Daily Chats With the Housewife

VEGETABLE SOUP (WITHOUT STOCK)

Two large carrots, 1 large parsnip, 1 small turnip, 2 onions, 1-2 green pepper (having first carefully removed seeds with a vegetable knife), 3 large stalks celery, 3 or 4 sprigs parsley, 1 large cabbage leaf. Roll cabbage leaf and onions 3 minutes, and drain before chopping. Put all these vegetables through a meat chopper, cover with 2 quarts of water, and boil 2 hours. Then add 3 good sized tomatoes (or 1-4 can of canned tomatoes), 1 tablespoon butter, 1-2 teaspoon baking soda, 4 tablespoons olive oil, and boil 2 hours longer. This soup is always better when warmed over.

TO REMOVE GUM.

In the event of your finding a bit of gum stuck fast to your coat or gown, rub it gently with gasoline and the stuff will be quickly removed.

THE COLOR SCHEMES OF A PAINTER.

A famous portrait painter gives the following color schemes as being best suited to various types of women:
Brunettes, with clear skin and color in their cheeks, red, yellow, orange, olive and russet.
Blondes, with clear skin and bright eyes, blues, greens and mauves. A fresh complexion blonde looks especially well in green. Pale skin blondes look well in purple. For young girls, nothing is prettier than pink. The colors that suit everybody are white, gray and black. Two-color combinations that are good: Black and warm brown, violet and pale green, chocolate and bright, deep red and gray, deep blue and pink, claret and buff. Three color combinations that are good: red, blue and orange; orange, black and light blue; light salmon, dark green and scarlet; brown, light orange and purple; crimson lake, greenish yellow and black.

TO MEND A RAINCOAT.

A raincoat may be mended easily and in a few minutes in the following way, writes a reader of The Christian Science Monitor: Place the garment wrong side up on any smooth surface, such as the edge of a table. Bring the torn edges carefully and closely together with the hands; then firmly seal the same with a strip of adhesive tape. The garment may be used immediately and the rent will not be noticeable.

LEATHER SKATING SUITS.

Skating costumes promise to be more carefully planned this year than they have for some seasons past. Hipp-length leather skating jackets are shown, one of Russian green suede, with a belt and patch pockets, being especially pretty.

KEEPING SANDWICHES.

It's often necessary. They must be made up early. And they dry and curl so soon. Yet they are very easily kept good. They should be placed in an earthen receptacle.

HANDY WRITING PAD.

Here is a handy suggestion for a Christmas gift which should be highly appreciated, for the gift will do for either a man or a woman. A portable writing pad will prove quite useful to the person who has no writing desk in her room, and will be more than valuable to the transient person. The beauty about this particular writing pad is that it can be easily made by the amateur.

First of all cut a fifteen inch circle from stiff cardboard. Cut the circle in half, laying the halves about an inch apart, the straight or diameter edges facing each other. Now cover each half with two circular pieces of retone or denim. You see, the space between the cut edges will make it possible to fold the pad. The creases or denim can be pasted to the pasteboard semicircles or their edges can be whipped together. It will be necessary to stitch the material along the straight edges of the half circles so that the pasteboard will not slip. On the inside of each semicircle stitch material to form pockets for envelopes, writing paper, stamps and an address book. Little pieces of tape could also be supplied to hold a pen and a pencil.

NEW FRUIT CUP.

A very nice chilled fruit cup for the informal luncheon is made of oranges with mint leaves. Separate the oranges into sections, peel and cut them up as for sliced oranges. Cover these with a dressing of olive oil, lemon juice and mint leaves, finely chopped up. Leave standing in the ice chest for an hour or two before serving. Place in individual fruit cups and garnish with green maraschino cherries.

SUN YOUR DISHCLOTH.

Sun your dishcloth whenever possible and boil it in soda water at least once a week.

PEPPERS INSTEAD OF ONIONS.

