

Thanksgiving Day is Coming, Hart Schaffner & Marx Clothes Have Been Here For Some Time

There's a direct relation between the two ideas stated in our heading; because such clothes as these are a good cause for Thanksgiving.

In these troubled days, when the cost of everything we eat or wear or use is advancing, you must not forget that the temptation is very great on manufacturers to keep the prices of their products down by letting down a little on quality. That's just what's going on in the making of clothes as well as of other things.

And that's why you can be thankful for HART, SCHAFFNER & MARX clothes; the quality of all-wool fabrics, the fine tailoring, the smart style are all the more important; and these makers haven't lowered their standards in the smallest degree. When you come here for clothes, you'll get the best in the world for the price.

TEAM RUNS AWAY ATHENA BOY HURT

REX PAYNE, CAPTAIN OF BASKETBALL TEAM HAS BADLY SPRAINED ARM.

Will Be Unable to Play in Games for Some Time—Other Interesting News and Social Notes of That Community.

(East Oregonian Special.)

ATHENA, Nov. 21.—Rex Payne, captain of the boys basketball team of the high school, received a badly sprained arm Friday night in a run-away. Payne was on his way home in company with his brother and Roy Russell. When about two miles from Athena the team became frightened and all occupants were unable to control them. They had not run far when a trace came down and the buggy and three boys were left by the roadside with the buggy upside down. The other boys were shaken up but Payne is carrying his arm in a sling. He will be unable to take part in basketball for some time and his loss will be keenly felt as he is center and captain of the team and one of the best players.

"ANURIC!" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pain and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or send 10 cents to Dr. Pierce for a large trial package. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

Note:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original Little Liver Pills. One little Pellet for a laxative—three for a cathartic.
