

SOCIAL AND PERSONAL

The spirit of Christmas as typified in lovely holiday decorations held full sway at the charmingly appointed dancing party for which Mrs. J. V. Tallman, Mrs. J. N. Burgess, Mrs. Greulich, Mrs. George Pefferger, Mrs. George Pell and Mrs. W. E. Brock were hostesses last evening in Eastwoodman hall. A gleaming Christmas tree, laden with bright ornaments, occupied the center of the floor, while suspended from the chandelier were graceful loops of bright red bells mingled with fir boughs. Tall baskets filled with brilliant poinsettias and lovely holly wreaths further enhanced the pretty effect. A punch bowl was stationed in one corner of the room and on the balcony coffee and sandwiches were served. There were a large number of guests in attendance and dancing was enjoyed until a late hour.

Preceding the dancing party last evening, Mr. and Mrs. James H. Sturges presided at a beautifully appointed dinner party at their home on Washington street. A bowl of poinsettias resting on a bank of holly formed the center attraction of the table, covers being laid for eight.

BORAH OPPOSES ENDORSING NOTE

WASHINGTON, Dec. 21.—Senator Hitchcock of Nebraska offered a resolution endorsing President Wilson's note. He asked immediate consideration. Borah opposed. He declared while the president had manifested the best intentions the senate should withhold its verdict. He suggested a better peace plan may materialize later.

WASHINGTON, Dec. 21.—Representative Kahn, of California, was in session with the house military committee when he received word of Lansing's explanation of Wilson's note. He jumped to his feet and cried dramatically, "Gentlemen, make haste. Our country is on the crest of a volcano."

HARRED COUNTRY'S FOES FROM SHIARE IN CHARITY

Mrs. Orr's Will Forbade a Penny to Be Given to German, Austrian, Bulgar or Turk.

TORONTO, Ont., Dec. 21.—In disposing of \$261,599 for "purposes of uplift," Miss Mary Helen Orr in her will directs that no German, Austrian, Bulgar or Turk shall share in her benefactions.

Miss Orr, a native of Bobcaygeon, Ont., left that town \$10,000. Other bequests are: \$10,000 to the Mother Christian Science church of Boston, "to be used in spreading the truth"; \$10,000 to those building Christian Science churches; \$10,000 to "those who are endeavoring to uplift the needy in Chicago," and \$10,000 "for any uplifting purposes" among her kin.

The high court of probate will be asked to say how the extraordinary provision of disseminating her charity in polyglot America without having a penny benefit natives of enemy nations of Great Britain is to be carried out.

EXCHANGE PRICES SLUMP AFTER LANSING'S TALK

NEW YORK, Dec. 21.—Stock exchange prices crashed following Lansing's explanation of the president's note. Despite the support of the big banking interests three million, a hundred and seventy five thousand shares were dumped. It was the wildest day since the Northern Pacific panic of nineteen hundred and one.

LUTHER BURBANK TO WED HIS SECRETARY

Famous Scientist Will Take As Bride Miss Elizabeth Waters; Ceremony This Afternoon.

SANTA ROSA, Dec. 21.—Luther Burbank, famous plant wizard, will be married in San Francisco this afternoon to Miss Elizabeth Waters, who has been his private secretary for two

years. Details of the arrangements for the ceremony could not be learned, but it was reported that Rev. Ernest Bradley, of St. John's Episcopal church, San Francisco, would officiate.

Burbank, who is 65 years old, was married at one time, it is said, though few knew it.

Two years ago Burbank and Miss Waters met in New York, where she was employed by the publishers of Burbank's books. Their romance is said to have been fostered not only by the personal equation and her interest in his work, but by their common interest in matters of physical research. So Burbank induced her to come here as his secretary.

Miss Waters' parents live at Hastings, Mich., and she has a married sister in Oakland.

Probably no other Californian has attained quite the fame of Luther Burbank, whose birthday, March 7, is celebrated by the state's school children as Arbor day.

The New Series FRANKLIN CAR

Is the Ideal Winter Car

It is so light and powerful and so very flexible that the muddy, snowy roads do not hinder it in the performance of its "every day in the year service."

The new side curtain arrangement,—opening and closing with each door,—make the car a real comfort for winter driving.

The entire absence of any water to freeze gets you away from the drudgery of cold weather motoring. Saves you the expense of frozen cylinders, radiators, pumps, pipes, etc. At one stroke it eliminates the 177 useless parts of the average water-cooling system.

For summer driving you will find fully as great advantages in the absence of radiator and overheating troubles.
