How to Get a Low-Priced Piano of Dependable Quality

THE HOWARD PIANO is made by the House of Baldwin. These manufacturers produce only instruments which they are willing to guarantee. They make no inferior pianos for special cut price selling. They produce every part of every instrument, paying no profit to the manufacturers of separate parts. Their capacity of 30,000 pianos per year insures the economy of quantity production. Their selling of pianos direct to homes through their factory representatives cuts cost to rock bottom. We are one of these direct factory representatives. In the Howard Piano we can give you more actual piano value at the price than you have ever hoped to secure. Come in and try the Howard.

Ambassador Sato expressed this sentiment at a dinner of the Japanese Society at New York, held in his honor. He was answered by cheers and shouts of "Ban-Asia!"

WATERY PIMPLES ON MY FACE

Developed into Hard Pimples. Large and Irritated. Face Was in an Awful Condition.

HEALED BY CUTICURA SOAP AND OINTMENT

"I first noticed watery pimples on my face which began to develop into hard pimples, and they would disappear into the skin and would then have marks upon my face. The pimples were large and running water all the time and they festered and irritated. My face was in an awful condition.

"I ran across a Cuticura Soap and Ointment advertisement in a magazine so I tried it. I first bathed my face with Cuticura Soap and then spread the Ointment on and in about a week's time they disappeared altogether and I was entirely well."

VICTIM SANDBAGGED; ROBBED.
Binkley, Known in Spokane, Attacked at Priest River.
PRIEST RIVER, Idaho, Dec. 15.—R. T. Binkley, formerly of Dayton, Ohio, was sandbagged and robbed Sunday night by two unknown thugs, who left him lying unconscious in the snow after taking his watch, \$30 in cash and a \$300 check.
He has been in Priest river for two weeks, visiting his uncle, William Binkley and family. The highwaymen were evidently in hiding behind the stable door, as the last he remembers is having felt a blow on the back of the neck which rendered him unconscious as he emerged from the barn.
Walter Binkley, his cousin, who is keeper of the town's bloodhounds, took the dogs to the scene of the robbery at once, where he found the tracks of the two men leading from the place. Owing to the fact that the thugs had taken the precaution to use
