BARE FEET MAY SOON BE A POPULOR VOGUE

Constantly Soaring Price of Shoe Leather is Reflected in Cost of Footgear—Many Tricks Resorted to to Cut Prices.

Wooden shoes or even bare feet may become vogue soon if the price of shoe leather keeps soaring, and predictions are that the altitude flight has the sky as the limit.

Shoe dealers have recently been warned that shoe prices are climbing steadily. To keep prices down, cloth tops are being used for many shoes. The difficulty of securing hides is said to be the chief cause of the rapid advances, and local hide merchants are showing a keen activity.

The following telegram, recently sent out by C. H. Baker, operator of a string of shoe stores up and down the coast, from New York to his store managers, suffices to indicate the gravity of the situation:

"Prices are advancing rapidly and it is going to be impossible for me to buy any shoes to retail at \$5 a pair, unless we put cloth tops on them, which I am forced to do. We are compelled to advance prices on re-orders from \$10 to \$12 in both men's and women's shoes. Eastern dealers are forced to get as high as \$20 to \$25 for fancy shoes. There seems to be no relief in sight."

Factory Closes, Salesmen Quit. The scarcity of leather in the United States is indicated by the fact that the Blumenthal factory, reputed to be the largest in the world, was closed during the month of October owing to its inability to get hides.

Shoe salesmen are emptying their trunks and returning to their homes because they are unable to show desired lines at popular prices. Many of them are quitting because they are unable to get any shoes at all to sell.

"STANDS FOR HER RIGHTS" IN A PHONE HOLE

Brooklyn Woman and Her Husband Defeat Company Diggers.

NEW YORK, Dec. 11.—For more than two hours Mrs. Franklin Storey of No. 122 Hendrix street, Brooklyn, defied six men to place a telegraph pole in front of her home. An injunction had been obtained to prevent the work, and yesterday when men of the Edison company arrived in front of Mrs. Storey's home she warned them.

But they dug a hole, so Mrs. Storey, after phoning to her husband, went out and stood in the hole. The men could not place the pole in position.

They started a second hole, but just as they were about to place the pole in it, Mr. Storey arrived. He sat on the edge of it with his legs inside. Then policemen came. Sergeant Kerwin called up the bureau of highway and was told an injunction had been granted. Then he ordered the diggers to fill up the holes and go. That was done.

"The only way to get your rights is to stand up for them," said Mrs. Storey.

Paint from slaughter, Mrs. is now wielding his cleaver mechanically.

Cleero made puns it is true, but he had the good sense to make them in Latin.

QUIMET MAY COMPETE AS AMATEUR IN 1917.

NEW YORK, Dec. 11.—Friends and supporters of Francis Quimet, the golf wonder, are gathering to the standards, and it is certain that the biggest sort of a battle will be fought to have him reinstated as an amateur at the meeting of the United States Golf Association next month. It is said that it may be considered reasonably certain that Quimet will compete as an amateur in 1917. Quimet had been barred since he went into the sporting goods business for himself.

Thousands of Families Rely On This Kidney Remedy

About nine years ago the doctor had given me up saying I had kidney trouble, enlargement of the liver and stomach trouble; that there was no medicine for me that he knew of that would help me and hearing of Dr. Kilmer's Swamp-Root I bought one fifty cent bottle which did me so much good I bought six one-dollar bottles. After taking this amount of Swamp-Root I was completely cured and have not consulted a physician since and am doing my own work every day. When I feel any of the old symptoms coming on I go back to my old friend Swamp-Root which immediately gives me relief.

Very truly yours,
MRS. J. J. WEIDENTHALER.

Grand Island, Neb.
Personally appeared before me this 8th day of October, 1916, Mrs. J. J. Weidenthaler, who subscribed to the above statement and made oath that the same is true in substance and in fact.

WHERE IS THE MOTHER with a child who is run down, has pale cheeks or thin blood, who will hesitate to give that child the very thing it needs to start it growing and keep it going?

For over forty years the concentrated liquid-food in Scott's Emulsion has been changing thinness to plumpness—changing poor blood to rich blood.

There is nothing better for growing children—whether they are weak or well—than Scott's Emulsion, but see that you get the genuine Scott's.

NEUTRAL LEAGUE URGED BY BARRA

Former Provisional President of Mexico Speaks Before French Deputies.

LYONS, France, Dec. 12.—An urgent appeal to neutral nations for the formation of a league of neutral states was made here by Francisco de la Barra, former provisional president of Mexico. He spoke at a meeting in conjunction with "Latin-American Week," organized by the parliamentary committee of the chamber of deputies, and was enthusiastically received.

Senor de Barra pointed out the benefits which would result from such an organization and declared the country which would take the initiative would serve well the cause of justice and progress.

"From this assembly," he said, "Justice would come forth stronger, deserving more respect, and the horrors of war would be notably reduced. How many lives could be spared; how many interests guaranteed; but, especially, how many principles would be affirmed which represent conquest by civilization."

We would have fewer regrets if people didn't find them out.
