terrific. Fields, woods and towns are torn to pieces. Nothing is touched under ground. The Germans repel attacks from their subsurface forts.

For a week I traveled the Somme battlefield. From a height near Peronne, south of Arras, our party twice penetrated the shell area, viewing Peronne and Bapaume. We waited in the castle library, where the headquarters are located. Cannons shook the windows and doors. We motored to Bapaume heights and watched the British fire. Only a church spire and chimney were still standing. We encountered seventeen lines of trenches and wire entanglements near the front. We passed away tunnels leading to thousands of underground forts. They vary in depth from a few feet to sixty. No cannon can penetrate them. We entered an underground battery. Although there was many big shell craters overhead, nothing was scratched beneath. Officers and artillerymen were living with all the comforts of home.

I passed hundreds of French civilians and soldiers paving the chief lines. The laborers are working a new network of railways. The British fired thirty thousand gas bombs in to one village during the night. The next morning the Germans crawled out like rabbits and resumed work. British tanks are almost a failure. The artillery easily upsets them.

MEN MADE SLAVES, BELGIUM PROTESTS

Germany Forces Some to Front for Army Service, Neutral Nations Are to Be Told.

HAVRE, France, Nov. 14.—The Belgian government has decided to protest to neutral governments against the deporting of Belgians and the alleged employing of them at forced labor in German factories and in military work at Verdun.

In making this announcement the documentary bureau of the Belgian minister of war says the government has positive information that between Oct. 15 and 24 15,000 Belgian men and a number of French civilians were taken forcibly from various parts of Belgium, the two Flanders and the regions of Tournai and Mons. "These unfortunates," says the note, "were crowded in open cars, exposed to intemperate weather and sent as cattle to various destinations, certain of them to Germany and others to the Verdun front. There can be no doubt that most of them will be employed on work of a military character.

The Belgian government has decided to protest solemnly to neutral countries against this particularly abominable violation of article 3 of the Hague Convention.

6 1/2 TONS SILVER BULLION LOADED ON DEUTSCHLAND

Shipment from San Francisco Is Taken to Submarine at New London, Conn., in Open Wagons.

NEW LONDON, Conn., Nov. 13.—Six and one-half tons of silver bullion from the mint at San Francisco were unloaded here today at the railroad station by an express company and

transported to the German merchant submarine Deutschland, moored at the State pier, for shipment across the ocean.

The metal was conveyed through the streets in five open wagons without armed guards and few persons who saw the wagons suspected that \$150,000 worth of property was being moved in that fashion.

Countess von Bernstorff, wife of the German ambassador, inspected the Deutschland here today. It was her first visit on board a submarine. As the guest of Capt. Koenig, the countess went into the vessel's lowest depths, looked through the periscope and stepped into every compartment. The ambassador, who reiterated that his brief visit here was entirely a social one, accompanied his wife to the state pier, where the submersible was being loaded for her fourth transatlantic voyage, less hidden from public view. He heard the craft but did not make the inspection with the countess.

The ambassador denied formally today that he has entrusted to Capt. Koenig official mail addressed to the emperor of Germany. Certain mail matter from the German embassy in Washington will be carried by the Deutschland, however, on her next trip.

WORKMEN'S COMPENSATION CASES ARE REOPENED

WASHINGTON, Nov. 13.—The supreme court reopened for argument the cases involving the constitutionality of the Workmen's Compensation Laws in Washington, Iowa and New York.

Cats watered to make them weigh more can not legally be shipped in interstate commerce.

Druggist's Customers Always Satisfied With This Kidney Remedy

For twenty years I have enjoyed a splendid sale on Dr. Kilmer's Swamp-Root and my customers are perfectly satisfied with the results obtained from its use in the diseases for which it is recommended and they always speak favorably regarding it. In catarrh or inflammation of the bladder and rheumatism it has been very successful according to the reports we have received from those who have used it and obtained satisfactory results. I believe it is a valuable remedy for the ailments you mention and do not hesitate to recommend it for such conditions.

Very truly yours,

MOTHER! GIVE CHILD "SYRUP OF FIGS" IF TONGUE IS COATED

IF CROSS, FEVERISH, SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache, or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.
