### KILLED BY OWN CAR CARRYING MOURNERS TO FRIEND'S FUNERAL

PUEBLO, Nov. 25.—Two funerals where only one was planned resulted from fatal injuries received Sunday by Caria Villani, a rancher when he was attending the last rites of a friend.

Villani alighted from his automobile to crank the engine, which had become stalled. He forgot to release the clutch. When the engine started the automobile did likewise. It was heavily loaded with mourners, and two of the wheels passed over Villani's body, crushing four ribs, dislocating a hip and wrenching a shoulder. He was removed to a hospital where he died yesterday.

Now that Miss Law is winning aerial renown mere man is beginning to congratulate himself that it was the Wright brothers and not the Wright sister who invented flying. However, it is a matter of history that the Wright sister helped her brothers a lot.

### The Eyes Have It

PAULINE FREDERICK, FAMOUS PLAYERS STAR IN PARAMOUNT PICTURES.

Without personality the shadow is cold; the figure on the screen is but a moving bit of shadow—ethereal unreal. Though the outline be perfect; though the line of face and body be beautiful in their perfection, unless there burns that light of personality in a flame which now flares, now sputters, now dims and now brightens in the eyes, the interest of the spectator is not held, swayed and moved.

Putting it to vote before twenty-five million photoplay fans the unanimous reply will be, the "eyes" have it.
