MEN PAST 45 ARE MAKING GOOD ON JOBS OF YOUTH IN CHICAGO

CHICAGO, Dec. 16.—Thirty-seven unemployed "old men" long past the deadline of 45 years are in positions offered by four business firms here today—and all are making good. It is the first day of actual operation of the organization recently perfected by Chicago philanthropists and business men to furnish employment for the man under the "ban." The instantaneous success of the plan has opened the door of hope to thousands of other "old men" who have been victims of the universal belief that youth must be served. Reports from the business houses which were the first actually to put the "old men" to work uniformly stated that the thirty-seven men were doing the same work as the younger employes and doing it equally as well. Benjamin J. Rosenthal, announcing the membership of the committee, said: "This is a move to restore men who have been barred from a living by modern business, which has erected an impassable deadline at 45 years. The judgment of these older men is good and they shall not be cast aside."

ASKS SECOND WIFE FOR "RECOMMEND" TO THIRD

This Proves Pursell's Undoing, as He is Sentenced to Prison for Bigamy.

NEW YORK, Dec. 14.—If Henry N. Pursell, who used to live in Egg Harbor, N. J., had not asked his second wife to recommend him as a good husband for a third, he might still be plying his trade of electrician instead of facing a four-year term in state prison. Pursell has a brother who is a lawyer in Philadelphia.
He married Miss Kate Danziger of Monroe, N. Y. in 1910, with whom he lived four years. Two children were born to them. He deserted his family while living on East Eighty-fourth street, and Sept. 15, 1915, married Miss Mary Quinn, who lives just around the corner, at No. 1381 Third avenue.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet how very easy if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexion are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.
