25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

SAVE YOUR HAIR! MAKE IT THICK, WAVY AND BEAUTIFUL—TRY THIS.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a fine, downy hair—new hair—growing all over the scalp.

WILSON'S MESSAGE BRIEF.

Advices Congress as to New Legislation in 2000 Words.

WASHINGTON, Dec. 1.—President Wilson's annual message to congress, now in the printer's hands, contains about 2000 words, and is among the shortest documents of its kind on record. It points out that the reports of government departments will be made before congress separately, and that, therefore, their details are not discussed.

The president emphasizes the uncompleted legislation on railroads, suggested by him at the last session to meet the threatened strike, as the most pressing problem facing congress. He then goes on to a general discussion of other domestic problems.

AGAIN let us remind you, —your friends can buy any thing you can give them except your photograph. If you have your portrait made right, both in lighting and composition, you will realize the greater pleasure in the giving of it to your friends as a Christmas token.

UMAPINE RANCHERS ARE EAGER FOR BRANCH LINE

Enthusiastic Mass Meeting Held in Grange Hall Friday Afternoon.

(East Oregonian Special.)

UMAPINE, Ore., Nov. 30.—That the ranchers of the Hudson Bay vicinity are enthusiastic over the prospects of a branch line of the O.-W. R. & N. Co., to be built by the above company from Barrett siding to this place was manifested last Friday afternoon when the mass meeting of about 75 representative farmers met in the Grange hall. R. H. Wellman was chosen chairman of the meeting and R. E. Bean secretary-treasurer. Speeches were made by R. H. Wellman, John Kelly, R. E. Bean, and others enumerating the many advantages of a branch line to this district. All the farmers present gave the amount of tonnage raised by each together with the number of livestock, fuel, etc., used each year. When the entire data has been secured the secretary will compile the aggregate and the figures will be presented to the officials of the railroad for action. Considerable surprise is evinced over the amount of tonnage already turned in, and when the figures are completed it is hoped the petition will be granted by the railroad.

Herman Handlon narrowly escaped serious injury on Monday by being thrown off a load of baled hay that he was hauling. In crossing a small ditch the swing of the wagon and the high load threw him to the ground where he struck on his head and shoulders. He was quite badly bruised but will be able to resume his duties in a few days.

Mr. and Mrs. A. H. Zentner of Walla, Walla, spent Sunday the guests of Mr. and Mrs. R. E. Bean.

Bert Hodgen and Ileen Krumbach are victims of chickenpox this week. Roy Phillip of Early, Ore., is visiting his sister, Mrs. Guy Young until after Thanksgiving.

PAULINE FREDERICK, FAMOUS PLAYERS STAR IN PARAMOUNT PICTURES.

"I'd just love to be in motion pictures." That has been the cry and ambition of millions of people, believing in their hearts that it is the easiest position they could possibly aim for. But they are wrong. It's work, and hard work, from early in the morning until late at night. Work that so fatigues one that there is little wonderment that Pauline Frederick would appear to be exhausted after the day's toil. On this occasion she began long before seven o'clock and was in the studio until three o'clock the following morning.

DIDN'T KNOW OF WAR TILL SHE TRIED TO RETURN TO GERMANY

Woman, in America 17 Years, Goes From Indianapolis to Baltimore to Buy Her Passage to Europe.

BALTIMORE, Nov. 30.—Mrs. Lena Koble came to Baltimore from Indianapolis and asked a policeman to direct her to the office of the North German Lloyd Steamship Co. She said she wanted to return to Germany to live on her savings.

She was taken back when told that there were no steamers sailing to Germany and asked the reason. "On account of the war," she was told. "What war?" she asked.

Miss Koble explained that for the 17 years she has been in this country she had lived with a family in Indianapolis who paid her \$2 a month and kept all reading matter from her. She saved \$462. She will go into service here at a more modern wage.

TEUTONIC SONS OF AMERICA CONGRATULATE PRESIDENT

Assure Him They Are as Loyal Citizens as Those Who Gave Nation Birth During Revolution.

CHICAGO, Dec. 1.—G. F. Hummel, president of the Teutonic Sons of America, today sent to President Wilson a resolution adopted by the national council in session here congratulating him on his re-election and expressing best wishes for the future.

The president is urged to use his influence to aid in ending the war in Europe as speedily as possible.

The resolutions also declare that the organization reserves "the right to criticize and oppose any American act" of the president's administration, but assures him that it consists of the same loyal citizen as those who shed their blood to help give birth to the nation.

Best wishes were also extended to Mrs. Wilson in the resolutions.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Brest Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

TAKE "CASCARETS" IF HEADACHY, BILIOUS, AND CONSTIPATED

BEST FOR LIVER AND BOWELS, BAD BREATH, BAD COLDS, SOUR STOMACH.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestine, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Once in a while you meet a man who thinks original thoughts.

Europe is beginning to have an eye to the saving of the pieces.
