### SALAD DRESSING, BOURGEOISE

One half tablespoon of French tarragon mustard, 1 tablespoonful of vinegar, 1 of mayonnaise, 2 of olive oil, 1-2 tablespoon each of chili sauce, salt and Worcestershire sauce, 1-2 teaspoon of pepper, 1-2 tablespoonful of minced chervil and chives mixed. Mix well together the mustard, vinegar, salt, pepper, mayonnaise and Worcestershire sauce and chill in a bowl of ice. Add little by little the oil, chervil and chives, using a wire whip and beating constantly. When it is thoroughly mixed, put in a bowl and chill in the refrigerator until wanted.

### COUPE ST. JAMES

Cut in small pieces some preserved pineapple, apple, oranges and pears sufficient to fill three quarters full the desired number of coupe glasses (or large spreading, shallow glasses with a tandard will answer.) Mix these fruits together thoroughly; cover with fine sugar and flavor to taste with almond extract. Fill the glasses three quarters full with the fruits, and fill the rest of the space with half orange water ice and half lemon water ice. Strawberries and other fresh fruits in season may be used peaches being especially delicious.

### GLAZED HAM

Brush over well with beaten egg a cold boiled ham, from which the skin has been taken. Moisten a cup of powdered cracker crumbs with enough rich milk or cream to make into a thick paste, add 3-4 teaspoon salt, and work in a teaspoon of melted butter. Spread this evenly over the ham in a coating a quarter of an inch thick, and set to brown in a moderate oven.

### AS TO EVENING GOWNS

Metallic effects in embroidery appear on some of the black evening gowns, but nothing is so delightful as the tulle, which have a semi-train bordered with volants and bouillottes caught up at the side with a panner like effect, and handsome stole-like trimmings of jet down the skirt, also forming a plastron on the bodice, perfectly straight cut, carried under the arms and met by crossings of tulle. Sleeves are often absent in evening gowns, represented merely by a band, when again some of the broades

come up high across the back and front in a straight line, says the Queen, London. The bodice, or rather the tabard-like straight piece which represents the bodice, is often united to the skirt with gatherings of some tender shade of crepe, with sometimes an iridescent effect. There is a lack of grace in the very short evening gowns with long feathery trains, which seem to emphasize the shortness. Negligees are being made in soft velvet, and have the square piece of material back and front. For demi-toilette, the prettiest red-pink chiffon gowns are made high to the neck, the sleeves to wrist.

### MOTOR HOSIERY

One of the novelties on the hosiery counter is a thick, warm pair of motor stockings to be drawn on over the shoes. These are of thickly knitted wool, similar to the popular sport hose, and come in dark mixed colors. A flexible leather sole is applied to the foot of the stocking, and a round aperture is left for the heel of the shoe. This keeps the ankles snug and warm while in the machine, yet the hose can be worn in walking between the house and the car and be removed without removing the shoes.

### FOR THE BOY'S BATH

To make the boy's tubbing less of a dreaded task and more of a game, stout "boxing mitts" of Turkish toweling come in sizes to fit the boy's hands. Tucked into an attractive boy they make a nice gift for a youngster

## DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the pipes of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorder and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

While there was a more liberal run of hogs in the North Portland yards over Sunday than last week for the similar period, receipts continue far below those of a year ago for this same day.

## HOW I GOT RELIEF FROM CATARRH

Man Who Suffered Twenty Years And Was Almost Dead Finds Way to Be Quickly Rid of His Trouble. By Thomas Walsh

### HOW TO BREATHE THE AIR OF HYOMEI

"I have been a sufferer from Catarrh for over twenty years. I doctored off and on for fifteen years but still, after all this doctoring and drugging I got no relief.

"Finally my ailment became so severe that I was practically deaf in one ear and almost so in the other. My wife got me a Hyomei outfit and I immediately began to use it according to directions and the results were remarkable. I have used another bottle of Hyomei and can truthfully say it is the first relief I have experienced in twenty years. This sounds like strong language, nevertheless it is the truth.

"I feel there is nothing like Hyomei—a boon to the sufferer of a loathsome disease, catarrh. I consider it a pleasure to recommend Hyomei to all who are sufferers from this disease."

The oil of hyomei has long been recommended as being one of the very best treatments for catarrh of nose or throat. It is not swallowed but the patient gets quick results by pouring a few drops of the pure oil in to a little hard rubber inhaler which comes with each large bottle of oil.

Place the inhaler in the mouth as shown in illustration and just breath naturally into the throat, lungs and air passages the medicated air which the oil gives off. This is pleasant but so powerful that its germicidal qualities quickly destroy all catarrh germs and soothe the sore, swollen, inflamed membrane, stopping the discharge and ending the disease.

Tailman & Co. as well as other leading druggists in the city speak highly of Hyomei and state it is always sold by them with a positive guarantee to refund money if in any case of catarrh, bronchitis, sore throat, cough or cold, it fails to give prompt relief. In getting Hyomei for the first time be sure to get the large size which contains the inhaler as its use is quite essential for best results.