Another mode of using peppers is to slice and fry them as an accompaniment to steak, or the peppers may be fried and then creamed. A most delicate flavor is given to ordinary vegetable soups by adding a few strips of green pepper.

NUT SALAD.

Cut up in small pieces a small bunch of celery, 1-2 pound of apples, 1 pound of English walnuts, chopped, 1-2 pound of white grapes, and 1 pound of candied cherries. Cut each cherry in two, seed the grapes, and pour over it mayonnaise. Just before serving, pour over the whole a cup of whipped cream. This will make enough salad for 30 people.

YORKSHIRE PUDDING.

Mix 1 pint of milk very carefully with 1 cup of flour, so as to avoid lumps, then add two well beaten eggs. Bake in a pan under a roast of meat. Serve with brown gravy.

NEWSY NOTES FROM THE WESTON COUNTRY

(East Oregonian Special.)
WESTON, Nov. 25.—E. M. Smith, cashier of the Weston bank, made a business trip to Pendleton Monday.
A. L. Thoroughman of Spokane, presiding elder of the Methodist church, preached in Weston Sunday morning and evening.

FORMER QUEEN OF HAWAII DYING

SAN FRANCISCO, Nov. 24.—The death of former Queen Liliuokalani of Hawaii, who abdicated the throne in 1893, is expected any moment, according to advices received here from Honolulu. The former queen was compelled to abdicate when S. B. Dole established a republic in Hawaii. For many years she besieged Washington

seeking to be replaced upon the throne. Finally the Hawaiian legislature voted her an income of \$4000 a year and a residence in Honolulu. Queen Liliuokalani was the author of a number of books about her native land, and wrote hundreds of Hawaiian songs, many of which became immensely popular in this country.

W. A. Barnes made a business trip to Walla Walla Monday. James Kirkpatrick, Jr., spent Monday in Pendleton.
Born, Sunday, Nov. 19, to the wife of John York, a daughter.
Revival meetings are in progress at the United Brethren church, Rev. M. D. Armstrong has charge.
James Ross has sold his farm to Sim J. Cully for one hundred and fifty-five dollars per acre. He will remain until spring.
On Monday evening, November 20, the Bachelor Girls' Club gave Miss Gladys Banister a miscellaneous shower, at which twenty-one members and guests were present. The bride-to-be received many useful and appropriate gifts.
The body of Mrs. Jack Lutz was shipped from La Grande to Weston for burial Friday. She formerly lived in Weston for a number of years.
Mrs. Harriet Mosier has gone to Heppner, Oregon, where she will visit her daughter, Mrs. John Edwards, where she will spend the winter.

Now Lookout.
When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere.—Adv.

UNIMPEACHABLE—If you were to see the unequalled volume of unimpeachable testimony in favor of Hood's Sarsaparilla, you would upbraid yourself for so long delaying to take this effective medicine for that blood disease from which you are suffering.—Adv.

JUDGE HELPS AGAIN ELECTED TO OFFICE
ANCESTOR OF THE GINGKO TREE
Among the fossils found in North Dakota is what appears to have been the immediate ancestor of the celebrated gingko or maidenhair tree of China and Japan. The geologic history of the gingko is in many ways more wonderful than that of any other tree now living. This strange tree

Henry Zimmerman, better known as "Bennie" Zimmerman, is taking baseball much more seriously now than he is indicated with the manager he always wanted to play under, and

YOU'RE BILIOUS! LET "CASCAETS" LIVE LIVER AND BOWELS
DON'T STAY HEADACHE, CONSTIPATED, SICK WITH BAD BREATH AND STOMACH ACH SORE.
Get a 10-cent box now.
You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are nervous, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.
Are you keeping your bowels clean with Cascaets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?
Cascaets work while you sleep; cleanse the stomach, remove the acid, undigested, fermenting food and fecal gases; take the excess bile from the liver and carry out of the system all poison in the bowels.
A Cascaet tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascaets because they taste good—never gripe or sicken.
with a club that it was his greatest ambition to be a member of. "Hobbes" too, will play ball under McGraw and as a giant better than he ever did before as his great work last season; after he joined the New York club, indicated.
Opera is a grand institution, but it is well to keep it in the auditorium. Imagine what life would be like if the street car conductors undertook to sing when announcing the streets!

