NICARAGUA IS EXPECTED TO HOLD TO TREATY

WASHINGTON, D. C., Nov. 21.—Apparently the Nicaragua treaty controversy is still an issue, although the United States has been officially declared "not a party" to the Central American Court of Justice, formed in Washington in 1907 under the auspices of the United States and which has recently decided against Nicaragua in cases brought before the court by other Central American republics in protest of Nicaragua's right to conclude the treaty with the United States without their consent. The American Peace Society, through its secretary, Arthur Derrin Hall, has issued a statement to the effect that the United States should recognize the validity of the court by accepting the decrees which it issues. The difficulty immediately to be faced is as to the existence of the court if Nicaragua refuses to be bound by its decisions, as Nicaragua is considered to be likely to do if she has the backing of the United States in sticking to the treaty.

Nicaragua is considered likely to hold to the treaty because there is \$3,000,000 for that republic in it as payment for a perpetual option to the United States on the Nicaraguan interoceanic canal route and for 99 years' lease of site for a naval station in the Gulf of Fonseca. Further than this, the new president of Nicaragua, General Chamorro, was minister of Nicaragua to Washington while the treaty was being put through, and is known to be favorable to it, and because of this attitude to have been favored for the presidency of Nicaragua by the United States. It is said that, without the influence of the United States, he would quite likely have failed of election. Salvador, Costa Rica and Honduras all are involved in the cases against Nicaragua's right to carry out the treaty provisions, and, so far as the court has gone to date, all the cases seem to be going against Nicaragua.

permit to repair the building and put in a basement. The improvements will cost about \$1000. G. I. Ladlow, who has resumed contracting since retiring from the mercantile business, has the contract.

Catholics to Hold Bazaar.

A grand bazaar will be held by the ladies of the Catholic church in the St. George annex on Thursday, Friday and Saturday of this week. Besides conducting booths at which will be sold many Christmas articles the ladies will serve a merchants' lunch every day from 11 until 2. The bazaar funds will go for the purpose of aiding in the construction of the new church.

To Visit County Lodges.

After having made an official visit to the Pendleton Knights of Pythias last evening, Grand Chancellor Warriman and W. G. Gleason, grand keeper of records and seal, will be at Milton this evening to visit the lodge at that place. Tomorrow evening the Weston lodge will be visited and on Thursday evening a visit will be made to the lodge at Athena. Pythians from Adams and Helix will join in the meeting at Athena. Hermiton lodge will be visited on Friday. A number of local Knights will make the trip to Milton tonight in company with the grand lodge officers.

WE MUST ADD \$175 TO THE HUDSON SUPER-SIX on next December 1st

Here is an issue which we can't evade. So we meet it fairly and frankly, but give you this advance warning. Every Super-Six will be sold at present prices while they last. If you can get one, get it.

The Super-Six of the present series is built from materials contracted last year. There are only 3500 more to go out, including open cars and enclosed cars. And part of them are sold.

The next production—starting December 1—will be like the present models. The changes, if any, will be only minor refinements. But materials for that series were contracted this year, and at prices enormously advanced.

So the cars now in process are the only Super-Sixes we can deliver at the present Hudson prices. The advance will be \$175 per car.

NEXT YEAR'S RULING CAR.

Next year, as this year, the Hudson Super-Six is certain to hold its supremacy. The Super-Six is controlled by our patents—the motor which added 80 per cent to efficiency. So other cars can't use it.