Lexington, Oregon.

ANALYSIS OF ROCKS.
What the Geological Survey Can Do With Your Specimens.
The question is frequently asked of the United States Geological Survey Department of the Interior, "What is the difference between an assay, an analysis and an expert examination of a specimen of rock or mineral—such a specimen as may be sent to the geological survey by anyone who has found a valuable mineral?"

HAVE COLOR IN YOUR CHEEKS
Be Better Looking—Take Olive Tablets
If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.
To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.
They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

Most of the Survey's correspondents ask for assays of their specimens, others ask for analyses, and few appear to distinguish between the two. The geological survey can make neither an assay nor an analysis for private parties; it can, however, make a visual inspection of a specimen, or it can make a simple chemical test to determine whether the specimen contains a commercial amount of some valuable mineral, such as potash. Ninety nine out of every hundred specimens submitted to the survey are found to be commercially valueless. Such an inspection, or test, however, is widely different from an analysis. A complete analysis of a rock that is composed of many different minerals may require the more or less continual attention of a chemist for a month or six weeks, and such work is done by the survey only in connection with its own scientific investigations. An assay, on the other hand, is usually a fire test made to determine the exact metal content of an ore specimen. The geological survey makes no assays for private parties.
The survey has recently reprinted its Bulletin 423, by W. F. Hillebrand, entitled "The Analyses of Silicate and Carbonate Rocks." This is a revision of Bulletin 305, which was so highly valued in Germany that it was there translated and republished. It contains a detailed description of the analytical methods employed in the laboratory of United States Geological Survey and represents the experience gained in the analysis of more than a thousand igneous rocks alone. These analyses have been carried to a degree of completeness previously unknown, by methods that have been carefully tested and proved, some of them devised in the survey.
A copy of the bulletin No. 423 may be obtained on application to the Director of the Geological Survey, Washington, D. C.

Sloan's Liniment for Neuralgia Aches
The dull throb of neuralgia is quickly relieved by Sloan's Liniment the universal remedy for pain. Easy to apply; it quickly penetrates without rubbing and soothes the sore muscles. Cleaner and more promptly effective than musky plasters or ointment; does not stain the skin or clog the pores. For stiff muscles, chronic rheumatism, gout, lumbago, sprains and strains it gives quick relief. Sloan's Liniment reduces the pain and inflammation in insect bites, bruises, bumps and other minor injuries to children. Get a bottle today at your druggist, 25c.—Adv.

WILSON'S CALIFORNIA PLURALITY MAY BE 6000
SACRAMENTO, Nov. 27.—Two democratic representatives watching the official count declared Wilson's plurality will be 5017. Secretary Jordan said no final official figures will be available before next week.

Young people need clear complexions
If you find yourself "left out" because of a poor skin, and want a clear, fresh complexion, use **Resinol Soap**
at least once a day. Wash thoroughly with a warm, creamy lather of it, then rinse the face with plenty of cold water.
It does not often take many days of such regular care with Resinol Soap to show an improvement, because the Resinol medication soothes and refreshes the skin, while the perfectly pure soap is cleansing it.
Resinol Soap and Ointment heal eczema and similar skin-eruptions and usually stop itching instantly.

MRS. DREXEL SEEKING WRIT IN ALIMONY CASE

MRS. ANTHONY J. DREXEL. PHOTO BY ARNOLD DEPOSE.

LONDON, Nov. 25.—An echo of the famous separation agreement between Anthony J. Drexel and his wife was heard in Chancery court when attorneys for Mrs. Drexel appeared seeking an injunction to restrain Mr. Drexel from serving his wife with papers in an action in the French courts to obtain money which the British courts recently ruled belonged to Mrs. Drexel.
